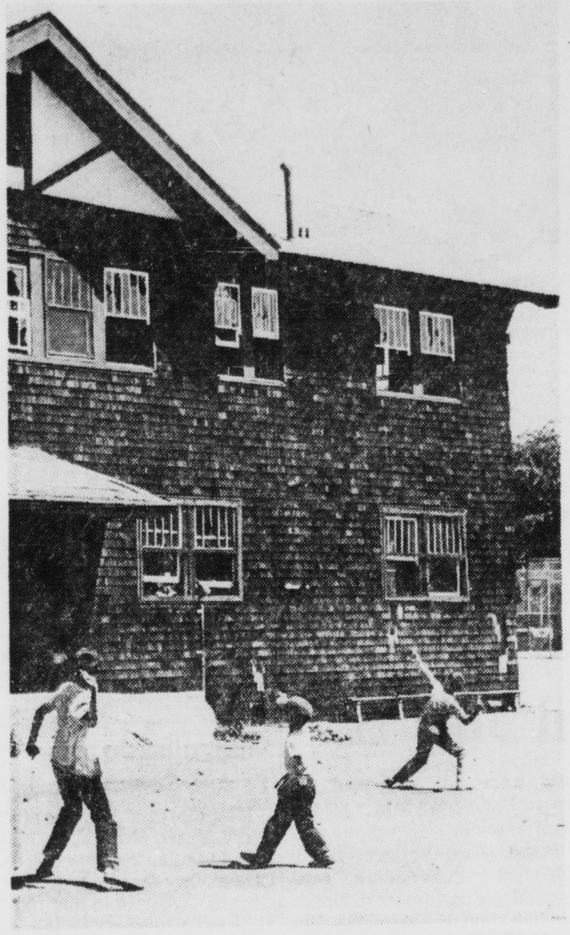
Ike Visit To Japan Canceled; Defense Pact Still In Danger



WHAT A WAY TO START VACATION!

St. Anselm's School in San Anselmo closed its doors for the summer yesterday, and today some of the pupils were busy knocking the windows out of the gymnasium building. Nobody minded much, though, for on the opposite side of the building, a demolition crew was at work, reducing the structure in preparation for a new building program. So Johnny and Billy and Pete "helped out" by practicing their rock-throwing accuracy.

Expert Says Trains Below Span 'Feasible'

Engineer Would Require Slight Structure Change

A suspension bridge expert, hired to answer the question of whether it is "feasible and practicable" for trains to run beneath the Golden Gate Bridge, gave his answer today: It is.

Dr. David B. Steinman, New York engineer, gave the answer to directors of the Bay Area Rapid Transit District in a report presented at a meeting in San Francisco this afternoon.

SOME REBUILDING

Only slight revision in the bridge structure would be necessary, said Steinman. The additional weight required for tracks to carry rapid transit cars would be negligible.

The job would cost $8,700,000, he estimated, aside from the tracks themselves and electrical installations. Keneth M. Hoover, rapid transit district engineer, said this agreed approximately with his estimate of 15 million dollars over-all cost.

Steinman was hired in January to make a study of the feasibility of adding rails to the bridge. His name was one of three submitted by the rapid transit district board to the Golden Gate Bridge and Highway District board.

NOT BINDING

The latter group said any of the three experts would be acceptable — but declared in advance it was not binding itself to accept the findings.

The report presented today completes the study except for aerodyamics tests on a section model of the bridge. They are still under way by Prof. F. B. Farquharson of the University of Washington and George S. Vincent of the U.S. Bureau of Public Boards. A separate report on the results of those tests is to be submitted next month.

Steinman's conclusions, as presented today:

1. "The proposed addition of facilities to accommodate two tracks of conventionally supported rapid transit on the suspension spans of the Golden Gate Bridge is feasible and practicable."

2. Best location of the tracks would be under the center of the auto deck, atop the longitudinal reinforcing struts.

3. Reconstruction necessary "would be limited to the exist-

President Sails For Formosa

MANILA (AP) — President Eisenhower wound up his visit here tonight by pledging the United States to defend the Philippines instantly against any armed attack. The promise scored a diplomatic success to match his personal triumph.

Along with gratitude for Eisenhower's affectionate welcome here, his aides displayed relief at cancellation of his trip to Japan.

AID PLEDGED

In a final communique with President Carlos P. Garcia, Eisenhower pledged that any attack on this forme American colony "would be instantly repelled."

The president continued to be the object of popular acclaim and affection unconcerned about cancellation of his Japanese visit.

The trip had been planned to start Sunday. White House press secretary James C. Hagerty said Eisenhower's schedule will be revised aboard the cruiser St. Paul as the presidental party heads for Formosa.

DUE SATURDAY

He is due in the Nationalist Chinese island stronghold Saturday.

Filipinos turned out in a light rain to cheer Eisenhower again as he left Manila aboard a Navy launch that took him to the St. Paul, flagship of the U. S. Seventh Fleet, for the trip to Formosa.

In a brief, impromptu departure statement, Eisenhower made no mention of the canceled Japan trip.

'FRIENDLY PEOPLE'

He told Filipinos that he had found a "friendly government and a friendly people" who stood with the nations of the free world.

In Seoul, South Korea, the government invited the president to advance his visit to South Korea by coming here Sunday in view of the cancellation of the Japanese visit. He had been scheduled to go to Korea after visiting Japan.

VISIT OFF—Japanese Prime Minister Nobusuke Kishi tells newsmen in Tokyo of the decision to ask President Eisenhower to postpone his visit. (AP Wirephoto)

Screaming Leftists Demand Kishi Quit

TOKYO (AP)—President Eisenhower's goodwill visit to Japan was canceled today under the threat of Communist violence. The U. S. - Japanese defense treaty still was in danger.

The pact becomes law automatically Sunday unless Prime Minister Nobusuke Kishi can be forced to dissolve Parliament before then. The Communist-led mobs have two more days in which to try to bring about the downfall of the Kishi government and void the treaty.

In announcing the Eisenhower trip is off, Kishi told reporters: "Even if there is the slightest bit of doubt about the President's safety in Japan, it makes it inappropriate for him to visit at this time."

IKE AGREES

Eisenhower, in Manila, regretfully agreed. Like Kishi, he blamed Tokyo's left-wing turmoil on a small group of Communist agitators.

Even as Kishi urged Japan to fight Communist mob violence, thousands of left-wing demonstrators marched outside his official residence, screaming for the U. S. - aligned cabinet to resign.

Zengakuren, the fanatical Marxist student organization which staged the most violent of Tokyo's five weeks of demonstrations, issued a statement claiming credit for cancellation of Eisenhower's visit.

THREATEN STRIKE

Zengakuren leaders threatened "unlimited strikes and daily demonstrations until Kishi and U. S. - Japan security are thrown out."

But Kishi said he will not bow to worldwide Communist demands for a breakup of Japan's military alliance with the United States and resignation of his cabinet.

He said he will not even discuss dissolving Parliament or quitting until the final exchange of ratifications of the new pact providing for American bases here for at least another decade.

The Japanese government could easily drive the mobs from the streets if it could get some backing from press and public to restore order.

POLICE RELUCTANT

But police have been reluctant to use their full powers because they fear the stigma of Japan's brutal prewar police. And the government is even more reluctant to call out troops for fear of acting like Japan's old military masters.

But the opportunity now before the Communist world—a Japan pushed perilously close to revolution by a violent minority—may never come again. It is exactly the type of chaaotic situation Communists deliberately foster as the proper setting for a bid for power.

RED POSER

The question remained as to whether the Communists would let this opportunity pass.

Kishi was grim-faced as he made the announcement to waiting newsmen after presiding over two emergency cabinet sessions since midnight.

Kishi, whose government was shaken by prolonged rioting against renewal of the U. S. - Japanese security treaty and Eisenhower's visit, said the demonstrations were "obvious, premeditated violence planned by the Communists."

Nation's Noses Totaled Up: 179.5 Million

WASHINGTON (UPI) — The U. S. population totaled about 179,500,000 on April 1.

The Census Bureau, in reporting the figure, said it may be revised upward when the 1960 head count is completed.

The total was based on a preliminary count in the 50 states and the District of Columbia, which produced a figure of 177,733,190.

But the Census Bureau estimated the higher figure on the basis of the number of persons in the Armed Forces overseas, persons counted away from home counted too late and members of crews of U.S. military and merchant ships.

A final national total will be announced in October when tabulations have been completed.

The new totals compared with a 1950 population of 151,325,798.

This meant the nation's population apparently increased by 26,407,392—or 17.45 per cent—in the past decade.

A Census Bureau spokesman said the growth would be 18.5 per cent when the count was finished.

BUT URGENCY DISCOUNTED

Senate Leaders Want Treaty Ratified Soon

WASHINGTON (AP)—Leaders decided today the Senate ought to ratify the U. S.-Japanese security treaty at an early date despite cancellation of President Eisenhower's visit to Japan.

Democratic leader Lyndon B. Johnson of Texas, after consultation with members of the Foreign Relations Committee and State Department officials, told newsmen there was no disposition to delay action until the Japanese ratify the treaty.

Some sense of urgency was removed, however, by the President's canceling his visit at the request of the Japanese government. Previously, the intention had been to secure Senate ratification by the time Eisenhower arrived in Japan Sunday.

While Chairman J. William Fulbright (D-Ark.) of the Senate Foreign Relations Committee had been anxious to have the treaty ratified today in advance of the president's visit to Tokyo, the deferral of the trip removed that urgency.

Fulbright said today that he still feels the treaty should be acted on speedily, but Johnson has not made a firm commitment as to the timing. Johnson told a newsman that consideration of the treaty would have to be fitted in with the other legislation.

Before the presidential visit to Tokyo was called off Fulbright had predicted overwhelming Senate ratification of the treaty.

In view of the Japanese developments, growing out of riotous demonstrations against the pact, there were some indications U. S. action might be held up to see what Prime Minister Nobusuke Kishi's government will do.

5 Arrested In New Lockheed Violence

SUNNYVALE (AP) — Lockheed's strikebound missiles plant obtained a court injunction today against mass picketing.

Disorders for the second straight day broke at the main gates of the 640-acre establishment. At least five pickets were arrested.

Members of the striking International Assn. of Machinists telephoned the Sunnyvale department of public safety a combination police and fire department complaining there "police brutality."

The temporary injunction, issued by Superior Court Judge W. W. Jacka, also was made applicable to other Lockheed installations such as those at Van Nuys and in Santa Cruz County. Union attorneys expressed doubts that the court's power extended to other areas.

A special squad of 15 highway patrolmen and virtually the entire Sunnyvale police succeeded in avoiding yesterday's mammoth freeway tieup of traffic. (See story on page 6.)

Some non-striking workers used bicycles instead of cars in getting through the picket lines. Others parked their cars in nearby fields and walked to the plants. Pickets worked their way down the line of arriving cars, trying to turn back the reporting workers.

WOMAN ARRESTED

One of the arrested pickets was a woman.

Another woman picket was injured in a fall off the tailgate of a picket station wagon.

The temporary injunction specified that there be no more than four pickets to a gate or one picket for every 20 feet off rontage. June 24 at 10:30 a.m. was set as the time for deciding whether the injunction should be made permanent.

ESCORTED AWAY

Today's tussle at the main gate involved upwards of 500 pickets and police. After one scuffle, a woman picket ran, was caught in a drainage ditch and escorted, screaming and kicking, to a sheriff's van.

A picket who went to the woman's aid also was arrested.

By 9 a.m., quiet was restored. Capt. Chester Elliott of the Sunnyvale department withdrew his men, saying all who wanted to work were inside the plant by then.

Possible Milk Strike Unlikely To Affect Marin

Marin County isn't likely to be affected by a possible strike against six major Bay Area milk dealers, officials of Teamsters Local 624 said today.

They said no strike vote has been taken here and added that according to their latest information, there was good prospect for agreement on a new contract with the Teamsters' clerical union succeeding one that expired June 1.

Of dealers which might be affected, Borden's and Golden State operate in Marin. The others are Marin-Dell, Arden Farms, Spreckels-Russell and Challenge Cream and Butter in San Francisco and San Mateo County.

Driver Who Passed Red Light Dies; 10th Highway Fatality

A retired San Francisco exporter-importer, who drove through a red signal light at the Black Point cutoff and Highway 101 a week ago today, died in a San Francisco hospital yesterday to become the 10th Marin County highway fatality of this year.

Seven highway deaths had occurred in Marin County at this time last year.

Gordon W. Dennett, 67, accompanied by Mrs. Dennett, was driving west on Highway 37 last Thursday. His sedan arrived at the Highway 101 intersection as the signal was giving right of way to traffic on the latter road.

The Dennett car forged into the moving line of northbound vehicles and rammed a pickup truck driven by William Nichols Dubs, 59-year-old Cloverdale mechanic, inflicting minor injuries to Dubs and his wife, who were treated at San Rafael General Hospital.

"Just before the accident, my husband shouted 'I haven't any brakes;'" Mrs. Dennett said today in San Francisco.

She said initial diagnosis of her husband's injuries was too conservative, and that in addition to four broken ribs, it was found at Hahnemann Hospital in San Francisco that he had a fractured skull and damage to a kidney.

Until two years ago, Dennett engaged in export and import business with both Europe and the Far East, Mrs. Dennett said.

Grass Blaze Perils Homes; Kids Blamed

A 10-acre grass fire, believed to have been started by children, threatened houses along Camino De Herrera and Valley Road in San Anselmo yesterday afternoon. The fire came within 10 feet of one house.

The alarm was sounded at 3:35 p.m. after children had been seen playing at the bottom of a canyon below the houses. A stiff breeze spread the flames uphill to jump Camino De Herrera at the top of the hill, reported Frank Sousa, San Anselmo Assistant Fire Chief.

Three San Anselmo fire trucks responded. Although they laid 1,100 feet of hose they were able to get around only one-third of the fire area. Three County Fire Department units and one Fairfax fire truck came to San Anselmo's assistance.

The fire was under control by 4 p. m., Sousa said. A fireman was left with a small truck to extinguish any flareup. He left at 6:30 p.m. At 6:45 the fire department was summoned again to put out a small

RED VICTORY MENACING

U.S. Loses Face In Tokyo Debacle

By JOHN M. HIGHTOWER

WASHINGTON (UPI) — The United States suffered a humilitating and costly defeat today in the collapse of President Eisenhower's scheduled visit to Tokyo.

The Soviet-Chinese Communist bloc won a victory of menacing proportions.

It was the second time in exactly a month that a great international event has gone against the wishes of Eisenhower and along lines charted by the international Communist leadership.

At Paris May 16, Soviet Premier Nikita Khrushchev killed the Big Four summit conference in its first meeting, leaving Eisenhower and his British and French allies to survey the wreckage of their hopes for some improvement in East-West relations.

Today's debacle in Tokyo is potentially more damaging to the United States and its allies, and in the long run poses a greater threat to the balance of U.S.-Soviet relations and therefore to world peace, than did the breakdown in Paris.

The immediate problem before Eisenhower and Japanese Prime Minister Nobusuke Kishi, in fact, is how to handle the situation to minimize the injury to U.S.-Japanese relations and to the free world political position and defense structure throughout the Far East.

The great difference between the May 16 breakdown at Paris and the June 16 disaster in Tokyo is this:

The explosion of the summit conference coupled with Khrushchev's violent personal attacks on Eisenhower forced the Western allies closer together and strengthened their resolve to resist Soviet threat and bluster. Cancellation of Eisenhower's trip to Tokyo threatens to undermine a vital anchor point of the system of anti-Communist alliances in the Far East.

Kishi's government, being compelled to confess its inability to maintain order, appears now to have no choice except to resign, which is what the riotous left-wing students have been demanding.

Kishi himself, it was noted here, said he would not quit or dissolve the Parliament until a pending new U.S.-Japanese security pact is ratified this weekend. The ratification process will be completed automatically so long as Parliament remains in session.

The security pact rather than Eisenhower's visit, has been the prime target of left-wing and Communist opposition. By holding Parliament in session, Kishi has the power to win the form of a victory on the issue of its ratification but it may prove to be an empty victory unless new political forces come into play in Tokyo now that the visit has been canceled.

In the present circumstances, opponents of the new security pact appear to have gone a long way toward undermining the U.S.-Japanese alliance and discrediting the whole military-political arrangement between Washington and Tokyo.

It is not only the form of a treaty but also the broad political accord which it represents that is vitally important.

U.S. officials are convinced that the Soviet Union and Red China were behind a ruthless and well-financed campaign to exploit antiwar sentiment in Japan, to turn the student and left-wing labor demonstrations into violent rioting where possible and to overthrow the pro-American Kishi government by any possible means.

Gas Rate Hike Hearing Recessed Until July 6

SAN FRANCISCO (UPI) — A hearing to determine whether a Pacific Gas and Electric Company gas rate increase will be granted was recessed yesterday until July 6.

The Public Utilities Commission said further hearings would be held July 6-7-8, when cross-examination of written evidence presented by the utility firm will proceed. Opponents were not prepared for cross-examination at yesterday's session.

PG&E is asking increases of 1,630,000 residential and commercial gas customers in Northern and Central California. The new rates would add an average of $1.05 per month to the bill of 1,575,000 residential users, the company estimated.

During yesterday's hearing, opponents of the proposed increase charged that it would be unfair to small home consumers.

Sergeants Near End Of Trail

CLINTON, N. J. (AP)—Refreshed with their first bath in a week, Britain's walking sergeants tramped on the last miles of their transcontinental trek today.

Only 52 miles and one river lie between them and their goal, New York, and a new cross-country walking mark. The sergeants, Patrick Maloney, 34, and Mervyn Evans, 33, plan to stop tonight in the New Jersey metropolitan area and then cross the Hudson River via the Lincoln Tunnel into New York.

They'll end the long walk at the British Exposition at the New York Coliseum. Behind them lie 2,970 miles of American hills, rills, plains and mountains—and eight pairs of shoes they have worn out in transit.

The sergeants left San Francisco April 12. If they make New York on Schedule Friday, they will have been on the road 67 days, cutting 10 days from the old transcontinental record.

Dr. Barbara Moore, 56, British dietician who started from San Francisco a day after the sergeants, was far behind, troubled by a stiff ankle.

She made only 22 miles Wednesday, calling a halt for the night at Putnamville, Ind. She said she hoped to be in New York within 10 days.

Woodacre Girl Going To Germany

Karen T. Schmidt, daughter of Mr. and Mrs. Alston E. Schmidt of Woodacre, will spend the summer in Crailsherif, Germany, under the Experiment in International Living. She is to sail from Quebec City on June 30 aboard the Irpinia.

Miss Schmidt will fly to Quebec with two classmates from Sir Francis Drake High School, Marian Walsh, who also will spend the summer in Germany, and Barbara Cassin, who goes to Great Britain.

A graduating senior at Drake High School, she plans to enter College of Marin in the fall.

WORLD NEWS IN BRIEF

To Hunt Snowman

PARIS (UPI)—Sir Edmund Hilary, first man to climb Mount Everest, said today he hoped to capture the abominable snowman by anesthetizing the legendary half-man half-beast of the Himalayan snowfields.

Hilary said he plans to shoot a liquid anesthetic into the snowman from a powerful syringe-gun, if he spots one.

Big Rockets Roar

HUNTSVILLE, Ala. (UPI)—All eight engines of the Saturn rocket, most powerful known in the free world, roared for 122 seconds yesterday to generate 1,300,000 pounds of thrust in the eighth successful static test.

Rocket expert Wernher Von Braun called the test completely successful.

Federal Pay Hike

WASHINGTON (UPI) — The House yesterday approved a 7½ per cent pay raise for nearly one and a half million federal workers in the face of an almost certain presidential veto.

The House passed the 697-million-dollar pay raise measure by a 377-40 vote and sent it to the Senate, which also was expected to approve it.

House GOP leader Charles A. Halleck (Ind.) said there was "no question" in his mind that President Eisenhower would veto the measure.

Marinite To Head New Center Operation

Paul Barstow of Corte Madera, a Western Union Telegraph Co. division operations supervisor, is in charge of telegraphic communications for the governors' conference to be held June 26-29 at Glacier Park, Mont.

Ten press circuits have been set up to handle news copy for some 200 reporters, one of the largest short-period concentrations of written communications' service ever undertaken in Montana.

Alexander Graham Bell, inventor of the telephone adopted his middle name of Graham from an admired friend.

Scale Yosemite Peak

YOSEMITE (UPI)—The sheer face of Half Dome, the famed glacier-carved rock at the east end of Yosemite Valley, was conquered for the second time yesterday.

Climbers Chuck Pratt, 21, f Berkeley; Thomas Frost, 23, of Orange, and Joe Fitschen, 23, of Monterey Park, made the ascent in two days and two hours.

Cannery Strike Hits

SAN FRANCISCO (UPI)—An estimated 10,000 members of the Cannery Workers Union went on strike at 6 a.m. today against canneries throughout Northern California.

The walkout was called late last night when negotiations between the unions and the Processors and Growers Assn. broke off without reaching agreement on a new contract. The strike, if it continues, would affect some 60 canneries which employ 66,000 persons at the coming peak season. Approximately a dozen unions are involved—all affiliated with the Teamsters Union.

Failure Costs More

LITTLE ROCK, Ark. (AP)—Even the cost of going broke is going up. It now costs $50 to file a petition in bankruptcy in U. S. District Court. The fee had been $45.

Freak Mill Fatality

GREYBULL, Wyo. (AP)—An eight-foot plank was hurled over a sawmill and through the chest of a man standing on the other side of the building yesterday.

S. H. Grisham, 54, the sawmill owner, was killed when impaled by the plank. A sawmill worker said the plank somehow caught on the saw and was hurled from his grasp.

Loyalty Law Change

WASHINGTON (AP)—The Senate has voted to repeal a requirement for nonsubversive affidavits from college students receiving loans or grants under the 1958 Defense Education Act.

Instead, it substituted criminal penalties ranging up to five years imprisonment and $10,000 fine for anyone who applies for or receives any payment under the act while he is a member of a subsersive organization. Past membership within five years also must be disclosed.

Left unchanged was the law's requirement that any student seeking to qualify must take an oath of allegiance to this country. The law provides scholarship and fellowship aid to college students.

Out Of Frying Pan . . .

STAFFORD, England (UPI)—Five prisoners pulled off a slick jail break by scaling a 30-foot wall yesterday. Fifteen minutes later they were captured on the grounds of the adjoining insane asylum.

Army Drops Sausalito School Bus

Youngsters living at Forts Baker, Barry and Cronkhite will have a new bus and new bus driver when they start to school in the fall.

For several years, the Army has provided transportation to take the students to Sausalito schools. By directive from the Sixth Army, Supt. Marcus F. Davis said, the Army will stop providing buses.

The Sausalito School District has allowed for $12,000 in its next year's budget for a bus and it will hire a driver, Davis said. The one problem, yet unsolved, is how to get the estimated 250 youngsters to school on time. Davis said he thinks it will take five round trips.

The board also:

1. Turned down non-teaching supervision at noon on playgrounds of the four schools, for financial reasons.
2. Decided to continue the child-care center but not to provide hot lunches.
3. Approved maternity leave for Mrs. Beatrice Brown, Marin City third-grade teacher.

Two Hamilton Colonels Moving

Two Western Air Defense Force officers at Hamilton Air Force Base who arrived at the same time in 1956 and have worked together ever since, last week both received transfer orders at the same time.

Col. William E. Davis will go to Izmir, Turkey, to take over duties as Deputy for Materiel and Administration of the NATO 16th Allied Tactical Air Force.

Lt. Col. Charles W. Griffin received orders for the Air Defense Command headquarters in Colorado Springs, where he will be Chief of Plans in the Logistics Plans Office.

Fast Rails System Painted As Cheap, Modern, 'Brainy'

Marin County commuters will have a half-hour 60-cent ride to San Francisco on "the most modern rapid transit system in the entire world" if the proposed Bay Area plan goes through, four panelists declared on radio station KTIM's "Marin Sounding Board" program today.

Keneth M. Hoover, chief engineer of the Bay Area Rapid Transit District, said that the proposed system "will run at the highest speeds, with the newest equipment, and will be the first system so far as we know to operate completely automatically."

He pictured 100 miles of combined subway-tunnels, aerial line and surface routes, including a section suspended over water under the deck of the Golden Gate Bridge.

Commuters leaving San Rafael, said Hoover, "will be able to board a train at 7:30 in the morning and arrive in downtown San Francisco at a Post and Market Street subway station before 8 o'clock"

He described trains as two to 10 cars long, electrically powered, capable of speeds to 80 miles an hour, air conditioned and with soft comfortable seats, and noiseless.

Charge-plates would be inserted in turnstiles in place of cash payment of fares, with billing at the end of the month, and "everything else will be automatic, too, governed by the same big electronic brain."

This "brain" would start and stop trains, govern speeds, open and shut car doors and shunt surplus trains into storage, with crewmen serving merely the function of adding an extra margin of safety. Trains would run so often that timetables wouldn't be issued.

"It is planned to make this system so attractive that Bay Area residents will leave their automobiles at home, with costs so cheap they can't afford not to," Hoover concluded.

With Kitty Oppenheimer as moderator, the panel also comprised three district directors: T. J. DeLasaux of Marin, Thomas Gray of San Francisco and George M. Silliman of Alameda County. Their discussion was tape-recorded and will be rebroadcast at 12:30 p.m. Sunday.

DeLasaux said Marin faces transportation problems "almost unimaginable today" with probability of a doubled population to 300,000 by 1975. The Golden Gate Bridge "has already reached its carrying capacity during a certain portion of the early-morning peak hours," he asserted.

Rapid transit, said DeLasaux, will obviate the need for another bridge and alleviate congestion.

Four more cars cross the bridge each day on the average, he said, bringing near a time when its congestion will equal that on the Bay Bridge.

As to Marin freeways, DeLasaux said "we have little or no space to add freeways in southern Marin once Highway 101 has reached its capacity." A single rapid transit line needing only one-fourth the right-of way "can carry more than five times the number of persons," he declared.

Gray said that not only is rapid transit "much cheaper to use than an automobile," but it costs the community less to build than additional streets.

"At the same time," he added, "rapid transit can stimulate growth of all communities because it furnishes free movement of travel. In effect, it makes one big city out of an entire region."

Silliman said that Key System train operation across the Bay Bridge failed because "it didn't keep up with progress," having surface lines, low rate of speed over the bridge, too-slow schedules and a generally obsolete operation, in marked contrast to that now planned.

To a question about whether southern Marin will be "forced to pay a double share" of any rapid transit assessment, due to the rotational revaluation system now in force, Silliman said Alameda County also has a problem of assessment but that such a question is internal with each county.

DeLasaux said that any taxation that might be assessed for retirement of rapid transit bonds "will be equally shared on a basis of assessed value." Gray added that there is no present hope of any substantial federal aid.

Homes Purchase Subsidy Urged

LOS ANGELES (UPI) — A UCLA dean has suggested turning over federal public housing funds to low-income families to help subsidize the purchase of homes of their choice.

Dr. James M. Gillies, assistant dean of UCLA's graduate school of business administration made the proposal yesterday at the final session of the first governor's conference on housing.

He told the delegates that such a program could result in the saving of millions of dollars and that it would be cheaper than pouring the money into "expansive" public housing units.

Savings-Loan Firm Names President

Lawrence Weissberg of San Francisco today assumed the presidency of the Sausalito Savings and Loan Assn.

Weissberg, principal owner of the Lodi Savings and Loan Assn., purchased majority stock of the 73-year-old Sausalito association in April.

George M. Ohlemutz,' whom Weissberg succeeds as president, will remain as his associate on the board of directors, along with Walter Swenson, vice president, and L. R. Doucte. Frank Klineman of San Rafael remains as secretary-treasurer.

Newly elected to the board of directors were Kay Leber and George K. Hartwig of San Francisco, Norman Sanoff of Beverly Hills and Herbert R. Weissberg of New York.

The new president announced the firm plans complete modernization of its building at 675 Bridgeway Boulevard — the same building in which it has operated throughout its 73-year history.

"Thousands of visitors come to Sausalito from all over the nation," he commented. "It is the intention of our association to make our building one to be admired by our own citizens as well as by the visitor."

Weissberg stepped out as president of the Lodi Savings and Loan Assn. to become president of the Sausalito firm. He has spent many years in the savings and loan business, having headed a savings and loan association in Washington, D. C., before purchasing the Lodi firm.

Plan For Market Wins Approval

William H. McDevitt Co. of San Rafael has received plan approval from the Mill Valley Planning Commission to build a supermarket at 759 East Blithedale Avenue.

Construction will start the latter part of July, McDevitt said.

The two-story building, with its glass and aluminum front to face Camino Alto, will be leased to United Markets. The property has been leased from Tony Brabo.

Trustees May Add Room At Reed School

Reed Union School District trustees tentatively have decided to construct a new classroom on the site of the demolished arts and crafts building at Reed School, according to Supt. Paul R. Stouffer.

The construction is expected to be discussed at the next trustees' meeting, Monday, at 8 p.m., Stouffer said.

The action was considered because eighth grade enrollment for next term is expected to exceed 35 students per class. With an additional classroom, enrollment would be reduced to 27 students per class he said.

The new room, 24 by 40 feet, will cost approximately $8,700. Insurance funds from the former building's destruction and the community service fund will be used, Stouffer said. The room will house the library and arts and crafts, freeing the present library room for eighth grade class use, Stouffer added.

The former arts and crafts classroom was demolished by a runaway bulldozer last fall.

Understanding Unit Schedules Speaker

"The Philosophy of New Age Thinking" will be discussed by Richard H. Dachner, president of the San Francisco Interplanetary Club, at 8 p.m. tomorrow at the Isabel Cook School in San Anselmo at a meeting of Understanding Unit 31 of Marin County.

Dachner is owner-operator of a San Francisco machinery firm.

Mill Valley Delays Bus Dispute Action

No action will be taken on the storage of Greyhound buses in Mill Valley at least for six months.

Mayor Robert D. Huber said at last night's city council meeting that no other place for storage could be found for buses now stored on the center strip of Miller Avenue near the high school.

The mayor said he would ask Greyhound to try to keep the noise and the dust down.

Complaints have come in writing and before the council regarding noise the buses make in starting in early morning, as well as dust and fumes.

Gregory McCaughan, representing the Homestead Valley Improvement Club, protested for his club last night.

Councilman Michael Wornum said it is a question of time before the buses will have to be taken off Miller Avenue.

"Every other business has to provide offstreet parking," he said "I feel Greyhound should, too." He added that a place might be sought in the marshland area which would be near the proposed yacht harbor and proposed rapid transit district stop.

The council agreed to reduce Greyhound's rent at the city-owned depot by $15 when the chamber of commerce locates its office in a portion of the building on Lytton Square.

State Controller Warns Of Demands In State's Growth

SACRAMENTO (UPI) — State Controller Alan Cranston warned county government officials today that they must "meet the demands of continuing growth or be rendered immobilized and impotent."

Cranston told the county government institute that its members must work to bridge the lag between the arrival of new population and the time when newcomers become taxpayers.

He said that about half of California's present population increase of 700,000 a year can be attributed to births and half to the influx from other states.

10 YEARS AT KENT SCHOOL

Teacher Who Started In Philippines Retiring

A teacher who began her career in the Philippine Islands will conclude it tomorrow when she retires after 10 years of teaching sixth grade at Kent School in Kentfield.

Mrs. Clara M. Worsley of 23 Francis Avenue, Kentfield, has no special plans for her retirement. "I'm just going to stay home and enjoy it," she says. "I like being home, gardening, and all my friends are here."

With two of her friends she does plan a trip immediately after school closes to Yellowstone and Grand Teton National Parks.

Mrs. Worsley went to the Philippines after her graduation from University of California at Berkeley, to teach in a high school set up by the U. S. government to educate the Filipinos. There she taught history, algebra and English.

In the Philippines she met the man she was to marry, Ralph H. Worsley, who was superintendent of a school department in one of the provinces. They were married in the islands and came back to the United States together.

They lived in Oregon for a few years, then moved to Marin County in 1923. Worsley, who became Marin's first Boy Scout executive, died in 1938.

Mrs. Worsley taught for 10 years at Yolansdale School in San Anselmo before moving to Kentfield. She is a native of Shasta County, and went to high school in Petaluma. She has an A.B. degree from University of California.

She has attended various summer schools, including the University of Mexico, where she studied history, folklore and art of Mexico.

Mrs. Worsley has two sons, both married and with families, and both graduates of Tamalpais High School.

Missile Workers Return At Two Plants; 10,000 Lockheed Employees Strike

26,000 Still Talking In Two Convair Unions

LOS ANGELES (AP)—A big strike and a small but crucial one ended early today in the turmoil-wracked missiles and airplane industry.

At midnight more than 17,000 Douglas workers began to return to work at the firm's Long Beach plant.

Earlier—at midnight in Florida—300 Convair machinists settled a nine-day-old strike at Cape Canaveral. The International Assn. of Machinists said that action, however, was contingent on company withdrawal of a clause to permit layoffs regardless of seniority.

10,000 STILL OUT

Still out are 10,000 Lockheed workers at missile plants in California — including the firm's Sunnyvale missile and space headquarters, where violence erupted yesterday soon after a strike started.

Still negotiating are 26,000 Convair workers in two unions.

Threatening to strike are another 18,000 Douglas workers at two other Southern California plants.

Altogether 70,000 workers of the IAM and the United Auto Workers are on strike, threatening to strike, or are just returning to work.

The Douglas settlement doesn't brighten the defense picture appreciably.

BUILDS JETS

The Long Beach plant primarily builds DC-8 jet transports. The Lockheed strike cripples the Polaris submarine missile program and work on three important Air Force satellites, including high priority reconaissance satellites.

One Douglas strike now impending at Santa Monica would halt production on the Thor missile.

The strikes were called to enforce contract demands. The unions asked hourly increases of from 14 to 17 cents.

At Douglas in Long Beach, the United Auto Workers settled Wednesday night for a two-year-package of 11 cents—plus important fringe benefits.

Horsemen Plan Overnight Ride

The San Geronimo Valley Horsemen will take an overnight trail ride this weekend to Devil's Gulch Horse Camp in Samuel Taylor Park, it was announced today by Mrs. Ernest Tanzi, publicity.

The group of about 25 riders will leave from the club's playfield off the old Sir Francis Drake Highway in San Geronimo at 9 a.m., Saturday. She said they expect to reach the camp at noon. From the camp the group will go by car to Sandy Beach for a swimming party, returning to Devil's Gulch for a barbecue dinner.

Breakfast Sunday will be prepared at the camp and the riders will leave for the playfield in San Geronimo around noon, she said.

Trouble Boils In Picketing At Sunnyvale

SUNNYVALE (AP) — Contract negotiations were to resume today in the Lockheed missile plant strike, which began with picket line violence yesterday.

While company officials and International Assn. of Machinists' representatives met with a federal mediator, Lockheed plans to ask the Santa Clara County Superior Court for an injunction against mass picketing.

MEETING CALLED

Federal Mediator Ralph Patterson called the two sides to a meeting at 4 p.m. in San Francisco. Talks broke off Tuesday night as the contract deadline neared.

Sixty policemen were to patrol the picket lines today to prevent a recurrence of yesterday's violence, touched off when non-striking employees entered the plant.

Two pickets were arrested. One was accused of knocking down Robert Lindsey, a reporter-photographer for the San Jose Mercury-News, and the other allegedly threw hot coffee on a policeman. The officer wasn't seriously injured.

TRAFFIC JAM

As the pickets swarmed around the plant entrances, a huge traffic jam developed. Paul Ofinowicz, a retired Air Force chief warrant officer, was struck by a car as he picketed one of the approaches to the plant.

The union is asking a 7 per cent wage increase and benefits. Management offered a two-year contract, with no raise the first year and a seven cents an hour increase the second year. The employees now receive an average wage of $2.65 an hour.

COUNTERATTACK—An enraged blackbird gives this Amsterdam cat the fits after the feline disturbed a nearby tree nest of baby birds in the Dutch city.

Landmark Society Elects Officers

Mrs. Robert Bastian of Belvedere has been re-elected president of the Belvedere-Tiburon Landmark Society and will serve until the March, 1961 annual meeting.

Thomas J. Procter is vice president, Mrs. John C. Ericson is secretary, and Vice Adm. Frank E. Beatty is treasurer.

Directors, who were elected at the annual meeting in March, drew lots for terms which hereafter will be for three years, Mrs. Bastian said.

One-year terms will be served by Mrs. Richard Dakin, Mrs. David Teather, William Brandman, Dr. Robert P. Watkins and Beatty. Serving two-year terms will be Mrs. Eric Pley, Thomas Procter, Lewis Vogler, Mrs. Ericson and Mrs. Bastian. Mrs. Howard Allen, Mrs. Ray Schultz, William Brooke, Russell Keil and Thomas Lacey will serve for three years.

PUT DOWN THAT PORK CHOP

Some Eaters Propelled By Brain, Not Stomach

MIAMI BEACH, Fla. (UPI)—Night eaters and binge eaters may be driven to obesity not by their stomachs—but by their brains and emotions, a researcher reported today.

The night eater is the fellow who rarely eats a meal before noon—begins in earnest at the evening meal and continues eating into the night.

ALWAYS NIBBLING

He rarely speaks of being hungry—he just finds himself nibbling and he can't stop, Dr. Albert J. Stumkard of the University of Pennsylvania told a meeting of the American Medical Assn.

The night eater's trouble is that he can't satisfy himself—not that he has such a tremendous hunger drive.

On the other side of the fence is the binge eater—a fellow with a great compulsion to eat and overeat. He consumes great amounts of food in relatively short periods of time.

HUNGER DRIVE

His eating habits exhibit great hunger drives but he does seem to become satisfied or oversatisfied.

The difference between the two may lie deep in the control center of the brain—the hypothalmus.

Perhaps one area of the hypothalmus controls satiety—or satisfaction—tells you when you've had enough. Another area may determine the real urge of hunger.

This doesn't mean that the night eater's satisfaction control in his brain is irreversibly damaged. It's just that during periods of light stress, his satisfaction control is disturbed, and doesn't work properly, Stumkard said.

Things are different for the binge eater. It is his hunger control section that may be upset. Usually his eating binges are followed by remorse and self condemnation. The eating binges also come during periods of light stress.

San Rafael Plans Session On Budget

San Rafael city budget sessions will begin next Wednesday night at the city hall.

City councilmen are scheduled to meet at 7:30 p.m. on June 22, 24 and 28 to discuss the proposed $2,394,182 budget. Total revenue is estimated at $1,870,875. The city has a present holding of about a million dollars, which can be used to meet the deficit for the year.

The revenue estimate is based on a 96-cent tax rate, the same as for the past year.

The budget recommendation calls for a capital improvement outlay of $685,000, including $200,000 to start on a new or expanded city hall. A salary boost of five per cent is suggested for all employees.

Trustees Raise Some Salaries

A salary increase of 2½ per cent has been granted non-teaching employees by the Mill Valley School District board.

Discussion of the 1960-61 budget was continued. Although no final figure was set, Supt. G. Robert McConnell said, "It appears that the budget will be somewhere between $1,059,500 and $1,108,500." The current year's budget is $1,033,000.

The budget will be discussed further June 27.

2 Senior Class Officers Appointed To Academies

The president and vice president of San Rafael High School's graduating class are headed for United States service academies.

Walter Alfred Ericson, the class president, has been appointed to the Naval Academy at Annapolis, Md. Dean Arthur Steuer, class vice president, has been named to the Air Force Academy at Colorado Springs, Colo.

Both appointments were announced today by Rep. Clement W. Miller.

Young Ericson is a son of Mr. and Mrs. Waldo Ericson of 49 Reservoir Road. He was student body president during last fall's semester and junior class president last year. He was also a member of the varsity football team.

Young Steuer is a son of Mr. and Mrs. Norman Steuer Jr of 27 Quarry Road. He is also a varsity football players, lettering three years.

Both youths were nominated for service academy apointments by Congressman Miller's service academy board, which includes Municipal Court Judge Richard M. Sims of Tiburon and Col. Robert Nourse of Greenbrae as members. Ericson's appointment was by Congressman Miller, and Steuer was named for the Air Force Academy by Secretary of the Air Force Dudley C. Sharp.

Personal Income Sets New Record

SACRAMENTO (UPI) — The state department of finance said today that California's personal income set a new record during the first quarter of 1960.

The department said aggregate personal income rose to $42,333,000,000 at an annual rate. This was a gain of three quarters of a billion dollars over the final quarter of last year, and $3.8 billion more than the similar period a year ago.

The total income growth was 1.8 per cent, slightly higher than the national increase of 1.6 per cent for the first quarter.

Store Remodeling Plan Approved

Remodeling of the Mill Valley Market at 12 Corte Madera Avenue is to commence next week, according to Joseph Morallo, a partner in the business.

The loading area will be enclosed, and a wall facing the city hall will be remodeled. In addition, the rear wall of the store will be pushed back 15 feet to enlarge the interior, and the front will be remodeled.

Plans were approved by the Mill Valley Planning Commission Tuesday.

Roofer, 33, Loses Driving Privilege

William Holmes Spaulding, 33-year-old roofer of 913 South Vernal Avenue, Mill Valley, drew a $150 fine and lost his driver's privilege for six months because of his first drunken driving offense.

He was sentenced in Marin Municipal Court by Judge Leonard A. Thomas. The judge also put Spaulding on six months probation.

Spaulding was caught on Magnolia Avenue in Larkspur on May 22.

Two U.S. Aides Ordered Out, Cuba Paper Says

HAVANA (UPI) — The government newspaper Revolucion said today that two U.S. Embassy attaches had been caught conspiring with "counter-revolutionary" elements and expelled from Cuba.

It identified them as Edwin L. Sweet, of Abilene, Tex., and William G. Friedemann of Stillwater, Okla.

The embassy said it had not received any official communication from the Cuban government asking that the two men leave Cuba.

An embassy spokesman confirmed that the two men were arrested by Cuban army and secret intelligence agents while visiting Cuban friends. He said they were held for several hours at secret police headquarters for questioning before being brought to the embassy and released.

He said Ambassador Philip Bonsal ordered an immediate protest to the Cuban government against what was termed "the unwarranted" action by the agents against the embassy attaches.

Revolucion, official newspaper of Premier Fidel Castro's 26th of July movement, ran the story under a huge black bannerline which read: "U.S. Diplomats Expelled for Conspiracy."

Revolucion claimed the raid which netted Sweet and Friedemann and unidentified Cuban "counter-revolutionaries" was pulled after several days of investigation by intelligence agents.

The investigation disclosed, according to Revolucion, that the two American diplomats were "holding conversations of a conspiratorial nature for the past several days with a group of counter-revolutionaries."

SLOT MACHINE RAID BURNS UP FIREMEN LIST

DARIEN, Ga. (UPI)—Darien's 15-man volunteer fire department has quit in a huff over a slot machine raid on an American Legion post.

A resolution passed by the unhappy firemen yesterday said they would no longer be available to fight fires as a unit — but will continue to do so on an individual basis.

Three slot machines were seized in the raid Monday.

The firemen's ire is directed at Mayor Jimmy Williamson, who ordered the raid. They charge that Williamson has, "seen fit to instigate action against local citizens and a private, non-profit, civic-minded organization . . ."

State Employment In May Lowest Since '58 Doldrum

SACRAMENTO (AP) — More Californians were out of work last month than in any May in the last decade except the recession year of 1958.

Employment Director Irving H. Perluss today reported 305,000 were jobless. That's 71,000 more than in May, 1959, and only 63,000 under 1958.

The unemployed rolls dropped only 18,000 from April to May, the smallest decrease for that period since the end of World War II.

Perluss attributed part of May's poor record to continued heavy unemployment of aircraft and construction workers.

Industrial Relations Director John F. Henning reported civilian employment in May was 5,953,000, up 87,000 from April and 156,000 over May, 1959—just about in step with population increases.

BURY ME NOT — There's buried treasure in Novato as part of the Western Weekend celebration. Cash and merchants' prizes will be the "treasure" in the Kiwanis-sponsored hunt Saturday. Howard Swartz digs in the shovel. The treasure is guarded by (from left), Mayor Wayne Womack; Robert F. Merritt, chamber of commerce manager; Mrs. Garri Cook, deputy city clerk, and George Harrison, seated, publicity director for Western Weekend.

Novato Weekend Going Into Galloping Pace

Novato Western Weekend events go into hard gallop tomorrow with folk dancing and the opening of locally manned concessions at the Nave Shopping Center.

The Golden Gate Shows opened its carnival last night at the Safeway lot, on Diablo Avenue near George Street, and will continue to operate through the weekend.

Tomorrow afternoon, refreshment booths and "concession" booths, manned by members of Novato organizations will go into business.

The Kiwanis will man their dunking booth, where local businessmen will go into the drink if you hit the target.

The group also is sponsoring a hole-in-one contest, and a treasure hunt Saturday morning.

Other concessions to be opened tomorrow at the shopping center are a dart throwing booth, and refreshment stands selling beer, lemonade, cake, snowcones, hot dogs and soft drinks.

Johnson's Red Barn furniture store will serve free coffee, cider and doughnuts during the week.

Tomorrow night, there will be public folk dancing at the Town and Country Shopping Center, sponsored by the Novato Folk Dancers. At 9:30 p.m., the festivities move to the Marion School, where the dancing will continue to midnight.

The Weekend will continue through Sunday, with concessions again at the Nave Center. Buckaroo breakfast from 7 to 11 a.m. Saturday at the Center and a parade at 11 a.m. on Sunday, the Novato Horsemen will put on their action-packed rodeo.

ing sidewalk, the lower deck (struts) and its supports, partial reinforcement of the stiffening trusses and provision of access through pylons N1 and S1 and the Marin anchorage housing. Roadway traffic would be substantially unaffected and would continue without interruption during construction. New interior scaffolds would be required to replace those now in use."

As envisioned by Steinman, the rails would be supported by the trusses which are directly beneath the vehicular deck of the span, and not by suspension from the span itself.

Little weight would be added to the bridge, and its contour would be unchanged.

grass fire on the edge of the burned area.

San Anselmo's firemen were kept jumping yesterday with six fire alarms. When the alarm for the ten-acre grass fire came in one truck was extinguishing a fire that destroyed a garage and store shed at 30 Suffield Avenue. The tenant, Donald Fletcher, had dumped hot ashes in a compost heap next to the garage, Sousa said. Damage to the empty garage and to lawn furniture in the store shed was estimated at $1 000.

San Rafael almost had a grass fire yesterday. Two 10-year-old boys admitted to San Rafael police that they lit a piece of paper in a dry grass area behind 146 DuBois Street. One of the boys put out the flames before they spread. When firemen arrived at 1:14 p.m. they found no fire.

The fair runs June 30-July 4

East Bay Transit Unit Get Coach Bids

OAKLAND (AP) — The Alameda-Contra Costa Transit District is studying bids on 300 new ultra-modern motor coaches, to cost from $23,500 to $35,244 each.

Stolen Car Found In Hills —Stripped

A 1958 Corvette, stolen apparently for sale of parts to San Rafael High School students, was found partially stripped in the hills of Southern Heights hills yesterday.

This is the second Corvette stolen and stripped in Marin County within the past two weeks. The other one was a 1959 red and white model found hidden under brush off San Pedro Road north of China Camp opposite the archery range. Edward Neal Orlich, 18, of 604 Morgan Drive, Ignacio, admitted stealing the car from Marin Auto Circle at Alto on May 30, according to sheriff's deputies.

The 1958 sports car, found yesterday, was stolen from Emil Bugna used car lot on Francisco Boulevard Monday.

Police Officer Eugene Frederick said the car was located about 100 feet down an old deserted path off Southern Heights Boulevard near Meyer Road. All four wheels, intake manifold, spark plugs, carburetor, distributor and other parts were neatly removed.

As he was investigating, Frederick spotted three high school youths walking down the path toward the car. They said they had come down to take a look at it because it was common knowledge at the high school that the parts were for sale.

The thief has not been apprehended.

Maguire School Graduation Today

Graduation exercises will be held at 8 p.m., today, for 310 students of Edna Maguire School at the Ruby Scott Auditorium, Tamalpais High School.

Dr. Frederick I. Drexler of Mill Valley will give the invocation. The welcome will be by Lon Gallagher, student body president. The school orchestra will play under direction of David Reed.

Daniel McNeill will be the student speaker. Mrs. J. Martin Rossee, chairman of the Mill Valley School Board, will speak and Supt. G. R. McConnell and Principal Logan T. Miles will present diplomas. The eighth grade chorus will sing under direction of Mrs. Ethelee Reed.

Planners Schedule Special Meeting

San Rafael Planning Commission will hold another special meeting at 4:30 p.m. tomorrow at the city hall.

Two items on the agenda are:

Architectural approval for George Steinert's office storage and warehouse building on Woodland Avenue.

Use permit for Latipac-Perini's golf clubhouse in the Marin Bay development (formerly Riviera Marin) on the old McNear's Ranch.

Only 32 Sign For 7-Period Day At School

Student response to a proposed voluntary seven-period day program for the high schools has been "very light," Principal Ralph H. Phelps of San Rafael High School has informed the board of education.

The proposed plan for 1960-61 would permit students with a "B" average or above in academic subjects to take an elective subject in a seventh period. It has not been decided whether the seventh period would be before or after the regular six-period day.

Only about 32 students signed up for the seven-period day at San Rafael High, the majority indicating they would like to take typing in the extra period, Phelps said.

Seventeen students signed up for a seven-period day at Terra Linda where it is proposed that a physical education class be set up for seventh period and the extra subject be taken during the regular day.

The board, at its Tuesday night meeting, asked Phelps to make another survey at San Rafael High to determine the response if physical education were offered seventh period and other subjects taken during the day. The principal pointed out that typing could not be taken during the regular periods because there was no space in the class rooms.

Phelps said San Rafael High already has a large group of students in a seventh period for advanced orchestra, so this cut down the number who could sign up for the new program.

Murderer Asks Writ, Asserts Trial 'Coercion'

SAN FRANCISCO (UPI)—Convicted murderer George Albert Scott petitioned the State Supreme Court for a writ of habeas corpus yesterday on charges that the judge at his Los Angeles trial "exerted coercion" in instructing the jury.

The petition claimed Superior Court Judge Leroy Dawson's definition of the word "insane" was so vague its use deprived Scott of his constitutional rights.

Scott also charged that Dawson's instructions, which did not allow testimony concerning Scott's alleged insanity, were prejudicial.

Scott, 38, is at San Quentin Prison's Death Row on a stay of execution. The stay was granted by Supreme Court Justice William O. Douglas pending a decision on whether the court will grant a review of the case.

The defendant was convicted of slaying film executive Kenneth Savoy with a shotgun during the Dec. 30, 1958, holdup of a Los Angeles tavern.

Richardson Bay Graduation Today

Mrs Minnie Sievers, president of the Sausalito School District Board, will present diplomas at graduation exercises of Richardson Bay School at 8 p.m. today.

There are 122 graduating eighth graders.

Dr. Richard Hinze, assistant County Superintendent of schools will give the main address, "The Graduate Today in the World of Tomorrow." Principal Robert D. Thomson will offer the welcome. Remarks will be made by Supt. Marcus F. Davis.

The eighth grade and glee club will sing. A benediction will be given by Wesley Lachman, pastor of the First Presbyterian Church of Marin City.

Ranger's Truck Strikes Girl, 3

A 3-year-old child suffered cuts and bruises when struck by a slow-moving truck driven by a ranger yesterday on a service road near the shop area of Tamalpais State Park.

William Glenn Hanselman, 39, of 811 Panoramic Highway, Mill Valley, was driving a pickup truck 300 feet south of the Panoramic Highway when he heard a thump.

"I don't believe I went six feet," he told the California Highway Patrol in describing a quick stop. Jumping out, he found he had hit Darla Kay Russell of Junction City, Ore., who had just run out from beside a parked car. The child's father, Ralph W. Russell, arrived simultaneously and took the little girl to a Mill Valley doctor.

Mill Valley Employees Will Get 4.7% Raises

Mill Valley city employees will get a 4 and seven-tenths per cent salary increase July 1.

The increase was approved unanimously by the Mill Valley City Council last night in passing a resolution amending the personnel ordinance.

The total outlay for the salary increase, according to City Manager A. E. Almcrants, will be 6 per cent higher than last year due to the fact that some of the employees will get more than one step up in salary.

The total for present city employee monthly salaries is $22,936. The new total will be $24,353 — a difference of $1,417.

Those employees who will receive more than one step up in their salaries include Preston L. Canfield, building inspector; Fire Chief Leslie Armager, Police Chief James P. McGowan; Captains Henry Pierroz and Albert Marovich of the fire department; Joe Penders, superintendent of the park department, and George Fonts and James Mundell of the Park department; Ross Benson, director of public works; Mrs Pat Arnold, Mrs. Grace Conger and Mrs. Jacques Nadler.

Architectural, Library Units Get Members

Two appointments to the Mill Valley Library Board and one to the city's architectural advisory committee were made at last night's Mill Valley City Council meeting.

Mrs. Dorothy W. Peavey was re-appointed by Mayor Robert D. Huber to another three-year term on the library board.

Benjamin Draper of 110 Longfellow Road was appointed to fill the vacancy left by Harry A. Bell, who resigned because of business pressure. His term will run until 1962. Draper is associated with the California Academy of Sciences, and is credited with having started the television program "Science in Action."

Asa Hanamoto of 548 Marin Avenue was appointed to the architectural advisory committee. He will take Robert Royston's place during Royston's absence on a European trip.

Sclerosis Victim Appeals For Dog

A multiple scerosis victim who lost her cocker spaniel dog after an accident in Sausalito Saturday evening appealed today for the return of her pet.

Virginia Matheny, 100 Grove Lane, Corte Madera, said her dog, a honey-colored female cocker, jumped from her car during the confusion of an automobile accident.

Miss Matheny is recovering at Veterans Administration Hospital Oakland. Anyone seeing the pet has been asked to call the Marin County Humane Society.

Boating Committee Meets Tomorrow

Marin's Safe Boating Week committee will meet at 7:30 p.m. tomorrow in the county courthouse to make final plans for the July 3-9 observance.

Chairman for the evening is G. E. Schmid of San Rafael, captain of the Marin Sheriff's Marine Patrol.

Representatives of groups interested in water safety are urged to attend the meeting, Schmid said. To date the Marin Power Squadron, Marin Flotilla of the Coast Guard Auxiliary, and Sheriff's Patrol have been prime movers for the observance.

Joyriders Arrested

A pair of 15-year-old boys were cited by San Anselmo police for joyriding and curfew violation at 1:40 a.m. today along Red Hill Avenue and Sir Francis Drake Boulevard. One of the boys had taken his father's car without permission, said Sgt. John Orr and Officer Leonard Musselle, who made the arrest.

Albert E. Cable Services Held

Private funeral services were held today for Albert E. Cable, 90, who died Tuesday night at a local hospital.

Services were held at the Harry M. Williams Mortuary. Inurnment was at Mt. Tamalpais Crematory. He had been a salesman for 24 years with a San Francisco shoe store and lived in San Francisco all his life.

He is survived by two sons, Ernest E. Cable of Sausalito and Harley H. Cable of Hudson, S.D.

Lucia A. Newsom Rites Scheduled

Funeral services will be held tomorrow in Los Banos for Mrs. Lucia A. Newsom, a native and former resident of Ross.

Mrs. Newsom, who died Tuesday in a nursing home in Ceres, Stanislaus County, was the sister of Mrs. Carrie Del Pino of San Anselmo and Henry J. Marshall of Ross. She is survived by four sisters and two brothers. Her husband was the late Hugh L. Newsom of Gustine, Merced County.

Mother, Son Injured In Wreck 'Better'

Mrs. Janet Ann Begonia, 22-year-old San Francisco housewife, and Michael Begonia, 4, were reported in good condition today at San Rafael General Hospital.

Mrs. Begonia suffered a broken pelvis and Michael, a broken clavicle and chest injury, in a Highway 101 automobile accident north of Terra Linda Tuesday evening. A second son, James, 3, who suffered no apparent injury, today remained under observation at

Policeman Injured As Car Jack Slips

A 44-year-old Mill Valley man last night escaped with only a bruised chest and a scratch on his cheek when his car slipped from a bumper jack while he was working under it.

Alvin J. Johnson of 137 Sunnyside Avenue, a San Francisco policeman, was given emergency treatment at Marin General Hospital at 9 p.m.

Pneumonia Takes Elizabeth Adams, 91, Of Kentfield

Mrs. Elizabeth Adams, 91, of Kentfield died yesterday of pneumonia at a local hospital.

She had fractured her hip in March, and recovered sufficiently to return home to an apartment she shared with her daughter, Mildred, at 904 Sir Francis Drake Boulevard. She suffered a relapse Friday and entered the hospital.

Mrs. Adams came to Marin County from her native Iowa in 1938, and has been active in the First Presbyterian Church of San Anselmo. Her husband, the late Charles R. Adams, died shortly after the couple moved to California.

Mrs. Adams is survived by her daughter, Miss Adams, and by a son, George Adams of Tiburon.

Funeral services will be held at 10 a.m. tomorrow at Chapel of the Hills, San Anselmo. Burial will be in Mt. Tamalpais Cemetery, San Rafael.

Margaret Kelly Services Slated

Funeral services will be held tomorrow for Mrs. Margaret Kelly Brindamour of Palo Alto, sister of Alfred R. Kelly of San Anselmo and Harold Kelly of Larkspur.

Mrs. Brindamour, 59, died yesterday in a San Francisco hospital after an illness of several weeks. Active in charity work, in 1952 she was given a medal of recognition by the Netherlands government for her work in behalf of Dutch servicemen visiting the Bay Area.

She is survived by her husband, Dr. Jean-Louis Edmond Brindamour, three children and three brothers.

A Requiem High Mass will be offered at 11 a.m. tomorrow at St. Edward's Church, California and Walnut Streets, San Francisco. Burial will be in Golden Gate National Cemetery, San Bruno.

Andrew Harrigan Dies After Illness

Andrew Leland Harrigan, 83, father of Mrs. Doris H. Morse of Kentfield and a veteran San Francisco real estate broker, died yesterday at a San Francisco hospital after a long illness.

Harrigan and the late Louis L. Weidenmuller founded the real estate firm of Harrigan, Weidenmuller Co. in 1906—just in time to be burned out in the fire that followed the earthquake. They rebuilt and continued in business.

Harrigan is survived by his wife, Emma, two daughters, a sister, four grandchildren and six great-grandchildren.

Funeral services will be held at 11 a.m. tomorrow at Halsted & Co., 1123 Sutter Street, San Francisco. Burial will be private.

Funeral Held For Day-Old Boy

Funeral services were held today for Joshua Lyons Warburg, one-day-old son of Mr. and Mrs. Felix Warburg of 61 Peninsula Road, Belvedere. The baby, born prematurely at Marin General Hospital, died Tuesday.

He was the brother of Anthony, 10; Peter, 8, and Gerald, 6. The father is a San Rafael architect.

Burial was in Mount Tamalpais Cemetery, San Rafael, directed by Keaton's Mortuary.

MARIN BUSINESS And INDUSTRY

(A Thrice-Weekly Column)

By HARRY CRAFT

Two Hub Telephone Men Transferred; Dishwasher Market Still Wide Field

Seasonal relocation of American Telephone and Telegraph Co. personnel finds two Marin men transferred from the San Rafael office to posts in other cities.

Ray Watts, 35 Jordan Avenue, San Anselmo, former special representative for the military in Marin has been appointed district sales manager for the San Mateo office. He, his wife June and three daughters will move down the peninsula July 1. They will live in Redwood City.

George M. Cunningham Jr., whose home has been nearby at 112 Jordan Avenue, has changed from assistant traffic superintendent in Marin to division traffic supervisor at Napa to which point he is commuting daily. Cunningham, wife, Carolyn, and three daughters expect to move sometime this summer.

MANUFACTURERS feel there is still on appliance on the market which hasn't yet reached the saturation level—the automatic dishwasher. Sales last year totaled 580,000, but industry statisticians say it still hasn't tapped 10 per cent of the potential market.

Some housewives, no doubt, will regard this poor showing with indifference.

Certain husbands, sons and daughters may show more interest.

OTHER APPLIANCE sales are lagging too. Manufacturers overproduced in the third quarter of 1959 when a steel strike seemed imminent. Stores overbought, fearing a tie-up.

Manufacturers are now doing everything they can to move their top-heavy inventories, with special price inducements to dealers. They've also resorted to curtailed production schedules and mass layoffs.

NEW PITCH in selling hi-fi components to women will be to soft-pedal electronic features and stress aesthetic values of music and soothing atmosphere while they work at household chores.

Cultural advantages of giving children an early exposure to good music, and styling to blend with other living room furniture will be emphasized.

Frequency response, transistors and output won't be mentioned except to devoted audiophiles and hobbyists.

REGISTRATIONS for automobiles in the medium and upper price brackets indicate that Mercury and Chrysler are the only makes for which marked sales gains are shown over last year. Pontiac is running slightly higher than 1959.

Names of some medium price makes may be given to smaller, less expensive cars or else die out entirely. Until 1955, the middle range accounted for nearly 40 per cent of new car sales. Now it is down to 19 per cent.

SUN VALLEY MARKET at 2202 Fifth Avenue, San Rafael, is getting a new look. The 15-year-old building is being spruced up by proprietor Jim Cook who has leased it for the past 10 years.

New awnings and shelving have been installed, and the walk-in box has been relocated to give butcher Walt Hammerman more counter room. Still to come are new lighting fixtures and floor covering.

Cook says that the rearrangement will enable him to add more stock to his shelves.

WHO SPENDS MORE? Americans visiting Canada or Canadians visiting the United States?

Americans, you may say. No one else can make a dollar go such a short distance with so little trouble in so little time.

Not so.

For nine years we've outfumbled our northern cousins in each other's territory. Last year the ratio was about three to four.

Tavern Reopens Eating Section

The restaurant section of the Club Rio has been reopened, specializing in 10-ounce New York cut steaks.

Robert Pruett, operator of the new Hickory Room has installed a charcoal broiler.

The room will be open from 11 a.m. to 4 a. m. Monday through Saturday. The club is located a mile south of Novato on Highway 101. Chris Beasehart will continue to operate the bar.

PROMOTED—Ralph E. Jentoft of 880 Penny Royal Lane, Terra Linda, has been promoted to senior research chemist at the Richmond laboratory of California Research Corp., a Standard Oil subsidiary. He joined the firm in 1952 and has conducted a variety of analytical chemical research projects.

Corte Madera Fireworks Set July 4

Fourth of July fireworks will burst into the sky above Neil Cummins School playground in Corte Madera beginning at 9:15 p.m. on Independence Day.

A show even more spectacular than previous years has been promised by Carl K. Brown of Corte Madera, coordinator of the eighth annual Larkspur-Corte Medera community fireworks display.

Two Corte Madera Fire Department pyrotechnic teams will fire off airborne bursts alternately under the direction of Harold Kelly, Corte Madera merchant. More than 225 effects have been purchased from the firm supplying fireworks at Disneyland and the Winter Olympics at Squaw Valley.

Funds to finance the display have been contributed by individuals, businesses, and the city councils of Larkspur and Corte Madera. The event is sponsored by Larkspur-Corte Madera Recreation Commission.

Members of the committee in charge include William Schnell, fund raising chairman; Charles R. Young, Martin Flynn, Mrs. Henry Rosso, Albert E. Kogler, Bill Gordon and Fred A. Banducci.

Marshall Budget

The budget for the coming school year will be considered at 2 p.m. Tusday at a meeting of the Marshall school board at the school.

Building Dips 22.7 Per Cent April To May

Construction activity in Marin, based on building permits issued, was off 22.7 per cent in May from April and 11.5 per cent from May, 1959, the Macent from May, 1959, the Marin Industrial Development Foundation reported today.

The drop would have been larger if it had not been for $1,677,600 in commercial and industrial permits issued last month. Included in that total were $700,000 for the Fairchild Semiconductor Corp. plant in San Rafael, $262,000 for the Fair-Anselm Shopping Center in Fairfax, $275,000 for the new Western California Telephone Co. building in Novato, and $286,000 for the Novato General Hospital in Novato.

The commercial-industrial accumulative total through May this year is $2,929,750, which is 274.1 per cent above the $783,150 for the first five months of 1959.

The volume of residential construction, hampered probably by financing problems and, in the Novato area, by uncertainty until recently of adequate water supply, continues to be down appreciably from the prior year. So far in 1960 the number of dwelling units permitted amounts to 857, compared with 1,488 through the first five months of 1959.

San Rafael again led all communities and areas in the county with a permit total of $1,305,517, followed by Novato with $883,250.

Totals in other incorporated cities were: Corte Madera, $376,088; Fairfax, $337,020; Mill Valley, $226,320; Larkspur, $166,911; San Anselmo, $91,303; Sausalito, $75,345; Belvedere, $41,800, and Ross, $18,550.

In the unincorporated areas, greatest permit total was on the Tiburon peninsula, with $315,480, followed by Kentfield-Greenbrae-Bon Air, with $159,360; and unincorporated Mill Valley area, with $147,301.

ENGINEERING CONSULTANT — Louis O. Britt has opened an office in the Raccoon Strait Maritime Center, Tiburon, to do consulting on civil, sanitary, mechanical and electrical designs. The new firm will be known as Britt and Associates. Britt was formerly vice president and general manager for Dudley Dean and Associates, San Francisco consulting engineers. He lives in Strawberry with his wife, Helen, and children.

Employees Of Another Airline Vote To Strike

By U.P. INTERNATIONAL

Another strike warning added today to the woes of the airline industry already beset by one wildcat strike and four other threatened walkouts.

The Air Line Pilots Assn. said 300 National Airlines pilots voted to strike unless National gave them satisfactory wages and working conditions. No strike date was set.

Eastern Airlines spokesmen said only "5 or 6 per cent" of its nationwide flights were in the air. The others were grounded by the refusal of 600 pilots to accept federal inspectors in the third pilot's seat. The eastern wildcat strike defied a federal court injunction.

ALPA pilots stuck to their promise to strike Northwest Airlines at a minute before midnight tomorrow and refused to comment on a national mediation board offer of mediation.

Pilots of Transworld, American and Pan American Airlines honored injunction against a planned boycott of jets carrying Federal Aeronautics Administration inspectors in the third pilot seat.

Pool To Open

Sixth Graders Tell Of School Work In Drama

San Anselmo's Brookside School sixth graders recently wrote and presented before their parents a two and one-half hour play based on nearly their entire term's work.

The youngsters wove into the script their knowledge of history, reading, geography, music, public speaking, French, economics, art, creative writing and even psychology.

The class chose to build the plot around the Irish potato famine. Their teacher, Mrs. Alice Stinchcomb, said two weeks were spent in preparation for the play itself. Script writing was done as a group project after research and discussion.

Chamber Steps Up 'Buy At Home' Plan In Mill Valley

The Mill Valley Chamber of Commerce was to send out 6,000 copies of an alphabetical list of its members to Mill Valley residents today in connection with inauguration of the chamber's "Buy at Home" campaign.

The list of 155 members gives names, addresses and telephone numbers of business and professional people.

Granville L. Beedle, secretary-manager, has announced that two desks, some chairs, a typewriter stand and a lamp have been given to the chamber to be used in outfitting the chamber office which is to be opened in the Greyhound Depot Building. The furniture was from Jack McCallum, who recently closed his real estate office in Mill Valley.

St. Louis Cathedral in New Orleans was built in 1794.

Mill Valley Passes Slope Ordinance

A slope ordinance for Mill Valley, to become effective Aug. 6, was voted unanimously by the Mill Valley City Council last night.

The ordinance, actually an amendment to the subdivision ordinance, requires that lots increase in size as the slope increases in all subdivisions of five or more lots. It was given first hearing last night, with a second hearing and final adoption scheduled for July 6. It would become effective 30 days later.

But one person spoke dubiously of the ordinance last night. That was City Attorney Thomas C. Nelson, who said: "It is possible it might work and it is possible it might not work. I am not unalterably opposed to the proposed ordinance. Put it on the books and we will try to enforce it. If there are bugs, they will be found later."

He said Marin county is using such an ordinance successfully. But he noted its use in the county is mainly for subdivisions in undeveloped surroundings. Mill Valley is mostly developed, he remarked.

Ernest L. Friberg, representing Goheen Construction Co. and Marin Capital Co. who own some 700 acres between Mill Valley and Corte Madera and will be affected by the ordinance, said "We believe in the policy."

Manuel Gomez, owner of Garden Hill Unit 2 in the same area as Friberg's properties, said he also approved of the ordinance but he wished the council would allow some of his level lots to be 10,000 square feet to make up for other lots which will have to be much larger under new ordinance.

In a separate but related action, Gomez agreed to put his request for rezoning his property from one acre to one-fourth acre lots, over to July 6. In the meantime, he said, he will make a tentative map based on the slope ordinance.

The council also:

1. Extended to 1970 Mill Valley Garbage Co.'s exclusive franchise to collect garbage in the city. A company representative asked the long extension because the firm wants to buy new packer type trucks and needs assurance the contract—which would have expired July 31, 1964, will continue long enough to make the outlay feasible.

2. Approved rezoning and subdivision requests of Antonio Varney, to allow Varney a green belt behind apartment buildings between Miller and Ethel Avenues.

3. Granted Dr. J. S. Miller of 110 Summit Avenue permission to keep a horse.

4. Amended the zoning ordinance to read that any two sub-standard lots must conform with present zoning.

5. Approved a fee of $253 to be required of subdividers for general drainage development of areas on which they are building.

6. Put over to July 6 an appeal on denial of application of a use permit to Lyle Heer to build a drive-in restaurant at East Blithedale Avenue and Lomita Drive.

7. Acknowledged receipt of check for $100 and letter from Richard L. Parino, 185 Buena Vista Avenue, who said he was pleased with the work the city had done toward improving Boyle Park.

8. Approved warrants totaling $32,381.

Parking District Meeting Planned

The Tiburon Chamber of Commerce will sponsor an open meeting next Thursday for property owners and tenants who will be involved in the proposed downtown parking district.

The meeting will be at 8 p.m. in the Tiburon Boulevard Firehouse. Property owners will be asked to sign a petition for the district.

Chamber members will investigate possibility of holding a "fall festival" in Tiburon. Ernest Chamberlain was appointed chairman.

LINDA WILLSON
Miss West Marin

Inverness Girl To Be Crowned In West Marin

Linda Willson of Inverness will be crowned Miss West Marin at a Coronation Ball, June 26 at 9 p.m., during the eleventh annual West Marin Junior Livestock Show in Point Reyes Station.

The Red Barn, once a roundhouse for the old North Shore Railroad, is the place.

Miss Willson is a daughter of Mr. and Mrs. Carl Willson of Inverness. Her princess will be Rici Elston of Bodega.

This year a new pole barn, just completed, will house the livestock exhibits of 4-H Club members and Future Farmers of America. Judging of exhibits begins at 10 a.m. on June 26.

At noon Sunday, Parade Wrangler William Hall Thomson will present the 1960 edition of the annual stock show parade. Last year 5,000 persons thronged Point Reyes Station (population 600) to see the colorful parade.

Beginning at 11:30 a.m., June 26, and continuing throughout the afternoon, chicken barbecue will be served.

Presentation of trophies and awards is scheduled that afternoon.

Blood Bank Due At San Rafael Elks Club Friday

The Irwin Memorial Blood Bank of the San Francisco Medical Society will seek donations of 150 pints of blood tomorrow from 2:30 to 6:30 p.m. at the Elks Club, Fifth and B Streets, San Rafael.

Mrs. Bernice Hemphill, director of the bank, said more than twice as much blood is being used in Marin through transfusions as the bank is able to obtain from residents at the twice-monthly stops in Marin.

This year, local hospitals have given 1,588 transfusions, but only 759 donations of blood have been secured. Since May 26 four patients alone have received transfusions of 40 pints.

WAR DECLARED ON DUMPERS

Las Gallinas Valley Sanitary District has opened a campaign against residents of the district who dump their garbage and rubbish wherever they find a spot, instead of having it picked up by Marin Sanitary Service, as required by ordinance. In upper photo, Mrs. Annie B. Reagan, secretary of the district, and Jack Bacon examine pile of old boxes and trash dumped in a Marinwood gulley. In lower picture, Marinwood Fire Chief Donald Ray points out to Floyd Horland where trash piled against fence started fire by spontaneous combustion. Fortunately the blaze was extinguished with the fence only scorched. Mrs. Reagan said the sanitary service is cleaning up the existing dump piles—but from now on, such dumping will be strictly forbidden and anyone caught at it will be cited into court.

Students At Hill School To Graduate

Three hundred three eighth graders will be graduated tonight from Hill School in Novato.

Speakers will include Fran Hasick, student body president, Steven Bradford, Dianne Chambers, Mary Donohue and James Sanders.

Ceremonies will begin at 7:30 p.m. in the Novato High School gymnasium. Principal Robert A. Patterson will give the welcome. Supt. W. J. J. Smith and Mrs. William Dougherty, a school board member, will award diplomas.

Drunken Driver Fined $150, Gets Probation

Lyle D. Sharlow, 26, of 6 Orange Court, San Rafael, drew a $150 fine and one year probation yesterday for his first drunken driving offense.

Judge Leonard A. Thomas of Marin Municipal Court sentenced Sharlow for driving while intoxicated along Highway 101 last Saturday.

Confederated Schools Employees Get Plaudits

The confederation of San Anselmo, Kentfield and Fairfax School Districts—the only organization of its kind in the state—will come to an end June 30 after some 40-plus years.

In a letter to employees of the three districts, Supt. Harold R. DePue briefly traces the history of the confederation and observes that "despite some cumbersomeness, I believe the operation has been of real service to all concerned."

DePue's letter is printed in the District Dewings, bi-weekly publication for the employees. He congratulates all the staff for a "job well done. You have been the heart of this organization."

The superintendent notes that he has had the "challenging distinction of attempting to answer to three boards . . . This has been a rich experience."

The confederation was created when San Anselmo Supt. Wade Thomas obtained consent of the Fairfax and Kentfield boards to hire him as their superintendent, too.

"In contemplating that original affiliation, I can't help but those trustees must have been looking ahead to the day when the Ross Valley would be one district," DePue writes.

After Thomas died in the mid-40's, Robert Ricklefs, then headmaster of the San Rafael Military Academy, became superintendent. He was assisted by G. Robert McConnell, now superintendent of Mill Valley schools.

Kenneth M. Forry succeeded Ricklefs in 1952 and DePue became superintendent in 1957. He will become superintendent of the Kentfield district when the confederation splits.

Apartments Rejected By Sausalito Council

The Sausalito City Council has denied T. H. Borla of 695 Bridgeway Boulevard variance to build 12 apartments over the Central Pharmacy.

The council, in so doing, upheld the planning commission which had refused the apartments on the grounds they had far less total area, per living unit, of apartment and parking space than required by ordinance.

WAS HE SAFE?—Roberto Clemente, Pittsburgh outfielder, starts his slide into third short of the bag as Giants' third baseman, Joe Amalfitano makes effort to tag him. Umpire Frank Dascoli looking at the play said Amalfitano missed and called Clemente safe. The ruling brought the entire Giant infield swarming around Dascoli in protest. He didn't change his mind. Pittsburgh won, 14 to 6. (AP Wirephoto)

Giants To Send McCormick Or Sanford Against Pirates

Combined UPI and AP

SAN FRANCISCO (UPI)—How do you stop those Pittsburgh Pirate sluggers?

That's the question manager Bill Rigney of the San Francisco Giants pondered today. In two games the Pirates have clobbered his star mound staff for 20 runs and 27 hits in winning the first two tilts of the three-game series.

"Don't know what we're going to do," said Rigney after yesterday's 14-6 massacre. "All our relief hurlers, sooner or later, seem to make a mistake."

The Giants now trail the leaders by three games.

The Pirates teed off on starter Billy O'Dell yesterday for four runs in the third inning and drove him to cover in the fifth with another tally.

But that was nothing compared with what they did to Joe Shipley, Stu Miller, George Maranda and Bud Byerly. Billy Loes, who was in there for only two-thirds of an inning, escaped without damage.

So today Rigney plans to call on Jack Sanford, his strong-armed righthander. But Rig admits he may change his mind and use southpaw Mike McCormick in this final game of the series.

Hurling for the Pirates will be Wilmer (Vinegar Bend) Mizell, a southpaw with a 3-3 record.

The Giants did a bit of hitting themselves yesterday, getting 12 safe blows, compared with 19 for Pittsburgh. But the Pirates clustered theirs. They put together four hits for four runs in the third; got five runs off five hits in the seventh.

Harvey Haddix, the winning pitcher for the Pirates, took it easy on the mound—but he was a tiger at the plate with a bloop double, two infield scratches and one solid hit to go for 4 for 5 for the day.

The big gun for the Pirates was Don Hoak, who clouted a single, double and triple and drove in four runs. But Dick Groat got three singles and a triple; and catcher Hal Smith a double and two singles. The Pirates had six doubles and a pair of triples in their collection.

For the Giants, Orlando Cepeda clouted a 420-foot homer between the flag poles in center field. And Willie Mays hit one to left center at the 400-foot mark. Both blows came with the bases empty.

Hoak said Billy O'Dell, Giant starter, was throwing good stuff until until Roberto Clemente was called safe on a disputed two-out play at third in the third inning.

Hoak agreed with Bill Rigney, Giant manager, that Umpire Frank Dascoli's call on Clemente was the game's turning point. Rigney said the inning would have ended in a 1-1 tie, but Hal Smith's double and Hoak's triple followed for three more runs.

Giants Jottings: Catcher Bob Schmidt, pitcher Sam Jones and Coach Wes Westrum were tossed from the game for baiting the umpires . . . Rigney claims, and most of the fans and press agreed, that on the disputed play in the important third inning, Clemente ran at least five feet out of the base line when Joe Amalfitano was attempting to tag him. But the ump ruled him safe . . . the Giants once again are looking toward their Tacoma farm to see if anyone there would measure up as a relief hurler . . . Don Hoak, Pirate third baseman, referring to the wind, says: "You can't play major league baseball in this park. It's the only park I ever played in where the wind is strong enough to blow ground balls off course." . . . The Pirates committed four errors yesterday. But the same defense pulled off a pair of double plays to get Haddix out of trouble. The infield now has five twin killing in two games.

Probers Eye Fight For Irregularities

WASHINGTON (AP) — Senate investigators said today they are watching for any moves by racketeers to cash in on the Johansson-Patterson heavyweight championship bout next Monday.

Sen. Estes Kefauver (D-Tenn.) told a reporter he had authorized this scrutiny.

Kefauver heads the Senate antitrust and monopoly subcommittee now investigating underworld influence in professional boxing. Two days of public hearings which ended yesterday concluded the first phase of the study.

'ROTTEN'

Rand Dixon, the subcommittee's chief counsel, charged that boxing is "rotten from top to bottom" and needs federal regulation.

The subcommittee already had disclosed that Ingemar Johansson, the Swedish world heavyweight champion, and Floyd Patterson will be witnesses in later hearings on alleged irregularities concerning the promotion side of their first bout a year ago.

Kefauver said he felt it was only logical that "if we look at the first Johansson-Patterson bout, we should also look at the other."

John G. Bonomi, Dixon's associate counsel, added that "all aspects of every important bout" are under scrutiny.

During the two days of hearings:

1. Former middleweight champion Jake LaMotta related that he had lost a fixed fight in 1947 to Billy Fox. He said he turned down a $100,000 bribe offer, but agreed to lose in return for the promise of a future chance at the title he finally won in 1949.

2. Irving Mishel, a convict and former money lender in the underworld, swore he has been threatened with harm if he tells what he knows of mobsters' money deals in the boxing business. He invoked the Fifth Amendment.

THIS OLD PRO HAS TO TAKE A BACK SEAT

NASHVILLE, Tenn. —A professional golfer usually waves goodbye to his wife and family and heads for the course.

But today things are different at the home of Harold Eller, pro at the Old Hickory course.

Mrs. Eller and daughters Judy and Beverly (Mrs. Robert Boner) are away competing in the state women's tournament. Sons Richard, 13, and Mike, 9, are playing in schoolboy events.

Ladies Golf Winner

The final round of the Indian Valley spring handicap was won by Mrs. Lynn Sumpter, who defeated Ann Sears, 2-up. Consolation flight was won by Velma Greene, who defeated Boneta Besse, 1-up.

Drake High Pool To Be Opened

The Drake High School swimming pool will be open to the public from 1 to 5 p.m. Saturday and Sunday.

The pool will be closed next week, then will be opened for its summer schedule starting June 25, when it will be open every day except Mondays, 1-5 p.m. Wednesdays, Fridays, Saturdays and Sundays, and 1-8 p.m. Tuesdays and Thursdays. Fees will be 15 cents for grammar school children, 25 cents for high school and 40 cents for adults.

Tuesday and Thursday evenings will be family nights, with children with parents to be admitted free after 5 p.m.

Drake will also start its summer basketball play on June 28, with games to be played at 7, 8 and 9 p.m. Tuesdays (high school age) and Thursdays (adults).

BASEBALL ROUNDUP

Cardinals Starting To Look Like Contenders

By ASSOCIATED PRESS

The St. Louis Cardinals are seven games behind and the Chicago Cubs trail by 9½. But they are the two top clubs in any pennant plans Pittsburgh has at the moment in the National League race.

The Pirates have a three-game lead — biggest bulge of the season in the majors — after socking second-place San Francisco 14-6 yesterday.

They pulled five games away from third-place Milwaukee after the Braves managed no more than a split with the Cubs in a twi-night doubleheader.

But while the Cubs, winning 8-5 after a 5-4 loss, kept the Braves from closing in, the Cardinals continued to look like possible challengers with a 6-0 victory over Cincinnati. It was the fifth success in six games for the fourth-place Cards, who took three of four from the Pirates last weekend. They did it behind the three-hit pitching of rookie Ray Sadecki.

Los Angeles walloped last-place Philadelphia 14-2 in the other NL game.

In the American League, the New York Yankees were held to a 7-7, 12-inning tie by Kansas City and rain, but gained a share of first place with Cleveland. The Baltimore Orioles made it a virtual three-way deadlock — just one percentage point behind — by dividing a twi-night pair with the Indians. The Chicago White Sox regained fourth place with a 6-4 victory over Washington. Boston spilled Detroit to fifth by beating the Tigers 4-3 in 10 innings.

The seventh-place Cubs, who almost made it a sweep by junking Warren Spahn's four-hit shutout with four ninth-inning runs in the opener, came from behind with six runs in the nightcap eighth. An error by Red Schoendienst, which made four of the runs unearned, and five singles did it as the Cubs tagged starter Carl Willey, losing reliever Ron Piche (0-2) and Lew Burdette in the big frame.

Moe Drabowsky (2-0) won it in relief after the Braves scored all their runs on homers by Ed Matthews, who socked two, and Wes Covington.

Ed Bouchee's three-run homer off reliever Don McMahon capped the Cubs' ninth-inning rally in the first game. McMahon (2-5), winless since opening day, finally won it when the Braves beat Seth Morehead (0-4) with a two-run ninth capped by Al Spangler's single.

Sadecki, a 19-year-old lefty, walked eight but struck out nine for his first major league victory in three decisions.

Somebody Had Better Start Doing Something About Wind At Ballpark

HANLEY

So nothing can be done about Candlestick's wind? Everybody talks about the weather but nobody does anything about it. Not true.

A couple of generations ago there was a smart fellow named Adolph Sutro who came up with a practical solution for drawing off water from the silver riches of the Comstock Lode with an ingenious tunnel.

The same man built practical wind breaks for his property in San Francisco that extended from the old Cliff House to Twin Peaks, all of it barren sand dunes. He accomplished that feat by sprinkling eucalyptus seeds, brought by four-masted sailing boats from Australia, in the sand.

Now, it is not practical to start sprinkling eucalyptus seeds around Candlestick Park with the hope or expectation that the wind problem would be eliminated next season. However, the Giants have a 35-year lease on the plant and trees grow pretty good in that time. They certainly won't spoil the now bare terrain in the immediate vicinity.

IF THE TREE planting project is abhorrent to adjacent land owners and impractical as a speedy solution of the wind problem, then a massive windbreak—even though costly — should be considered.

The best kind of windbreak would be extension of the second deck of the stadium out around the left field wall to center. Or so it would seem, since the wind howls around the left field corner now.

MAJOR LEAGUE baseball in Candlestick Park during the past couple of weeks has been farcical due to the wind. Every team that has visited there is only too happy to leave. And the Giants themselves will be happy to get out on the road next Monday.

It has been frustratingly trying on the players but no more so than on the fans themselves who are beginning to ask for odds on whether or not a pop-up will be caught. Every fly ball is an unpredictable thrill.

INSOFAR AS THE players are concerned, they are professionals and should adapt to the conditions. But the fans do not have to put up with the kind of entertainment they have been witnessing in Candlestick.

SHOULD THE GIANTS win the National League pennant and the wind is howling in October around Candlestick as it is now, hundreds of visiting sports writers for the World Series are going to write some choice copy—and most of it will be about the wind.

Long-time residents in the immediate vicinity of Candlestick Park say that July, August and September are windless.

AND IT MIGHT ultimately prove to be the practical solution—night games predominantly during April, May and June, mostly day games the latter part of the season, because the wind definitely is down at night around Candlestick.

COURSE FOR U.S. OPEN GOLF—This is the layout of the Cherry Hills Country Club course at Denver, Colo., where the U.S. Open Golf Championship is being played, starting today. Course totals 7,004 yards and has par of 35-36 for a 71. Entered are 150 golfers. Tournament ends Saturday. (AP Wirephoto)

Accuracy, Not Power, Seen As Biggest Factor In Open Tourney

DENVER, Colo. (UPI)—Accuracy rather than power is expected to be the decisive factor in the U.S. Open golf championship starting today.

Because of that, the pre-tournament dope figured one of golfing's younger guard, like Arnold Palmer, Dow Finsterwald or Ken Venturi, probably will win it.

As usual, however, two 48-year-olds, Ben Hogan and Sam Snead, ruled the sentimental favorites for this 72-hole, three-day grind.

It figures to be one of the biggest and best of the U.S. Opens. Prize money has been increased to $60,000, with the winner receiving $14,440. That is $4,400 more than Billy Casper collected when he won the title last year.

Joseph Dey, executive director of the U.S. Golf Assn., also announced that a record had been set for tournament ticket sales, with 8,138 already sold. The old mark was 7,687.

The scene of this 60th renewal of the world's number one tournament will be the 7,004-yard Cherry Hills course in mile high Denver. The winner will have to thread the fairways, for they are narrow and there are numerous water hazards.

"The course requires placement shots, especially off the tee," explained Ralph (Rip) Arnold, the home pro. "This sets up the approach shot. You want to be where the greens open up."

That factor, Arnold believes, favors Hogan, so he is picking bantam Ben to win the Open for an unprecedented fifth time.

Hogan's game, Arnold believes, is best fitted for the Cherry Hills course, but if Ben should falter Arnold picks Snead, who never has won the Open but has been second four times, to take it.

Not many golfers agree with Arnold's choice. They point out that while Hogan is shooting as well as ever from tee to green, his putts aren't dropping any more. And Snead never seems to have it in this tournament which the players want to win more than any other.

They also point out that golfers like Palmer, Finsterwald and Venturi have the type of game suited to the Cherry Hills course, too. So does Casper. And not to be counted out are such players as Gary Player, Art Wall, Jerry Barber, Julius Boros, Bob Rosburg, Cary Middlecoff, Tommy Bolt and others. There aren't many who favor the chances of such long ball hitters as Mike Souchak.

Par for Cherry Hills is 35-36—71. The first few holes are not too difficult, but the finishing holes are. When the Open was played here in 1938, Ralph Guldahl won with 284.

The 150-man field played the first round today and will play the second tomorrow. The low 50 and ties will qualify for the final two rounds on Saturday.

IT IS NOT SO FUNNY THIS TIME

GROSSINGER, N. Y. (AP) — A year ago, before he took the heavyweight title from Floyd Patterson, Ingemar Johansson told newsmen he was going to finish up his training five days before the battle and "let strength and power flow into my body.

"Every day I rest I will get stronger and stronger," said the Swede, an unknown quantity then.

Most everyone at the press conference snickered.

Well, Ingemar said the same thing yesterday, just five days before his return title bout with Patterson in the Polo Grounds Monday.

No one laughed.

Pro Gridder Weds Daughter Of Reputed Racketeer

CHICAGO (AP)—Marie Judith Accardo, 20, daughter of Tony Accardo, reputed crime syndicate chieftain, has married a professional football player and a member of a prominent suburban family.

The bridegroom is William Palmer Pyle Jr., 22, a member of the world champion Baltimore Colts and former star tackle at Michigan State University. Miss Accardo attended MSU one year.

Pyle's father is city sales manager of Kraft Foods in Chicargo. His brother, Mike, is center and captain-elect of the Yale University football team. The Pyles are from Winnetka.

The couple was married in marriage court May 23, it was learned yesterday. They have been living in suburban Evanston, but will move to Baltimore in July where Pyle will join the Colts.

Vacationers will swarm, as usual, into the great National Parks this summer where many will make their first acquaintance with the wild bear.

If you do come near one of these 1,000-lb. chunks of bear meat, enjoy it at a safe distance.

Then, when you return home you can enjoy Ol' Vatcation Pak. It's the Independent-Journal saved while you vacation.

You'll have all your favorite comic characters, and two weeks of sports and society news. Politics is boiling over this summer and you don't want to miss any part of it.

Features you like will all be there such as Roscoe Drummond, Hal Boyle, Today's Editorial.

All you need do is call GL 4-3020 or t ell your carrier. Your newspapers will be saved while you vacation and delivered in a neat package when you return. There's no extra charge for this service and you'll enjoy catching up on what took place while you were away.

Getting Rid Of Evidence Not So Easy, Game Law Violator Finds

STEVENS

Howdy, folks! They tell us the Canadian Mounties "always get their man." May we suggest that the California wardens do likewise, even if they must bring up evidence from the bottom of the sea.

How come? Listen! It happened Sunday. A commercial fisherman was seen getting abalones. He started to enter Bodega Bay. He was hailed by the wardens Told to halt for inspection. Warned not to throw the sack of abalones overboard.

The fisherman did throw the mollusks overboard and laughed at the lawmen. But our hardy hunters of the lawless had the last laugh. With the aid of skin diving gear, the sack of evidence was brought to the surface—80 abalones, 55 of which were under the size limit.

The culprit was arrested. It's now up to the judge, who we hope doesn't laugh. We're sure the commercial fisherman isn't.

CHIEF WARDEN Al Giddings, who gave us the above information, waxed eloquent when he reported on the clam and abalone hunting over the past weekend. "There were 86 cars at Dillon's Beach on Sunday," he told us. "We counted 283 limits of abalones at that one spot alone.

"At Abalone Point, off Bolinas, we counted 200 cars, and almost as many at Drake's Bay. A rough estimate is 3,000 legal abalones taken—and no violations."

WE ASKED GIDDINGS if any news had come in of halibut in Tomales Bay. "A rumor, only. I heard one or two have been taken, but didn't verify it. Should be happening, though. It's the right time of the year."

Seems like our Marin County sportsmen are just that. Several wardens watched from cover while anglers hooked hundreds of undersized stripers in at least two sloughs and released every one.

WE ASKED GIDDINGS about giant clams at Dillon's Beach. He told us there were 200 cars at Lawson's Resort, 600 people, all after clams. With but a few exceptions all had clams and most of them limits.

Red Scanlon reported that he and other members of the Marin Rod and Gun Club did themselves a lot of good trolling on the club pier with single rigs while walking along the pier trailing live shiners. Caught a flock of mighty fine, fresh run stripers in the six to 12 pound class on the afternoon tides over the weekend.

TROLLING IN the late afternoons has been from warm to hot in the upper San Pablo Bay. Carl Bennett of the Rodeo Marina called on Monday morning to tell us some fast and fancy fishing had been had on both Saturday and Sunday trolling between the Union Oil Wharf and Buoy 10. He mentioned the Two Dares, with skipper Louie Dare at the helm, taking limits easily for his passengers. "All nice fish, large mediums," stated Carl Bennett.

So that's that for today. See you tomorrow. Until then, goodbye, good luck and go get 'em!

Lakes Restocked

This week Phoenix and Lagunitas Lakes in Marin are scheduled to be restocked with catchable-sized trout by the Department of Fish and Game. Anglers are reminded that this list is tentative and subject to change, depending on water and road conditions and other factors.

Standings Listed In San Anselmo Baseball Leagues

Rotary Club and American Legion are tied for the San Anselmo Little League lead as the Hub City's baseball season passed the halfway mark. Each has seven wins and three losses. The Fire Department was in third place, Jack's Drug fourth and the Lions Club fifth.

In the minor league, Home Market led with eight wins and two losses, followed by Wilson-Wedekind Builders, Paul's Body and Paint, Catey's Whirlpools and Chapel of the Hills.

The Junior League nearing the halfway point was led by Tool-Teria Rentals with a 5 and 2 record. Mariani's Cabinets was a game behind, followed by Maggi's Flowers, Van Rotz Contractors, and Booth & Little Roofers.

Iacopi Meat Co. and Guasco Supermarket are tied for first in the new Senior League with 2 and 1 records after two weekends of play. Currie Construction and San Anselmo Merchants were tied for third with 1 and 2 marks.

The Legislative Outlook For Sportsmen Could Be Called 'Promising'

SACRAMENTO (CNS) — The deer, pheasants, trout and other fish and wildlife in California — who don't have the vote as yet — will be happy, or unhappy, as the case may be, to learn that all of the people dealing directly with them in the legislature apparently will be re-elected.

Last week's primary showed no casualties among fish and game committee members and most of them polled high enough primary election votes to indicate, if not assure, their re-election in November.

But the wildlife, as well as the human-type voters, would do well to be on their guard between now and November. They should beware of campaign promises, polls and all interim committee meetings.

Although it has gained in prominence in recent years, the hunting and fishing business still is a second-string business in the legislature. This means not too much attention is paid to it during the legislative sessions when the money is being handed out and other services performed.

But most politicians who try to put on an all-out campaign —at some time or another during the campaign — see the desirability of corralling this big segment of voters. Then come the promises—more fish, more deer, more pheasants, lower license fees, more boat launching ramps, lower boat launching charges, and the like.

The politicians usually manage to find some willing lieutenants among the organized sportsmen. These titled officials will make statements in support of most everything the politician wants.

Come the day after the election, however, and fish and game for the most part, is right back in its second-string status.

In defense of the elected officials, however, it should be pointed out that the support of outdoor groups has never done much for candidates.

The term "organized sportsmen" is somewhat of a misnomer when it comes to statewide or even district-wide organization. Only on a few occasions have all the sportsmen got together enough to put programs through.

One example of this was the anti-net legislation which first was passed in 1951 — outlawing commercial nets in the Sacramento river — and in 1957, when the nets were banned from the Sacramento-San Joaquin system above Carquinez Straits.

This was that rare example when the sports fishermen could all line up in opposition to the commercials.

On such things as deer management, pheasant management or the catchable trout program, the lack of unity has been apparent.

But, getting back to the legislators and other politicians, the story of the one big fight that found all organized sportsmen in agreement and organized has an ending which helps add to the caution with which the office-seekers approach the whole question of fish and game.

The 1951 anti-net legislation was authored by Sen. Verne Hoffan, a Republican from San Joaquin County. Following passage of the bill, Hoffman was hailed as the hero of all inland fishermen. In 1954 he was defeated in a bid for re-election to the State Senate.

In 1957, Sen. Louis Sutton, a Republican from Colusa County, was the standard bearer for the successful anti-net fight. In 1958, Sutton was retired by the voters involuntarily.

Thus, the record for the legislators who have gone all out for the sportsmen is not one to provide much encouragement.

Giants Have Pennant Qualifications But Have To Put Them Together

CONNOLLY

The old wheeze about being so close to the forest one can't see the trees applies to baseball, as well as other things.

Our S.F. Giants offer a good illustration.

Two front-line pitchers, Johnny Antonelli and Stu Miller, have disappointed, so far, with little, if any, relief in sight.

Lack of full infield strength, due to Davenport's injury and McCovey's stubbed toe, plus on and off (principally off) batting slumps of Cepeda, Mays and Blasingame, and a not too hefty or smart catching department, are a few of the observations sometimes overlooked in the face of a slowly backward movement by the Giants.

Not many clubs in the league could stand a crimp like the Giants and still hang in there.

BUT THE NICEST attribute of the Giants is they have power, hidden or otherwise; fielding strength, speed and a voluminous pitching staff of five starters.

When you combine power, speed, defensive strength and reliable pitching, you pretty nearly cover the highlights expected of any club rating championship possibilities.

THE GIANTS HAVE all of the above needs, but so far haven't been able to coordinate them, and that goes back to the fundamentals of a possible winner. You gotta have somebody at the head of the aggregation who can and does make decisions on the spot.

Bill Rigney hasn't been the director or the producer of other seasons. Maybe Bill isn't in the best of health but the old gag and so often told is that "if it's too hot in the kitchen, get out of it" is applicable in this case.

THE GIANTS DO NOT play like a well organized club. And there are rumors, emanating from all sides, that some of the gang are cutting capers.

Just as an illustration, one of the Giant players bought a home in S.F. and was telling the salesman of the troubles.

"You can't stay out late and kick up your heels and play winning ball," Kirkland is supposed to have told this realty salesman.

I DUNNO HOW TRUE it is and I've never worn a star or been a copper in my life, but you can bet a hatful some of the gang are raising cain.

For a long time Orlando Cepeda hasn't been himself, but thank goodness, the kid is coming through now. The National League pitchers owe him a lot of hits he didn't get in the first month of the season and you mark my words, Cepeda is going to collect those hits.

AS FAR AS I'M concerned, and it might not be clubby for me to say it, I do not think Orlando is ever going to be a Ty Cobb or a Tris Speaker or a Joe Di Maggio or a Willie Mays in the outfield. He just stumbles out there and if you haven't observed it, you ought to change opticians.

Cepeda belongs on first base if the Giants want to get the most out of his ability. And I don't care if that means Willie McCovey has to try out as a pitcher.

Don Blasingame hasn't been hitting up to his usual style but he is a hustling athlete who gets on base a lot of times and scores a lot of runs. So let's lay off him and alternate him whenever needed with Joe Amalfitano, who in my book rates the greatest blessing the S.F. Giants infield ever got.

AMALFITANO plays a variety of spots. He's not too fast but he's reliable. I like him better on third than on second because on second his lack of speed shows up more. You never notice how clumsy he is on third base. But on second he sometimes looks like a coal heaver on a wax floor.

One very critical aspect of the Giants is the pinch hitting department. It reeks to heaven with an unmatched odor. Not one of the three big shots, Jim Marshall, Dave Philley or Dale Long, has begun to hit his stride. And while they are slumping they can expect no favorable comment. They've just got to snap out of it. And if they don't they better start examining bus schedules.

ONE OF THE very pleasant surprises of the season to date is Andre Rodgers, the Bahamas kid, whose ill-fated shortstopping proved so costly last year.

Rodgers, so it would seem, really has found the position where he belong — first base.

What a relief, and what a comeback Rodgers has made for a fellow who confessed over the radio he "froze up" in the field. No one watching him this spring at Phoenix would ever have guessed he was so sensitive. And now that he is clicking, gosh what nice things one can say about him.

SMASH—Italy's Diulio Loi, right, welterweight champion of Europe, bounces right off the head of junior welterweight champion Carlos Ortiz of New York in ninth round of their 15-round junior welterweight championship bout at the Cow Palace in San Francisco last night. (AP Wirephoto)

Ortiz Retains Title On Split Verdict, Offers Loi Rematch

SAN FRANCISCO (AP)—Junior welterweight champion Carlos Ortiz changed his tune today and offered Italian Duilio Loi, loser in a close and gruelling 15-round title fight, a rematch.

Ortiz, 23-year-old Puerto Rican-born New Yorker, contended before the first round bell that last night's nationally televised bout would be a warmup, a stepping stone to a battle with Joe Brown who holds the more lucrative lightweight boxing crown.

But after the split decision verdict, Ortiz commented. "Sure I'd give Loi a rematch. I think it would be a terrific match and would fill the Cow Palace."

Only 4,252 paying fans showed up at the 16,000-seat arena, paying a gross $20,411 to watch Ortiz, 137½, and Loi, 140, belt each other.

Loi, 31, who lost only his second of 112 fights, said he reinjured his hand in the second round. The hurt fist had caused a two-week postponement.

Loi said he would welcome a rematch.

Referee Vern Bybee and Judge Matt Zidich scored the fight even after 13. Judge Fred Bottaro had Ortiz two points in front.

Bybee scored the last two rounds, both furious, for Ortiz. Zidich saw them for Loi; Bottaro had them even. The AP gave each a round.

The final verdict: Bybee and Bottaro for Ortiz, 145-143 and 143-146, Zidich for Loi, 145-143. The AP had it for Ortiz, 145-143. (UPI scored it for Ortiz, 144-143.)

There were no knockdowns. Ortiz went down in the second for a moment but Bybee called it a slip.

Steve Klaus, Loi's manager, said if the referee had called it a knockdown his fighter would have won. Klaus declared he thought Loi won but agreed it was close.

Phillies, Reds Announce Player Swap

PHILADELPHIA (AP) — The Philadelphia Phillies today announced the trade of outfielders Harry Anderson and Wally Post and a minor league player, Fred Hopke of Buffalo, to Cincinnati for Tony Gonzalez, Lee Wall and a minor league player to be named later.

Anderon, 28, broke in with the Phillies in 1957. In 1958 he was named major league sophomore of the year when he batted .301 with 23 homers and 97 runs batted in, his career high. But last season he slumped to .240. His average thus far this season was .250.

Post, 30, will be returning to the club he broke in with in 1953. His best year was in 1955 when he hit 40 homers, batted in 109 runs and ended with a .309 average. He was used sparingly this season after a poor 1959 when his average slipped to .254.

Gonzalez is 22. The Cuban is in his first year with the Reds, coming up from Havana where he hit .300 last year. Walls, 27, broke into baseball with the Pittsburgh Pirates, later was traded to the Cubs and then the Reds. His best year came in 1958 with the Cubs. He batted .304 and hit 24 homers.

Gonzalez, Walls and Post are outfielders.

Court Hearing On Case Of Rams Vs. Cannon Near End

LOS ANGELES (AP)—Possibility of a heated windup of the Los Angeles Rams - Billy Cannon injunction trial loomed today in federal court.

The Ram attorneys indicated they will try to get into the record a $110,000-plus contract the ex-Louisiana State University all-America star signed with K. S. (Bud) Adams, owner of the Houston Oilers of the rival American Football League.

AMENDED SUIT

Knowledge of the contract was revealed in an amended suit filed several weeks ago by the Rams, who belong to the National Football League. It has been referred to in the present trial but not introduced as yet in evidence.

The Rams signed 22-year-old Billy to a 3-year, $50,000 contract Nov. 30, 1959. They claim Adams signed Cannon on Dec. 22 in Baton Rouge.

'TAMPERING'

Both dates, of course, preceded Cannon's last game as a collegian in the LSU-Mississippi Sugar Bowl game in New Orleans Jan. 1.

Each faction has accused the other of tampering with Cannon's amateur standing and coming into court with "unclean hands."

It will be up to Federal Judge William J. Lindberg to decide which, if either, has the dirtier hands.

The judg may take the case under advisement and make his ruling at some later date.

NFL RULE

In testimony yesterday, it was brought out that the NFL constitution notes that one of its teams will not "play" a boy who still has college eligibility. It does not use the word "sign."

With all the row, would the Rams still want Cannon to play for them if they win the case?

Elroy (Crazy Legs) Hirsch, former star end for nine years and now general manager of the Rams, testified emphatically:

"Very much so."

Cannon, through his attorneys, has said he will not play for the Rams regardless of the outcome of the suit.

SNAKES ALIVE! LOOK WHAT MUSEUM GOT

S. Thompson Walker, director of the Junior Museum of Marin, removes the museum's newest "pet" from sack (labeled "canary food") held by F. M. Knox, director of museum's current fund-raising campaign. The pet is the 14-foot python which was shipped here for Judy Philo of San Anselmo, but proved too much snake for her. It was presented to the junior museum by the Gay Pet Shop. It is being displayed this week in the window of the former Marin Title Co. office at 1300 Fourth St.

'CRISIS,' 'REVOLT'

Farmers Prepare To Fight Labor

SACRAMENTO (AP) — Labor tension mounted on California farms today as lawmakers sought solutions and farmers prepared to fight organized labor with a mobile work force.

The Senate Fact Finding Committee on Labor and Welfare heard seven hours of testimony yesterday on the struggle over attempts to unionize farm workers, but planned no immediate action.

One farmer called the situation "the most grave crisis ever faced by California farmers." Agriculture is a three-billion-dollar a year business in the state.

A union leader said it is a "mass revolt against the intolerable conditions imposed upon farm workers."

Farm groups, meanwhile, planned two new moves:

1. Recruitment of a large mobile labor force by 14 farm groups to help with harvests on farms picketed by union organizers.

2. An appeal to U.S. Labor Secretary James P. Mitchell to overrule a state ruling which denies referral of workers to farms where a labor dispute is in progress.

Union spokesmen at the hearing demanded an end to the use of imported labor and to exemption of agricultural labor from benefit programs available to other workers.

Farm spokesmen countered with demands for special laws to protect farmers from crippling strikes at the peak of harvests.

They argued that crops present a special problem because they are so highly perishable.

Norman Ross, a packinghouse union spokesman, called that "sophistry."

"The perishable crops of California will be in danger of spoilage as long as employers in agriculture continue to refuse to bargain collectively with their employees," he said.

Ivan G. McDaniel, an attorney for several farmers groups, said the present picketing by "stranger pickets" from the Agricultural Workers Organizing Committee is illegal because it is done by organizers instead of employees.

The AWOC has posted pickets at a number of farms in its campaign to organize the state's 250,000 farm workers and to get higher pay and improved working conditions.

PUPIL COST INCREASES $8 DURING YEAR

SACRAMENTO (AP)—It cost an average $351 per pupil to operate California's elementary schools last year, $8 more than in the previous year.

That figure was reported yesterday by the controller's office in statistics on 1958-59 school expenditures that showed costs per pupil have risen in all public schools.

It cost $534 per pupil to operate high schools, a $6 increase, and $598 per junior college student, an $18 boost.

The average cost in unified districts, where expenditures are for all three types of schools, was $414 per pupil, about $12 more than in the previous year.

Station Reports Theft Of Tires

Five new tires worth more than $150 are missing from a San Rafael service station, Officer Raymond Bleasdale reported yesterday.

Raymond A. Blanquie, who owns Ray's Wilshire Service at Fourth and Irwin Streets, found the tires were gone from his stock Monday Last Saturday, he noticed two tires missing but did not report the loss. But when three more disappeared, he complained to police.

Census Puts State 2nd With 15 Million Persons

SACRAMENTO (UPI) — The 1960 census today placed California's total population at 15,650,000 persons, the second largest in the nation.

Dr. Carl Frisen, population expert for the State Department of Finance, today gave that estimate from preliminary figures.

Frisen said the total showed:

1. That California would be the nation's most populous state in 1964 if both California and New York continue to increase in population at the same rate they have in the past 10 years.

2. That California should gain eight new representatives in Congress. "Frankly, I think that will happen," Frisen said.

The preliminary figures from local census offices showed California population totals 15,532,279.

However, Frisen said, the U.S. Census Bureau will add nearly 120,000 more to account for the transient residents, such as ship crewmen, who were not available in their home state for the census count.

The total showed California's population increased 5,064,000 in the past 10 years, an average of 506,000 new residents a year.

New York was declared still the nation's population champion Tuesday when the census bureau announced its total at 16,596,507 an average increase of 190,000 per year over the last 10 years.

Doctors Can't Agree On Sanity Of Indian

FRESNO (UPI)—Psychiatrists were unable to agree today on the sanity of Rayna Tom Carmen, 49, a Mono Indian who was a Death Row inmate at San Quentin Prison for nine years.

Dr. Harry Bramwell of Stockton State Hospital reported Carmen is mentally fit to cooperate in his defense against a murder charge in federal court. However, Bramwell said it "seems evident he was medically insane at the time" of the crime.

Drs. Mark Zeifert and Max Levisohn of Fresno disclosed different results in previous examinations. They concluded Carmen was unable to assist in his defense and his mental ailment probably was a permanent condition.

A sanity hearing is scheduled Tuesday for Carmen, who is charged with the fatal shooting of Wilbur McSwain near North Fork in 1950.

Carmen won release from Death Row in February when a U.S. appeals court ruled Madera County Superior Court had no jurisdiction because the shooting occurred on a Federal Indian reservation. However, he was re-arrested on the federal charge.

Honored graduates were the Misses Sallie Humberger, Judy Crow, Cindy Bost, Bryce Moore, Sue Overstreet, Anne Paine, Clara Gardin, Phoebe Clark, Sandy Boyer and Sharon Denham.

Escorting the girls to the party and on to the dance were Clyton Bidwell, Ned Wenans, Marshal Niedecker, Jack Manning, Paul Nordstrand, Nick Tideman, Carl Miersemann, Frank Wykoff, Bruce Belon and Ben Chamberlin.

Young Couple Honor Guests At Dinner

Residing in San Francisco at 2380 California after Saturday will be the recently married Mr. and Mrs. Sam Wakefield Morris (Ruth Fredericka Settmacher). They were married at the home of the bridegroom's mother, Mrs. Lon C. Watson, and Mr. Watson in San Anselmo.

Honoring the young couple, Sam's sister, Mrs. David Lowell McIntyre and her husband gave a dinner party. Guests included Mr. and Mrs. Watson, the bride's sister, Mrs. William Gartner, and children, Freddie and Ivan, who were enroute to meet the husband and father in Okinawa, Miss Tannette Jaloff and Mr. and Mrs. R. C. Redway.

'A WONDERFUL GUY'

Expressions Love, Admiration Pour In For 'Letters To Father'

By GAY PAULEY

NEW YORK (UPI)—Fifty thousand children can't be wrong. Pop's a wonderful guy.

Expressions of love and admiration, with one wry reference to dad's developing paunch, ran through the missives entered in the "Letters to Father" contest to honor the old man on his day, June 19. The Cigar Institute of America sponsors the contest, which this year drew a record 50,000 letters.

"My father is a jaunty guy, kind of hiding his mid-age bulge, but strong as an ox," wrote Mario Berlanda, 15, of Willow Grove, Pa., winner of the first prize in the boys' division.

Mario, a ninth grade who hopes one day to be a teacher, went on to say how much he admired his father, also a teacher. "We enjoy mutual understanding of each other," he added.

First prize in the girls' division went to Marion Boisvert, 14, of Barrington, R.I., who wrote "When the time comes for me to marry, I hope I marry a boy just like you . . ."

Dalla Redbird, 7, of (23108 Harding Street) Hazel Park, Mich., took second in the girls' division with a four-line letter of admiration for her father because he "Helps me with my music . . . beats tom-tom for me." A postscript added, "My daddy's name is William A. Chief Redbird."

Third place, girls' division, went to Melba Wehunt, 16, (Route 6, Jamerson Road) Marietta, Ga., who said "You have never had a son . . . always been surrounded by petticoats, but you have given me a relationship few daughters have with their fathers."

Second prize for the boys went to Sheldon Breger of (818 N. Sycamore Avenue, Los Angeles) who paid a touching tribute to his step-father. "His first thoughts are of us," he wrote, "Then mother and last, himself."

Andrew Jarvis, 7, son of the assistant headmaster of Episcopal Academy, Overbrook, Pa., took third prize in the boys' division with a letter of thanks to his dad for driving him to Sunday School and keeping "The hall light on at night."

A special family prize went to the four Spinetti girls—Dolores, Joanne, Ramona and Patti—of Daly City, Calif., who wrote "God knows you've tried for a son. All you've gotten is four daughters, but that doesn't seem to bother you at all."

A committee of judges (including a representative of the national Father's Day Council) selected the winners, but chuckled over many another entry — even it it weren't award-worthy.

One child wrote, "I am glad we have the same germs so I can kiss you."

"I consider myself lucky to be one of your daughters, even if I did inherit your hay fever," said another.

My own favorite came from an 11-year-old who wrote, "My dad likes little girls like me and big girls like mommy."

LEAVING SOON for Europe to participate in the Experiment in International Living will be Joan Harris of Larkspur, a sophomore at San Jose State College.

Bridal Shower Will Honor Eve Black

On Saturday, Eve Black of Larkspur will be honored at a luncheon bridal shower in the garden patio of Sabella's in Marin given by her aunt, Mrs. Norman Rose of San Francisco.

Mrs. Jack Hodes, mother of the prospective bridegroom, is flying up from Los Angeles for the affair and will attend with her daughter, Mrs. Al Silver of San Rafael.

Among those lunching under the flowered umbrellas around the fountain will be the bride-elect's mother, Mrs. David Black of Larkspur, her grandmother, Mrs. Pauline Goldrod of San Francisco, and her aunts, Mrs. Oscar Mosk of Kentfield, Mrs. Harry Tornek and Mrs. Harry Goldrod of San Francisco.

Miss Black will be married Labor Day weekend at the Mark Hopkins Hotel in San Francisco to Jerry Hodes of Los Angeles. The couple will make their home in Los Angeles. She is a technician at Mt. Zion Hospital.

FAREWELLS FOR JOAN HARRIS

Farewell parties are being given for Joan Harris, daughter of Mr. and Mrs. W. M. Harris of Larkspur. Joan, a sophomore at San Jose State College, is leaving soon to participate in the Experiment in International Living. With an American group she will sail from Quebec on June 30 aboard the Irtinia. For four weeks she will live with an Italian family in northern Italy and then with this family and others in the group make a tour of the country.

In Joan's honor her aunt, Mrs. Perry Harris of San Anselmo, is giving a luncheon on Saturday. Recently Joan's sister, Mrs. J. Barnett Sumski, gave a tea for the traveler. A surprise to the guest of honor, it was attended by many of her former classmates. She is a graduate of Sir Francis Drake High School.

Lutheran Unit Elects Staff

The Women of Faith Lutheran Church recently met at a no-host dinner at the home of Mrs. Russell Nelson of Greenbrae with Mrs. Kenneth Caldwell, outgoing president, and her officers as hostesses.

These are Mesdames William O'Dell, Greenbrae, president; Theodore Blakeslee, Terra Linda, vice president; Dorothy May, Fairfax, secretary; Richard Herr, Marinwood, treasurer; Bliss Bellinger, Terra Linda, Christian Service chairman and William Wankowski, Greenbrae, membership chairman.

Mrs. Caldwell was presented with a life membership certificate and pin in the national organization of United Lutheran Church Women in appreciation of her two years of service as president. She also received a corsage of pink roses and white bouvardia from the executive committee of her organization.

Skov-Smith Nuptials In San Francisco

In 4:30 o'clock rites Tuesday at St. Mary the Virgin Episcopal Church in San Francisco, John Skov of Kentfield, claimed Susan Allen Smith of San Francisco, as his bride.

Susan is the daughter of Mr. and Mrs. Rogers Philip Smith of San Francisco. The bridegroom is the son of Mrs. Margery Menefee Skov of Kentfield and Robert Skov of San Francisco.

Rev. Keppel officiated for the ceremony.

Given in marriage by her father, the bride wore a gown of peau de soie fashioned with round neckline and three-quarter sleeves trimmed with seed pearls. Her fingertip veil of illusion was held by a bandeau headdress.

Nancy Smith as maid of honor for her sister, and bridesmaids, Judy Skov, the bridegroom's sister, Lynn Griffith and Electa Sevier, wore Wedgwood draped sheaths with Wedgwood bows

William Robert Timkin was best man and ushers included Paul Flood, Kurt Hauser, Bob Cockayne and Philip Smith, the bride's brother. For her daughter's wedding, Mrs. Smith wore a beige crepe de chine dress with matching accessories.

Mrs. Menefee wore a taupe ensemble.

The bride attended the Kathreina Delmar Burke School, Vassar, and the University of California. She is a member of Delta Gamma Sorority and made her debut at the 1957 Cotillion in San Francisco.

The bridegroom was grdauated from Stanford where he was a member of Beta Theta Pi Fraternity. He is the brother of Jeff Skov of Kentfield. He plans to enter graduate school at Cal this fall.

Terra Linda's Baseball Dance Termed A Success

The Terra Linda Junior Baseball benefit dance held recently at the Bermuda Palms was a success. Gordon Young, commissioner, was presented with an engraved bowl, inscribed, in recognition of his leadership in junior baseball of Terra Linda.

Baseball figure silhouettes and pennants were used by the decorating committee headed by Mrs. Charles Larkin.

Other committees were chairman and co-chairmen Mesdames Clair Miller, Alice Lewis, Harriette Cheek; publicity, Mrs. Phil Harris; dance tickets, Mrs. Charles Cook; and awards, Mrs. Stanley Dragnich.

Summer Vacation

Mrs. Robert Franchini and daughters, Rickie and Judy, of Oak Manor, Fairfax, will leave at the closing of school for Madera where they will occupy Mrs. Franchini's parents home while they are touring Europe. They also plan to go to the Monterey Bay Area where they will spent five weeks until September when they will return to Marin.

Wives Club Elects Officers For Year

The election of the 1960-61 officers for the Hamilton Air Force Base Officers' Wives Club was held recently at the Officers' Club with Mrs. Edward F. Hoover being elected president.

The other seven elected officers were Mesdames L. L. Griffith first vice president; Donald Parsons, second vice president; Horace R. White, secretary; John T. Morris, assistant secretary; B. F. McConnell, treasurer; Robert Senecal, first assistant treasurer and Mrs. B. D. Hasty, second assistant treasurer.

Preceding the announcement of election results, Michael Casey of San Anselmo spoke on and showed examples of many things that can be made into lamps, i.e., brass candle holders, kerosene lamps, coffee grinders, pitchers and vases. He also discussed shades — their proper size, shape and material. Casey commented that "heavy linen covered shades shouldn't be used on a base of Venetian glass or should a delicate silk shade be put onto pottery or porcelain bases."

During the business portion of the meeting Mrs. Richard Tompkins, retiring welcome chairman of the OWC, introduced newcomers to the base and Mrs. Blanch Trent, mother of Mrs. John D. Stevenson, from Lynchburg, Va.

Mrs. Joe Lyle Jr., retiring president, announced that Mrs. Brian O'Neil has volunteered to be coordinator for the Family Service Center. She is replacing Mrs. Stanley McGee, whose husband has been transferred.

Mrs. Hoover, closed the meeting following the presentation of carnation corsages to all the new elected officers and a "Gibson Girl" style portrait to Mrs. Hoover, which was done by Mrs. S. W. Hebert Jr.

IT WAS "HYE" to seven newcomers and "Bye" to two Hamilton Air Force Base officer's wives at the June Officers' Wives Club "Hye and Bye Coffee" held last week. "Goodbye" was said to Mrs. J. P. Poulson, seated, left, and Mrs. Harold G. Schwan, standing, right. Mesdames Raymond Macway, David Kumler, Robert Gaffney and William Chartock, seated from left, and Mesdames John Harrington, Fred Prahl and William Foster were greeted by OWC president Mrs. Joe Lyle Jr., and Mrs. Richard Tompkins, welcome chairman. Sandra Louise Barg Bride Of K. C. McKivett Of Pennsylvania

On Saturday, June 11, Sandra (Sandi) Louise Barg of Sausalito became the bride of Kenneth Charles McKivett Jr., of Lancaster, Pa.

The daughter of Mr. and Mrs. Hans Henry Barg, "Sandi" was given in marriage by her father. The double ring ceremony took place at 5 p. m. at the Methodist Church of San Rafael. Rev. Donald Baldwin was the officiating clergyman. Church decorations were altar pieces of white stock and gladioli flanked by urns with white stock, Esther Reed daisies and gladioli. White bows and carnations marked the aisles.

Sandi's gown was designed and made by Luzel in Manila. The delicate fabric was hand woven pina wtih overall hand embroidery. The fitted bodice had a scalloped sweetheart neckline with long fitted sleeves. Made over white satin, the skirt had a short train. The veil, of French illusion, fell, elbow length, from a lace cap embroidered with pearls. A sheaf of stephanotis, gardenias and lilies of the valley formed the bridal bouquet.

As her sister's maid of honor, Anita Elise Barg wore Nile green chiffon over taffeta. Following shepardess lines, the fitted bodice had a very full skirt. A headpiece of bows matched the gown as did the shoes. An old fashioned bouquet of yellow rosebuds and white carnations was carried. Three bridesmaids, all childhood friends of the bride, wore identical gowns with their bouquets reversed in flower arrangement. The three young ladies were the Misses Sue Ann Blakely, Laura Jean Brown and Mary Nance, all of Sausalito. Susan K. Perry, aged five, was the flower girl, her dress a replica of the bridesmaids' and her flowers a small nosegay.

Kenneth, the son of Mr. and Mrs. Kenneth Charles McKivett of Lancaster was attended by his Stanford classmate, Howard Lovell Jr. as best man. Serving as ushers were Kenneth's brother, O. Terrence McKivett and three Stanford classmates, Malcolm Dickerson, Robert Niccolls and Norman Steuer.

For her daughter's wedding, Mrs. Barg wore a French silk taffeta, floral print with matching floral hat. Her accessories were ivory and her flowers, ivory cymbidium orchids.

The bridegroom's mother, who, with Mr. McKivett came west for the wedding, wore pale green raw silk with cocoa tone hat and accessories. Her corsage was of cymbidium orchids.

A reception for 200 followed the ceremony at the Sausalito residence of the bride's parents. A four tiered wedding cake surrounded with maiden hair fern and gardenias was placed on a Point de Venice cloth laid over white satin and flanked with candelabra. Miss Mary R. Janislawski was in charge of the guest book and little Susan Perry distributed rice bags.

When leaving for her wedding trip, the new Mrs. McKivett wore a beige wool suit with bone accessories and a corsage of gardenias. The couple are driving to the east coast and will both return to Stanford in September to complete their studies and make their home.

It was at Stanford on Feb. 15 that Sandi's engagement was announced at a candlelight ceremony. A formal announcement followed at a cocktail party given by Mr. and Mrs. Barg on Feb. 27. Sandi's grandparents were the late Mr. and Mrs. Johannes Frederich Barg of Lubeck, Germany, and the late Mr. and Mrs. Josef Vollkommer of Pittsburgh, Pa. Her only sister is Anita, who is a student at Portland Medical School. Before Stanford, the bride attended Dominican Convent and was a graduate of both Lower and Upper Schools.

Kenneth's grandparents are Dr. and Mrs. Louis E. Frazen Sr. of Racine, Wis., and Mrs. Owen McKivett and the late Mr. McKivett of Racine. He is studying law at Stanford, is a member of Alpha Chi Omega, president at Fremont House and until his marriage, a member of the Bachelors.

Belrose Dance Capers To Feature 80 Pupils

The dates are June 25, 8 p.m., and June 26, 4 p.m., for the first annual show entitled "Belrose Dance Capers" to be presented at E Street School by the dancers of the Belrose Dance Studio, San Rafael, in cooperation with the San Rafael Recreation Department.

Proceeds of the show will go toward an annual scholarship fund for a "Dancer of the Year" and several other awards which are presented after the June 26 performance in a cast party for the entertainers and their parents.

This year's "capers" promises to be entertaining for adults as well as for children — the theme being "the 90's, 20's, 30's, 40's and 50's". In addition to the fast moving tap dances, pantomimes, song and dance routines, the ballet pupils of the studio will perform the ballet "Hansel and Gretel" as choreographed by Margie Belrose. In all there will be about 80 pupils performing, in all age groups.

The Belrose Dance Studio in cooperation with the San Rafael Recreation Department feel this is an excellent opportunity for parents of dancing age children to introduce them in this entertaining way to a worthwhile and healthy activity.

Tickets are now on sale at the Belrose Dance Studio. They also may be purchased at the door, or from any of the performers.

Mariner Scout Ship Has Bridge Awards

With the "piping aboard" of the Skipper and Chief Engineer, Mr. and Mrs. Leonard Schoff, the annual Bridge of Awards of Mariner Scout Ship 132 was held at Scout Hall in San Rafael, before an audience of parents and friends.

Following inspection, four new Mariners were called forward to "sign on board." Beth Jones and Jill Nelson, recent graduates of eighth grade Troop 285, were joined by Kathy Karnes and Bonnie Randol who made their Girl Scout Promise for the first time.

Awards were made to program aides Jean Long and Barbara Levy, and library aides Tanya Lazar and Skippy Shapiro. Recipients of five-point pins were Paula Houser and Sandy Monson. It is usually earned after a year in Senior Scouting after fulfilling requirements in camping, first aid,, a service project, developing a specific hobby and service to the local Girl Scout Council.

High school seniors graduating from the ship, some after 11 years in Girl Scouting, were presented with graduation certificates issued by the Marin County Girl Scout Council. Receiving their certificates were: Bos'n Marianne Walsh, Barbara Cassin, June Chisholm, April Edsburg, Donna Holm, Kathy Randol, Rita Sturm and Sallie Witherow. Mr. and Mrs. Schoff were assisted in the ceremony by First Mate Marsha Smith, a troop graduate.

Mrs. Schoff, in the "Skipper's Minute," read an inspirational passage on friendship from "The Prophet" by Kahil Gibran, a favorite book of the girls.

After the Skipper and Chief Engineer were piped "over the side," the evening closed with choral singing by the Mariners who are known throughout Marin for their fine music. The singing was directed by Mrs. Charles Taylor, another troop graduate, and Marianne Walsh.

The Bridge of Awards brought to a close a busy year of service, training, camping, cultural enrichment, and fun. Every week during the past year the girls have sent cookies to the stamp club at the Naval Veterans Hospital in San Diego. Some of the girls work with the Girl Scout troop at the Cedars Development School and the Sonoma State Hospital for Retarded Children. Christmas caroling at local hospitals, and a joint snow trip with Explorer Post 34 and Wing Scout Squadron 44, highlighted their winter activities. A performance of "Madame Butterfly" found 30 girls and mothers at the Opera House in San Francisco earlier in the year. The Mariners also presented a tea and fashion show for their mothers featuring clothes the girls had made.

These high school girls, active in community and student affairs, have also been honored scholastically with two of their members being chosen to leave late in June for the Experiment in International Living. Barbara Cassin will go to England, and Marianne Walsh will summer in Germany.

Last month some of the girls joined other Bay Area Senior Scouts at Benicia for a program aide training course for summer day camp.

Antone Varneys Mark Anniversary

Mr. and Mrs. Antone Varney of Mill Valley, who celebrated their 40th wedding anniversary on June 9, were given a surprise dinner Sunday.

Their sons and daughters and their families arrived in the afternoon bringing with them everything for a festive dinner, including champagne and a cake inscribed "40th Anniversary."

The Varneys, were married on June 9, 1920, and have lived in Mill Valley ever since. Mrs. Varney lived there for one year before her marriage, and her husband has lived there for 65 years.

Attending the dinner were their son and his wife, Mr. and Mrs. Charles Varney of Mill Valley; their two daughters, Mrs. Warren Dodge of Santa Clara with her husband and 9-year-old son, Gregory, and Mrs. John Robinson of Mill Valley with her husband and 1-year-old son Mark; and another son, George Varney, who lives with them.

Swim And Supper Party Honors Lori Murray

Mr. and Mrs. William P. Murray gave a swim and supper party at their beautiful new home in the Golf Tract, honoring their granddaughter, Lori Murray, daughter of the Donald Murrays, recently. Lori, who has just graduated from Davidson School had a number of her classmates as her guests. Also present was Diane Crocker, a pupil at Marin Country Day School. Other guests were Sheri King, Jane Schmidt, Wendy McPherson, Martha Reese, Janet Palmer, Dickie Frasier, Jo Marie Trent, and Niki Ortner.

The long supper table on the terrace was centered by pink candles and snapdragons.

'UTTERLY MAD' will be the theme for the Meadow Club Teenage Dance and midnight supper on June 23 for club members and guests. Carrying out the theme are Pat Vest and Jim Garrett as they leap to decorations being made by, from left, Kathy Wilsey, Mike Spencer and Sue Lang. (Independent-Journal photo)

Meadow Club Teens Plan 'Mad' Dance

The Meadow Club Teenage Dance and Midnight Supper for club members and guests on June 23 at the Club will feature special entertainment and music by a band.

The theme for the dance will be "Utterly Mad" and many home from college are expected to attend along with high school students.

Co-chairmen for the event are Bob Trost and Kathy Wilsey assisted by Jim Garrett and Pat Vest.

Others on the committee are Sandy Neubarth, Bill Grady, Bill Wietzel, Mike Spencer, Gaye Hippsley, Sue Lang, Donna Lynch, Mike Mahoney, Art Sciaroni, Jeff Skinner, Larry Garrett, Lynn Young and Pat Hickman.

Alder-Clausen Rites Held In Corte Madera

The Corte Madera home of Mr. and Mrs. Theodore Irving Clausen was the setting for the Saturday nuptials of their daughter, Catherine Jane, and Herbert Stanley Adler of San Francisco.

The bridegroom is the son of Mr. and Mrs. Erving Herbert Adler of Kew Gardens, N.Y., who came to Marin for the ceremony.

Rev. Wayne Hanson officiated for the single ring rites before members of the family and close friends. Garden flowers were used in arrangements.

Given in marriage by her father, the bride wore a white ballerina lace over taffeta dress fashioned with bateau neckline and bouffant skirt. She had a lace heirloom veil of the Adler family and carried ivory carnations.

Mrs. Betty Hayes of Tiburon as honor attendant, wore an apricot cotton voile frock styled with a bouffant skirt. She had a bouquet of ivory carnations.

Mr. Adler acted as best man for his son.

For her daughter's wedding, Mrs. Clausen wore a green sheath with ivory carnation corsage.

Mrs. Adler chose a black and white print frock. Her flowers were ivory carnations.

A reception followed the ceremony at the home.

The bride was graduated from Tamalpais High School, attended College of Marin and Reed College in Portland, Ore. She is the sister of Theodore James Clausen of Corte Madera.

The bridegroom was graduated from Stuyvesan High School in New York, attended New York University and Reed College.

Jo Ann Berryhill Takes Nuptial Vows With Bruno R. Michetti

St. Anselm's Church in Ross was the delightful setting for the recent wedding of Jo Ann Berryhill and Bruno R. Michetti. Rev. John Petroni officiated at the ceremony. The bride daughter of Mr. and Mrs. Joseph L. Berryhill of San Anselmo, was given in marriage by her father. Her gown of white silk organza had a short sleeved fitted bodice of Chantilly lace and lace appliques on the skirt which ended in a chapel train. A lace and pearl coronet held her fingertip length veil and she carried white carnations and stephanotis.

Mrs. William Perry of El Cerrito, matron of honor, and Beverly Bauer of Kentfield, Susan Guidi of Ross and Susan Sanderlin of Sacramento, a cousin of the bride, bridesmaids, wore pale yellow dotted Swiss gowns with three tiered skirts. The bodices were designed with scoop neckline and cap sleeves. Their attendants' bow shaped ribbon hats and circular veils matched their gowns and the bridesmaids carried bouquets of yellow daisies. In the matron of honor's bouquet were yellow and white daisies.

Loren Barker of Ross, niece of the bridegroom, was flower girl. Her dress was white eyelet embroidery. A daisy wreath was on her hair and yellow daisies filled the basket she carried.

White gladioli were on the altar.

Lt. Robert Hemley of March Air Force Base was best man and guests were escorted to their pews for the afternoon ceremony by Lawrence Laino and George Paolini of San Francisco and Valdo Michetti of San Jose, brother of the bridegroom.

About 200 guests attended the wedding reception at Tamalpais Centre Woman's Clubhouse in Kentfield. Decorations were white gladioli and stock. The four tiered wedding cake was flower-encircled.

For her daughter's wedding Mrs. Berryhill wore a sage green silk sheath and beige flowered hat.

When the newlyweds left for a honeymoon at Lake Tahoe the bride was wearing a beige and white check sheath and jacket with white hat and accessories.

She is a graduate of Sir Francis Drake School, attended College of Marin and Santa Rosa Junior College and is employed by Marin County Abstract and Title Co. She is the sister of Alan and Robert Berryhill of San Anselmo and granddaughter of Mr. and Mrs. J. F. Berryhill of San Anselmo and Mr. and Mrs. Claude Archer of Santa Rosa.

The new benedict is the son of the late Mr. and Mrs. Joseph Michetti and a graduate of Sacred Heart High School in San Francisco. He attended College of Marin and San Francisco State College and is employed by an advertising firm in San Francisco. The young man's sister is Mrs. William Barker of Ross. The newlyweds are residing in San Rafael.

Auditor's Tax-Saving Plan Deserves Consideration

We hope that the Board of Supervisors doesn't brush aside Auditor Leon deLisle's plan for a premeditated tax cut program without giving it serious consideration.

It is difficult to stand back and look at the forest at the very moment when you are cutting down one particular tree, next year's budget. But what deLisle is talking about is a general policy, one which would affect next year's budget it's true, but would affect those for years to come as well.

It seemed to us that the board got off on a side track which had to do with public hearings on next year's budget and gave scarcely any consideration to deLisle's overall plan.

This is not a proposal made by a starry-eyed theorist. It isn't even a campaign gimmick. This is a proposal by a man who should know as much, or more, about the financial ins and outs of Marin County than any other single person or persons.

The auditor is a man who has been working with budgets for years. He's been working with the new administrator-form of management ever since it was put into operation.

He has specific suggestions, not vague generalities. He has a plan which would put the budgeting procedure of the county departments on a more realistic basis. He has categorically said he can cut the present budget by enough to reduce the proposed tax rate by 20 cents or more without reducing county service or eliminating any of the proposed service expansions. In two years he thinks the tax rate might be as low as $1.80.

If he can do that, we'd think the supervisors would welcome him with open arms. Yet the suggestion that he meet with the board to explain the plan in detail, got short shrift from the board. The impression was left that he could come in to any public budget meeting that he wanted to, just like any other citizen.

We think the supervisors should set up a special meeting to explore his plan. Invite the supervisors-elect; invite the department heads; invite the public.

If our elected county auditor has a money-saving program, we'd all like to hear all about it.

Confusion For Cows

The decline and fall of butter fat in the face of medical testimony about the effects of cholesterel on the arteries, combined with the magazine maker's gentle digs at the high priced "spread" and the figure phobia of modern America, certainly must be confusing to the cows, to say nothing of their dairy farmer bosses.

A generation ago butter was considered the key to good cooking—the more the merrier. Now the latest word from the recipe page is peanut or corn oil.

On the other hand skim milk, cottage cheese and non-fat dry milk are used more and more. Consumption of these is growing by leaps and bounds. Yet, we can remember when the skim milk was fed to the pigs or poured down the drain.

This sudden reversal must be confusing to a Jersey cow whose ancestors bragged about their butterfat records. The dairymen have our sympathy in this situation. The trend seems likely to continue. And the more blue milk the better!

THREE MINUTES A DAY

By JAMES KELLER

DEAD MINER TEACHES LESSON OF LOVE

A dying miner, trapped in a West Virginia coal mine, scribbled these final words to his wife:

"I love you more than you will ever know. Take care of the kids and raise them to serve the Lord."

When rescue workers finally reached the dead victim, eight days after the cave-in, they found the note attached to his safety lamp.

The last desperate hours of this father of four must have been buoyed up by his extraordinary ability to think beyond self-survival.

The brief message, written in a dank, dark underground death chamber is a tremendous tribute to his character. No one could express such loving devotion to his family and his God, under such harrowing circumstances unless his heart and soul had long been trained in a divinely rooted love.

Whether your life is long or short, make sure to learn the only lesson that counts for eternity—to love God above all things and your neighbor as yourself.

"For the whole Law is fulfilled in one word: Thou shalt love thy neighbor as thyself." (Galatians 5:14)

In life and in death may I be an instrument of Your love, O Lord.

Junior Executive Is Fellow Who Buys Attache Case To Lug Lunch

NEW YORK (AP)—The mystery man of today's business world is "the junior executive."

He appears to be a post-war phenomenon. He has become the second lieutenant of industry. He is fresh from the ranks but still far, far from the command post.

In the insurance and clothing ads it is easy to tell the junior executive. He is young and eager and has his cordovan slip-on loafers firmly planted on the ladder of success.

He has an Ivy League air of studied neatness. His hat is two sizes too small for him, his suit looks as if it had been shrunk to fit him.

In the ads he is the young fellow on his way up, but in real life the picture isn't clear at all.

The question, "What is a junior executive?" is about as puzzling as the older business mystery, "What does a vice president do?"

Few, if any, major firms actually list any such title as "junior executive" on their command roster.

Here are a few definitions of the junior executive, gleaned from a random poll of Manhattan office employes:

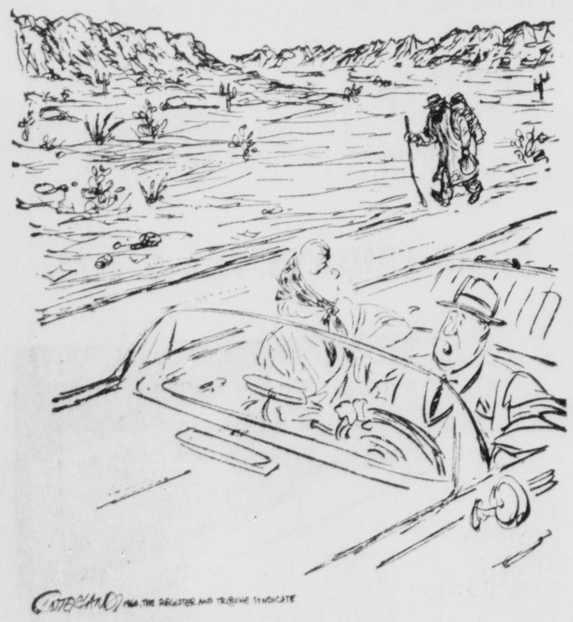
"A JUNIOR executive is what a guy tells his mother-in-law he is to explain why he doesn't make more than $85 a week."

"He's the assistant bookkeeper who was put in charge of office parties and picnics when the automatic computing system came in."

"HE'S THE fellow who buys a $15 attache case to carry his lunch in."

"Anybody under 35 too proud to belong to a union and too poor to belong to a country club."

THE CYNIC'S CORNER By Interlandi



"I don't know, probably some guy who made his little pile and quit the rat race. . . . !"

WHAT OUR READERS SAY

Does I-J Really Serve All Marin?

EDITOR,
Independent-Journal:

Your masthead on the front page states "Serving All Marin." This connotes I assume responsible journalism. Hence, I am confused as to your lack of positions in the primary election.

Over the past years Mrs. Vera Schultz as Marin county supervisor has fought for or made stands on: the civic center; efficient government and the county administrator; fair and honest appraisals of property; housing and redevelopment in Marin City; good planning and master plans for various areas in the county.

On all of these and more the I-J editorialized favorably and praised. Comes the primary election of 1960 with a candidate, J. Walter Blair running on a platform opposed to all of the above.

The I-J did not endorse Mrs. Schultz. Have your attitudes changed on these important community matters? Will you withhold endorsements of other candidates this Fall who have worked for Marin County and whose work seemed to meet your approval?

It seems rather irresponsible and fatuous for the I-J to point out in a June 10 editorial, AFTER the election that Mr. Blair's campaign promise to eliminate the county administrator might cost the county money.

What do you believe? Are you really "Serving All Marin?"

ALFRED J. AZEVEDO
Tiburon

(NOTE: Yes, we are serving all of Marin. Which is one reason why we do not usually make recommendations on elections of district or smaller-than-county government agencies. However, Reader Azevedo hasn't been getting his 10 cents worth if he read our editorial June 3, BEFORE the election, that one of the three things which would happen if Vera Schultz and James Marshall were both defeated would be: "The county administrator, the present board's major attempt to put county government on a business-like basis, will be eliminated.")

Car Show To Be Annual Affair

EDITOR,
Independent-Journay:

Last Sunday, June 5, the Marin County Timing Association staged a car show consisting of hot rods, custom, restored, and sports cars at the Bermuda Palms in San Rafael. This being the first exhibition of this type in Marin, our intent here was twofold: First, we desired to better acquaint the public with the activities of our automotive enthusiasts; and, second, to find out how such a show would go over in this county. The majority of the people attending were impressed and stated that they thoroughly enjoyed the display.

This experiment would not have been possible without the help of Whitey Litchfield of Bermuda Palms, and San Rafael merchants. The officers of the association and the members of the show committee wish to publicly express their appreciation to these individuals and to the I-J for the fine article which appeared in Saturday's Marin Magazine.

We now hope to make the show an annual affair.

WEATHER AND PEOPLE

Mr. K. Has More Troubles Than Politics

BY PHIL NEWSOM
UPI Foreign Editor

It is possible, as Western capitals have speculated since the collapse of the summit, that Nikita Khrushchev is having trouble within the high command of his own Communist party. Reports from behind the Iron Curtain indicate he may be having other troubles as well.

None of these would seem to indicate any imminent danger to his leadership.

Rather they contribute to a picture of a somewhat less than perfect state as seen by Marx and Lenin.

DUST STORMS sweeping as far to the west as Yugoslavia were harbingers of a vast crop failure in Kazakhstan, one of the 15 republics within the U.S.S.R. whose borders extend from the lower Volga to the frontiers of Red China.

It was to Kazakhstan that Khrushchev shipped millions of young citizens of the U.S.S.R. in an ambitious program to turn virgin lands into a large new breadbasket.

Khrushchev's own prestige was heavily involved in the Kazakhstan project which last year was hit by drought and in which last fall only two-fifths of the autumn plowing was completed.

CROP PROSPECTS in the Ukraine, still the U.S.S.R.'s chief breadbasket, also have been reported unsatisfactory.

Out of this must come some disenchantment with the Moscow planners.

The Polish government, a reasonably loyal satellite of the U.S.S.R., has been forced to turn to the United States, that hated symbol of capitalism, for wheat to meet its food requirements.

Not even in the days of the czars could Russia have been called a unified nation. Nor can the 15 republics of the U.S.S.R. today be considered a single unit.

Even after 40 years of communism, strong nationalistic groups battle underground for independence.

One such exists in the Ukraine from which comes a steady stream of reports of underground sabotage directed against the Kremlin.

This group recently has been reported stepping up its activities, including the smuggling of nationalist literature into the Soviet Union.

Iron Curtain sources say that brochures and leaflets, often printed on cigaret paper, have been widely distributed. An article in the Soviet Army newspaper Red Star attacking the pamphlets, only drew attention to them and increased their circulation.

TRY AND STOP ME

BENNETT CERF

"I guess we're going to have to eat out tonight," a gastronome told his friend. "My wife just phoned to tell me our dinner had been badly burned."

"I hope you didn't lose anything else in the fire," said the friend.

"Oh, the fire wasn't at our house," explained the gastronome. "It was at the delicatessen shop."

No conformist is Dame Edith Sitwell, seasoned English poet and bellwether of London literati. "The reason I am called eccentric," she explains carefully, "is that I refuse to be taught my job by a lot of pipsqueak literary critics and lecture managers. I will not allow people to bore me. I am more alive than most. I am an electric eel in a pond full of flatfish."

Ray Harwood insists that his golf game is improving. He now shoots in the low hells and damns.

I-J REPORTER'S NOTEBOOK

By RANDALL GOULD

It's Fun To Lie In Hammock Planning Plans, Planned Or Unplanned

Not much worth printing, or even fit to print, has ever been accomplished in a hammock. But it's a wonderful place to plan.

The other day I was lying in my fine hammock high on a Marin hill, planning like mad. Suddenly I thought: Here I've been planning for years on years and what has it got me?

Well, after long wandering it has got me back from far parts to where I can lie in a hammock high on a Marin hill.

You'd have to go some to beat that, after all. But I reckon I might have found easier way to land in my hammock beneath those California live oaks.

QUITE A WHILE back, I could see that most of what one plans never happens, and most of what happens was never planned. Even so, I find the society of planners fascinating, including that of professional planners; and I note that getting a salary for planning is no guarantee of success. Unplanned events happen to even the most expert planners. Witness an incident from the life of Marin County planning director Mary Summers.

During one of her infrequent hours of ease Mrs. Summers was recently sitting at home in her patio enjoying the beauties of nature — whether planned or unplanned is a theological question —as artlessly as the common people.

And what do you think? Along flew a quail which sat down and looked at Mary, no doubt reminding her of the Marin County Board of Supervisors.

LET'S NOT PRESS the supervisors simile too far. For pretty quick it became evident that the quail had laid an unplanned egg, right there in the hospitable Summers patio.

"It was really embarrassing," said Mary in telling the yarn. My wife Agnes, an interested auditor, was puzzled.

"You mean embarrassing for you?" she asked.

"No," said Mary. "For the quail."

One thing not planned by Planner Summers was that this story would get into print.

THIS IS THE FIRST mention of eggs I have dared make since six months back when I said that if a news item happened in Marin County, that meant it was hot news for the I.-J., but if in Petaluma, "it's laid an egg."

A colleague up in Petaluma reported I had aroused "great consternation and suspicion" among localites who thought I was slamming their town.

First swearing me to secrecy, this correspondent confided: "Not so many eggs are laid in this area as formerly. Like the wild goose, the chicken has gone south."

From solicitude shown by Supervisor Bill Gnoss, "south" evidently means Novato; which is in Marin, hence I had better get on the ball about eggs of the chicken sort, not just unplanned quail eggs planted on Marin planners.

HARKING BACK to plans and how they oft gang aglee, I'm reminded of a chap sitting in a Fourth Street barbershop in San Rafael on one of our recent super-torrid days.

"Today really fixes me with my family," said he. "They got here yesterday from Missouri because I told them they could plan on real solid comfort in cool Marin County."

Hope they waited it out. It's amazing how much you plan really does happen finally, though not always just the way you'd figured.

ROSCOE DRUMMOND

Nixon Should Speak Out On Issues For Long Range Good Of All

WASHINGTON—Two salutary consequences flow from Gov. Rockefeller's forceful challenge to Vice President Nixon—does he expound his views more fully and more precisely before the nomination in July.

It will become increasingly evident that the Rockefeller challenge:

1—Will make it heavily incumbent upon Nixon to speak out clearly and substantially within the next few weeks, certainly ahead of the Chicago convention.

2—Will make it easier for Nixon to do so since the circumstances in which Rockefeller issued his challenge relieve Nixon of any undue hesitation—as Vice President and member of the Eisenhower team—to say frankly wherein he might do some things differently than the administration.

IF NIXON IS thinking primarily in terms of his most prudent and expedient course from here to convention time, he will not meet the Rockefeller challenge responsively; he will deflect it. If he is thinking in larger terms and is intent upon the longer view, he will seize this invitation and say what is exactly on his mind.

One thing is certain: Nixon no longer needs to feel a duty to President Eisenhower to confine his advocacy strictly to administration policies on the ground that a Vice President can do no other than speak for the President.

Rockefeller issued his statement a few hours after he had breakfast with President Eisenhower in Washington. Obviously he discussed with the President, as head of the party, what he planned to do.

SINCE THE PRESIDENT did not object to Rockefeller's challenging Nixon to expound his views more fully, he can hardly object if Nixon responds to the challenge even if his views at points go beyond the policies of the administration. I am convinced that Nixon can have from the White House all the latitude he wants.

Will Nixon use, more than perfunctorily, the latitude which the President is providing him?

The reasons for not doing so are I think inadequate to the times. It is true that the nomination is in his hands at this stage and speaking out will not improve Nixon's position at the convention. Whatever he may say would annoy some sections of his party, liberal or conservative, and would create some controversies otherwise avoidable at this time. The course of political prudence is to ignore the Rockefeller challenge.

But is this the course Nixon really wants to chart? Is it the course which will do the country, his party, and himself the most good in the longer view? I think not. It seems to me that there are three powerful reasons why he should respond:

HE WILL DESERVE and he will earn better support from the Republican party if he declares, before his nomination rather than afterward, what he believes and what he proposes to meet the great matters before the nation.

He will be acting boldly to redress a disadvantageous image of himself which many voters honestly hold—that he is overly prudent and overly practical rather than outspoken—and will thus be immediately improving his prospects of getting elected.

By his forthrightness he will be doing more than he could do later in the heat of the campaign to stimulate and clarify public thinking and to gain new respect so that, if he is elected he will be able to accomplish more as President.

TWO MILLION OVERCROWDED

Third Of Million Americans Attend School For Half Day

WASHINGTON (AP) — Nearly one-third of a million pupils in public elementary schools were on half-day sessions during the 1959-60 school year, the National Education Assn. reported yesterday.

More than two million others were victims of overcrowding in classrooms of more than 35 pupils each, the NEA said. There were 290 classrooms with 56 or more pupils.

In a survey of urban school districts with a population of 2,500 or more, the NEA found the average classroom size was 29½ pupils. The larger the school district, the more likely there is to be overcrowding and half-day sessions.

Educators have long urged a maximum of 25 pupils per class room in the elementary grades, to provide the children with more individual attention. This, however, is an ideal figure not often reached in city schools, and a more practical goal is 30 pupils to a class.

The NEA survey showed more than 13 million children in urban elementary schools. Of these, almost 11 million are in classes of more than 25, about six and one-half million in class of more than 30, more than 2 million in classes of more than 35, about 380,000 in classes of more than 40, and more than 71,000 in classes of more than 45.

"Many elementary school children are being denied a fair educational opportunity by the excessive overcrowding of classes," the NEA report said. "And the corollary is equally clear: many competent teachers are being denied the opportunity to give effective service to small children by the administrative necessity of assigning too many pupils to a class."

If all the children in classes of more than 25 could be regrouped into classes of 25, the NEA said, it would require 92,024 additional classrooms and the same number of additional teachers. If those in classes of more than 30 could be regrouped into classes of 30, it would require 28,290 additional classrooms and teachers.

Over Water Commute Plan Wins Support

Tiburon Peninsula commuters weary of driving to San Francisco may soon enjoy water transportation to San Francisco if the Tiburon Peninsula Chamber of Commerce's sponsorship of a commute club gets under way.

At Tuesday's chamber luncheon members enthusiastically voted to sponsor the formation of a daily commute club and charter a boat.

The action followed a report from Sausalito boat owner Russel E. Lewis and a representative of the Independent Taxicab Assn. of San Francisco. Cost would be $1.25 each way, including taxi service from the dock to downtown. The price is based on a 50-member club. The trip is expected to take 37 minutes.

Commuters desiring further information may inquire of chamber President Robert A. Sterling.

Wins Vacation

Robert Spearman of Tiburon won a weekend vacation for two in the Sonora Pass and Feather River areas by identifying a KCBS radio station "mystery voice" last week as that of Richard Gump, San Francisco art and antique expert.

ALMANAC

Today is Thursday, June 16, the 168th day of the year, with 198 more in 1960.

The moon is in its last quarter.

The morning stars are Mars, Juniper and Saturn.

The evening star is Mercury.

On this day in history:

In 1838, former President John Quincy Adams began his three-week speech on the floor of the house against annexation of Texas.

In 1858, Abraham Lincoln gave his speech in which he said: "A house divided against itself cannot stand."

In 1871, the Ancient Arabic Order of Nobles of the Mystic Shrine was established in New York City.

In 1933, President Franklin D. Roosevelt signed the National Industrial Recovery Act.

In 1955, widespread riots broke out all over Buenos Aires, when the navy made an unsuccessful attempt to oust president Juan Peron.

A thought for today: English writer Mortimer Collins, in "How Old Are You?" said: "A man is as old as he's feeling, a woman as old as she looks."

TIME AND TIDE

FIRST VISIT TO U.S.

Denmark High School Principal Tours Drake

Soren Jensen, a school principal from Denmark, hustled through the halls of Sir Francis Drake High School in San Anselmo the other day at a vigorous pace.

Most of the campus teenagers, his juniors by several decades, could not have kept up with the vigor of the hustling Dane.

No one could have matched him for his enthusiasm of American education in general and Drake in particular.

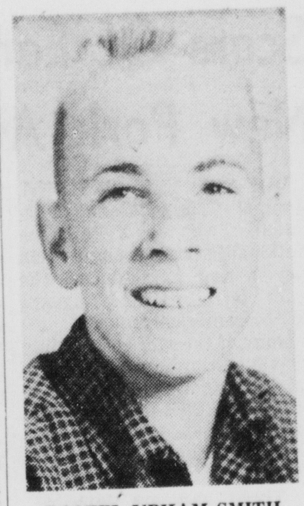
Jensen peered into classrooms and exclaimed at the interest of the students in their work. He examined the hallway lockers and marveled that each student had his own storage compartment.

He listened at the doorways and said the students "seem to like their teachers so much." He visited the student store and studied the bulletin boards. He exclaimed at the language laboratory and the science laboratories. He went into English classes, homemaking classes, art classes, industrial art classes—he made the complete rounds in several hours.

Jensen, principal of a combined elementary and secondary school in Vojens, and his wife are on an extended visit with their son-in-law and daughter, Mr. and Mrs. H. O. Coln of 78 Mountain View Road, Fairfax.

It's their first visit to the United States. For Jensen it's a kind of busman's holiday, as his main interest thus far has been in American schools.

His enthusiasm sometimes got in the way of his self-taught English, but he spoke of many things. Europe, he said, was still looking to America for the way to extend education to all.



DANIEL UPHAM SMITH
Redwood Boys' Stater

"These children are so fortunate. It is—how do you say? —beautiful, wonderful! I am so much impressed," he declared.

Building Permits

Twenty-one building permits for construction valued at a total of $133,730 were issued by the Marin County Building Inspection Department last week.

Kentfield Youth To Attend Boys State In Sacramento

Daniel Upham Smith of 21 Rancheria Road, Kentfield, will be Boys' State delegate from Redwood High School, sponsored by Twin Cities Post 313 of the American Legion.

The week-long conference in government training at Sacramento begins Saturday. Approximately 900 high school students from throughout California will participate in political parties, drafting platforms, nominating candidates and elections of officers.

Climaxing the event will be selection of two representatives to attend Boys' Nation in Washington, D.C.

'Stolen' Diamond Rings Found In Ironing Board

Diamond rings worth $1,000 reported stolen from a San Rafael apartment on June 4, were not stolen at all, the owner reported to police.

Mrs. Aura T. Clark of 1232 Irwin Street called police Tuesday night to report that she found the rings in the folds of her ironing board.

Strawberry Recreation Plan Detailed

The summer recreation program for children who live in the Strawberry Recreation District will begin Monday and continue through Aug. 12, at the Strawberry School and little league field.

It will be staffed by trained workers, an admission fee will be charged and there will be no noon activities, according to director C. Riemcke. Registration will be at the first meeting.

The program of activities is as follows:

Kindergarten through second grades — Monday through Friday, games, stories and music hour, 10 a.m. to noon; crafts, 1 to 2 p.m.

Grades three through five—Monday through Friday; athletics, games, hiking, 10 to noon; crafts, 2 to 4 p.m.

Grade six and up—Monday through Friday; athletics, games and hiking, 1 to 4 p.m.; crafts, 10 to noon.

Boys and girls, Riemcke said, will participate in inter-playground contests with neighboring play grounds. Teen night will be every Tuesday, starting June 28, 8 to 11 p.m., with dancing, games, social activities and a swim party.

Movie hour will be each Wednesday afternoon. Special event days will be held each week, with one of the outstanding events of the summer being an excursion to a baseball game of the San Francisco Giants.

Vulgar Trend In Novels Seen As Threat To Teen-Age Morals

Remember the Odyssey?

It's the old Greek classic saga. There's a new drug store edition out. I saw it advertised as "the exciting adventures of a sex-starved husband, banished from his wife."

Beside it was a new edition of the Songs of Solomon from the Bible. It was being sold as "the sexiest poems ever written." Whew!

Have you looked at the books on sale in our drug stores these days? They include many classics. I think that's fine. I hope our children will read them. But why do the sellers imply they are obscene?

Can't even the classics be sold on their own merits?

The covers of the newer novels bother me. The women have impossible figures. Often they are shown making passionate love to half-dressed, muscular young men. Not much is left for the imagination.

I have friends in the publishing business. Until recently they excused the covers by saying the stories inside were not really bad. But they can't say that any longer.

Federal courts have decided that "Lady Chatterly's Lover" can be sold anywhere. To me that book is plain pornography. It is setting a new pattern for authors. The texts of the newer novels have caught up with the covers, and then some. A flood of unsuitable stories is coming.

What can we do?

At least two things.

We can keep the dirty books away from our younger teenagers. There is a period in their lives when they are very vulnerable. Usually it comes when they are 13, 14 and 15. During those years they need protection badly.

And we can get our national organizations to use pressure on the men responsible for the bad books. The courts may approve, but we don't. If enough of us speak up in an organized way these men will be forced to change their ideas.

READERS' FORUM

(Q) "There has been an improvement in comic books. Did this come as a result of a reform within the business or from public pressure?"

K.E.S.

(A) From both. Public pressure forced a reform within the comic book business. I hope that something like that can be done with new paperbound books.

Population Guesser Gets Pretty Close

SACRAMENTO (AP)—If Uncle Sam didn't feel he had to know how many refrigerators and bathrooms we have, he could have saved a lot of time and money on the 1960 census—at least in California.

All he had to do to get an amazingly accurate estimate of the head count in this state was to ask a personable ex-sociology professor who devotes his life to guessing the rate at which Californians multiply.

Dr. Carl Frisen carries the imposing title of senior research technician for population studies in the Financial and Population Research Section of the State Department of Finance.

Don't let the title throw you though.

Dr. Frisen loves people—especially counting them

He doesn't count everybody . . . just school children, military personnel and births and deaths.

From there on it's just guesswork — scientific guesswork, that is.

How good are the guesses turned out by Frisen and his staff of four? Just don't let them enter any jelly-beans-the-bowl type contests.

Fisen estimated Sacramento County's population, for instance, at 501,700.

The official census count, which probably cost 10 cents a head, produced a preliminary figure of 498,908. By the time the Sacramentans who were counted elsewhere are figured into the total, the final official count probably will be within 100 or 200 of the Frisen estimate.

Some other good estimates compared with the preliminary census totals:

Fresno County 361,800 estimated, 361,875 counted; San Diego County 1,047,800 and 1,003,522; Alameda County 909,100 and 886,661; Orange County 725,800 and 710,897; Santa Clara 665,600 and 639,615.

The hardest estimate to make, of course, is the big county population.

Frisen estimated Los Angeles County at 6,044,200. Then preliminary census shows 5,987,246 and he expects the final census total to be 6,020,000. If that's the final figure, Frisen's guess will have been accurate within four-tenths of 1 per cent.

The 47-year-old expert is the first to point out, however, that some of his estimates are bad.

Take Santa Cruz County, for instance. Frisen estimated 72,800 and the census people already have counted 83,042, with more to come. That made his guess more than 13 per cent low. He made low guesses, too, in Butte and Tulare counties.

But the county counts so far indicate that when California's final official census is announced it will be within 1 per cent of the estimate Frisen made more than a year ago: 15,700,000.

Since Frisen counts only school kids and pays no attention to telephone and utility hookups and such, how are his estimates so close to the actual count?

Oversimplifying, it works like this: A study of school enrollments over the years discloses a migration pattern in or out of a county. Use that pattern to estimate the migrants of all ages. Add the births and subtract the deaths. Do the same with military people coming in and out of the state.

And there's your answer, which can be doublechecked against some mathematical detective work involving people who were between the ages of 7 and 9 during the 1950 census.

It's this concentration on children which tossed Frisen's Santa Cruz County estimate for a loss.

Oldsters from all over discovered that area as a retirement haven during the last 10 years — and didn't bring any kids with them.

HOW TO RETIRE AND LIKE IT IN LEXINGTON

LEXINGTON, Ky. (AP)—Larkin D. Myers retired this month as this city's expert on electrical traffic controls.

He was making $399 a month.

Now the city plans to contract with him to do the same job—at $490 a month.

"He's the only man who understands it," a city official said.

Sausalito To Seek Service Of D.A. Office

Sausalito wants the district attorney, instead of the city attorney, to prosecute its criminal cases hereafter.

The Sausalito City Council concurred in a suggestion by City Atty. John B. Ehlen that his role as prosecutor be shifted to the shoulders of the district attorney. The council directed that letters be written to other Marin cities advising them of the decision.

Scars Of Earthquake New Park Attraction

WEST YELLOWSTONE, Mont. (AP)—The thousands of vacationists who tour Yellowstone National Park this summer will view a new attraction — the scars left by last August's death-dealing earthquake.

Many of the scars are plainly visible . . . mile after mile of patched highway, water-covered roads, closed thoroughfares, huge cracks in the earth, mountains split open, gigantic rock slides.

There also are invisible scars, stamped in the hearts of those who lost relatives and friends in the disaster that killed nine persons. Another died later of injuries, and 19 still are missing.

Actually, no one was killed or injured inside the park. The earthquake, comparable in force to that which wrecked San Francisco in 1906, dealt its greatest damage in the park's western shadows.

Yellowstone officials and towns like West Yellowstone that depend on summer tourist trade for survival, have wondered whether the earthquake would cause vacationists to bypass the park.

Advance reservations indicate the answer is no. Already, more sightseers than at this time last year are pouring through this small resort community.

In fact, tourists through Yellowstone this summer may exceed the record one-and-one-half-million-plus who visited in 1957. R. L. Latimore, manager of reservations and tours for the Yellowstone Park Co., says prepaid reservations are 10 per cent ahead of last year.

All traffic leading into the park has been restored. Yellowstone appears much as it was before the morning tremor of last Aug. 18.

Most of the geysers scattered throughout the park are normal once more. Old Faithful, still erupts on average of once every 65 to 67 minutes.

Only one highway—U.S. 287 — from West Yellowstone to Ennis, Mont., still is closed, covered by water for five miles.

Some 18,000 persons were in the park when the quake hit and hurled millions of tons of rock into the Madison River canyon, trapping between 100 and 150 below a dam.

Places like West Yellowstone became ghost towns for a few days. Rescue units removed the dead and the injured by helicopter. The bodies of those still missing are believed to be in the huge landslide five miles downstream from the dam. Engineers say the slide will be a permanent place of burial, since further digging has been abandoned.

Sausalito Summer Courses Announced

Studies being offered in the Sausalito School District summer school, during July at Richardson Bay School, will include mathematics, language arts, Spanish, instrumental music and science.

Classes will run from 8:30 a.m. to 12:30 p.m. Applications will be taken up to opening day at the school.

Planners Deny Corte Madera Multiple Plan

The Corte Madera Planning Commission Monday night denied a rezoning application by P. J. Tarrant and Edna Harris which would have placed 1.2 acres of property at Paradise and Harbor Drives under multiple residence zoning.

The property is zoned for single family residences. In denying the application, the commission supported the recommendation of Livingston and Blaney, planning consultants who handle town planning matters.

The commission approved plot-plan drawings of Mobiloil Co. for a service station at Paradise and El Camino Drives. Approval was granted on condition the company be responsible for landscaping and maintenance of a small unimproved area adjoining the station.

NOTICE OF INTENTION TO CIRCULATE INITIATIVE PETITION WITHIN THE MARIN MUNICIPAL WATER DISTRICT

Notice is hereby given that it is the intention of the CHILDREN'S DENTAL HEALTH COMMITTEE OF MARIN COUNTY to circulate within the MARIN MUNICIPAL WATER DISTRICT an Initiative Petition requesting the Board of Directors of said District to adopt an Ordinance (or, in the alternative, to submit the same to the electorate of said District for adoption) directing the General Manager of said District to take necessary steps and means to produce and maintain at all times, in all parts of the water distribution system of said District, a concentration of Fluoride equal to the concentration recommended by the United States Public Health Service, and approved by the California State Board of Public Health, and further requiring that adequate funds therefore be budgeted by the MARIN MUNICIPAL WATER DISTRICT.

A statement of the reasons for said proposed petition is as follows:

Over ninety-five percent of people are afflicted by tooth decay. Next to the common cold it is the most universal disease suffered by mankind.

Water containing one part per million of Fluoride produces teeth three times more resistant to decay for life. This fact is being demonstrated repeatedly in the United States by the four million people who have been drinking naturally fluoridated water and the forty million people who are now drinking fluoride adjusted water.

Marin Municipal Water District water's fluoride content must be raised from its present one-tenth part per million to the optimum of approximately one part per million to give this protection. The big savings to families in dental bills would be hundreds of times the cost of twenty-one cents per person per year. Yet fluorides in water as recommended do not affect taste, odor, hardness, or uses in home, industry, or agriculture. It is one hundred percent safe.

A group of citizens that form the Children's Dental Health Committee are concentrating their efforts to achieve fluoridation because it is one of the most effective means of improving dental health. Petitions are being circulated this summer so that the people can vote for this beneficial measure in November of 1960.

NOTICE OF SALE OF REAL PROPERTY AT PRIVATE SALE

In the Superior Court of the State of California in and for the County of Marin.

In the Matter of the Estate of ESTHER M. SANKEY, Deceased.

No. 11971.

Notice is hereby given that on or after June 30, 1960, the undersigned JAMES FLORIAN FRANKE, as Executor of the estate of ESTHER M. SANKEY, deceased, will sell at private sale to the highest bidder, subject to confirmation by the above-entitled Superior Court, all the right, title, interest, and estate of the decedent at the time of her death and all the right, title and interest the estate has, by operation of law or otherwise, acquired other than or in addition to that of the decedent at the time of her death, in and to that certain real property located in the County of Marin, State of California, described as follows:

PARCEL ONE: Starting at the Northwesterly corner of the extension of Lot 27, "Granton Park", as per map of said tract, recorded in the office of the County Recorder in San Rafael, Marin County, and running 56° 46' East 49 feet to the Westerly bank of the creek; thence North 28° 19' West 76.15 feet; thence North 32° 59' West 216.5 feet along the Westerly bank of the creek; thence leaving the bank of the creek and running along the Easterly line of the right of way of the N.W.P.R.R. Co., South 22° 30' East 297.5 feet to the point of beginning, more or less.

PARCEL TWO: The Northerly one-half of Lot 30 fronting 25 feet on Cedar Avenue, all of Lots 31 and 32, and the Southerly one-half of Lot 33, fronting 25 feet on Cedar Avenue, all as shown and delineated on that certain map entitled, "Granton Park", filed in the office of the County Recorder of Marin County in Book 2 of Maps, at page 77.

Subject to: current taxes, covenants, conditions, restrictions, reservations, rights, rights of way, easements and encumbrances of record.

Bids or offers are invited for the property and must be in writing and may be delivered to the executor or to the office of his attorney, T. G. FITZGERALD, 889 Fourth Street, San Rafael, California, or may be filed in the office of the clerk of the Superior Court at any time after the first publication of this notice and before the making of the sale.

Terms and conditions of sale: Cash in lawful money of the United States of America; 10% of the amount bid to accompany the offer and the balance to be paid upon confirmation of sale by the Superior Court. Taxes, rents, operating and maintenance expenses, and premiums on insurance acceptable to the purchaser shall be pro-rated as of the date of confirmation of sale. The examination of title, recording of conveyance, and any title insurance policy shall be at the expense of the purchaser or purchasers.

Bids must be sealed and will be opened at the office of T. G. FITZGERALD, 889 Fourth Street, San Rafael, California at the hour of 10 A.M. of the above date.

The property herein described is commonly referred to as 17 Cedar Avenue, Kentfield, California. The undersigned reserves the right to reject any and all bids.

A little Special Club Coupe that we sold new to local man in '52. Just turned 61,000 original miles. Standard transmission with radio and heater. Really clean.

'52 Chevrolet $325
A club coupe with a standard transmission. Heater. Original paint with the cleanest interior you'll find in town. This car has had exceptional care and shows it. New tires all the way around.

'51 BUICK $295
If you can find a cleaner, better '51 anywhere for this price—buy it. We sold this little Special Sedan to the man next door in 1951. It has 57,000 original miles on it. Dynaflow, Radio, heater and ww tires. It's a better running car than many '56s you'll find.

'49 CADILLAC $375
If you're looking for that old Cadillac that has had only one owner and has been babied to death—this is it. Belvedere couple bought this one new in '49 and have been only owner. The inside is in original condition and you can eat off it. Hydramatic, radio and heater. 4-Dr. Sedan.

Recreation Budget Of $5,600 Seen

The Belvedere Recreation Commission's tentative 1960-61 budget is expected to approximate $5,600, according to chairman E. Allen Steinau Jr.

The figure includes maintenance and additional construction in the Belvedere Community Park, Steinau said.

The commission will send a recommendation on a proposal to abandon certain lanes, streets and pathways to the planning commission by the latter's next meeting.

Burdell School Graduates Three

Three eighth grade students were graduated last night from Burdell School.

James Grossi Jr. and Gary Corda are sons of school board members. Neil McIsaac is the third graduate, bringing school enrollment down to 11.

Leader Of Bonn Defense Feted At Sausalito Banquet

A group of 45 military officers from West Germany attended a banquet Monday night at the Alta Mira Hotel in Sausalito with Dr. Franz Josef Strauss, minister of defense of the federal republic of Germany as guest of honor.

The visitors were guests of L. Cross, president of the Lockhead Aircraft Corp. Missile and Space Division at Sunnyvale. They had visited the plant earlier in the day.

Two other guests were Lt. Josef Kammhuber, chief of staff of the German Air Force, and Maj. Gen. Herbert B. Thatcher, liaison officer with Lockheed, and formerly in a command position at Hamilton Air Force Base.

Sign Use Authorized For Railroad

Relecting signs rather than flashing lights were authorized Tuesday by the California Public Utilities Commission for the extension of Tamal Vista Avenue crossing a Northwestern Pacific Railroad track at the Larkspur-Corte Madera boundaries.

The change in "protection" at the crossing was authorized because the railroad has applied for permission to discontinue its Sausalito branch line (including the track that crosses Tamal Vista Avenue) and is waiting a decision from the Interstate Commerce Commission.

The PUC's order specified that flashing lights be installed after two years if the line is still in use.

The city of Larkspur had applied for the change in crossing protection since the track might be abandoned.

Awarded Degree

Frederick A. Morse of 1525 Buchanan Avenue, Novato, was awarded a master of science degree in chemistry by the University of Michigan last week.

Employment Office Plans Move July 1

The State Department of Employment will open at a new San Rafael office on July 1.

Its new location will be 805 E Street in a new building. The employment office will have double the space it has in its present quarters at 1840 Fourth Street, said Edwin W. Ayer, office manager.

The need for more space is symptomatic of Marin's population increases. "More people mean more job orders and more claimants for unemployment insurance," Ayer said.

The employment office's auditing section will move into new quarters upstairs at 805 E Street. The auditing section is temporarily camping at the Board of Equalization Office at 2018 Fourth Street.

ANCHORS AWEIGH — Off into the bay for a day of fishing or a pleasure cruise is this powerful outboard motorboat which will be on display at the Corte Madera Shopping Center Boat Show scheduled to run through Saturday. Bay Area boat dealers will be on hand during the show to answer visitors' questions and demonstrate the fine points of their craft.

Display Of Boats Planned For Mall

Boats and bargains will be the order of the day through Sunday at the Corte Madera Shopping Center.

More than 50 craft, both sail and motor driven, will be on display in the mall and the arcade with dealers' representatives on hand to answer any and all questions on the craft.

At the same time, inside the more than 30 stores in the center, an "Easy Living" sale will run throughout the boat show with everything for outdoor enjoyment offered at rock-bottom prices.

Father's Day gifts from fishing rods to pipe cleaners will be on display by the thousands with special sales of barbecue equipment, camping outfits and sportsmen's needs on every counter.

According to Jim Zierolf, chairman of the merchants' committee in charge of the boat display, at least seven Bay Area boat dealers will have their craft on hand for inspection.

The boat display will remain open today until 5:30 p.m. and will open again tomorrow at 10 a.m., remaining open until 9 p.m. tomorrow and 5:30 p.m. on Saturday.

Along with the boat show, Zierolf said, will be special displays of motors and boating equipment.

Paint-And-Chew

ALBEMARLE, N.C. (AP)—Mrs. John Napier, 65, has a hobby that consists largely of a-painting and a-chewing.

She paints oil pictures, chewing gum at the same time. The finished product is framed in old moulding, the gum fastened to the frame and shellack added.

The finished picture has an antique-appearing frame Mrs. Napier says her largest picture consumed 275 sticks of well-chewed gum to frame.

Off The Wagon

MONTPELIER, Vt. (UPI) — State tax commissoner Austin Noble said the revenue from beer sales increased considerably in towns where "the people complained that the water didn't taste very good."

OPENS MONDAY

Program Of Recreation To Start At Redwood High

The 1960 recreation program at Redwood High School will open Monday and will include weekday, evening and Saturday activities, director Robert Troppmann announced today.

Monday through Saturday activities will consist of trapoline, basketball, volleyball, weight lifting, badminton, softball and bird watching. In addition a music workshop will be started by Sydney Gordon, Redwood music instructor. Daytime program is from 12:30 to 5 p.m.

The evening activities include an adult program in the gymnasium on Tuesdays, high school and elementary students on Wednesday, adults on Thursdays, a metal shop for teenagers on Thursdays, and teenage dances on Fridays. Evening programs are from 7 to 9:30 o'clock.

The summer program will continue throughout the school vacation except for Aug. 1 to Aug. 15 when the gymnasium is closed for cleaning, Troppmann said.

Snack Bar

BRATTLEBORO, Vt. (UPI) — Four times thieves have broken into the home of Daniel Fox. And on each occasion they only raided the refrigerator.

Buried In 1959

HOPEWELL, Va. (AP) —Some 95 or 96 years after they died two union soldiers were buried at City Point National Cemetery with full military honors. Evidently killed in the siege of Petersburg in 1864-65, their skeltons were uncovered by a bulldozer working on Interstate Route 95. They were identified as Union soldiers by the buttons of their uniforms.

Hand It Over!

MADISON, Wis. (AP)—Refusal to give up a party telephone line during an emergency could prove costly in Wisconsin.

Gov. Gaylord Nelson has signed into law a bill calling for a $500 fine in such cases.

EASY DOES IT—Waiting for a crew for a cool spin around the bay is this lovely at the helm of a runabout. This boat and more than 50 others may be seen during the next three days at the Corte Madera Shopping Center boat show in the mall and arcade. The inboard, outboard and sail boats, many of which are manufactured in the Bay Area, will be shown to the public by dealer representatives who will be on hand to explain details of their craft. The show will run until 5:30 p.m. Saturday.

Vacations In Colorado Due Some Lucky Couple

Two couples will enjoy expense-paid vacations in Colorado as guests of Thrifty Drug Stores' vacation-giveaway program now under way and running until June 30.

To qualify for the prizes, it is only necessary to sign an entry slip, available at the cosmetic counter at the drug store in the Corte Madera shopping center and deposit it in the entry box at the store. Names of the winning couples will be announced following a July 8 drawing.

First prize in the giveaway is an expense-paid vacation for the winning couple for 13 days and twelve nights in Colorado. They will be flown to Denver via Continental Air Lines "Golden Jet," and treated to a week of sightseeing in Denver where they will stay at the new Denver Hilton Hotel.

They will then travel to Colorado Springs where they will stay at the Antlers Hotel and be escorted on tours through the surrounding countryside.

For the entire two weeks the winning couple will have their own car to drive, courtesy of Rollin's Rent-a-Car service. Following the two week's holiday, they will return to California via Continental Jet.

Second prize in the Thrifty giveaway will be a six-day round trip to Denver via Continental Jet. The runner-up couple will also stay at the Denver Hilton Hotel and will be offered the use of Rollin Rent-a-Car.

As a special bonus, if the winning entry is accompanied by a box top, label or cash register receipt (of reasonable facsimile) from any Revlon product, the winner will receive a set of luggage.

Potluck Dinner, Singer Scheduled At Church

Marin Camp Farthest Out will present song leader Charles King in a program beginning at 2 p.m. Saturday at the Congregational Church, 912 E Street, San Rafael.

A potluck dinner will be held at 6 p.m. at Gerstle Park, after which the group will return to the church to hear a talk by Ray Pitsker at 7:45 p.m., announced Mrs. Harry Karnes of Kentfield, chairman.

Attends Seminar

Raeburn F. (Bill) Hay, of 178 Vista Grande, Greenbrae, attended an industry seminar conducted by the Society of Industrial Realtors in Los Angeles last week. Hay is a vice president of First Western Bank and Trust Co. in San Francisco.

Wrong Way

BUFFALO, N.Y. (UPI) — Walter E. Maugens Jr., 32, decided it was a nice night to take a trip to see his father in Pennsylavania. But his method of transportation tripped him up.

Sheriff's deputies stopped Maugens about 30 miles from Buffalo. He was at the wheel of a stolen bus. He wound up on the receiving end of a $200 fine and was given a suspended three-month jail sentence and placed on indefinite probation.

Hands Aren't Obsolete

BURLINGTON, Vt. (UPI) — A University of Vermont Extension Service dairyman says though "milking machines have long since taken over, the farmer's hands are still vital in milking,"

Warren Dodge said, "Starting and stripping cows by hand can be important steps in a good milking program and war against mastitis."

'Mad Mouse' Described As Thrilling Ride

The "Mad Mouse" is loose at the Corte Madera Shopping Center.

Not a real mouse, but one of the most thrilling rides ever to accompany a carnival and circus such as is now in progress at the center.

For the next 10 days the circus, complete with wild animals and clowns, will hold forth at the center — with tickets of admission free for the asking at any of the more than 30 stores in the center.

Highlighting the circus will be one of the last of the old time circus performers, Roy Buble, who brings with him a lion taming act, a dog and pony show, clowns and sideshows.

Star performer will be Baby Boo, the only performing baby elephant in the United States.

Baby Boo, 1,800 pounds of pachyderm, will perform incredible feats of balance, one of her acts being performed on Buble's chest.

Accompanying the circus will be a collection of thrill rides costing $250,000 and including airplane rides, ferris wheels, whips, the "Mad Mouse," and a complete kiddieland in operation for the small children.

ROY BUBLE, one of the foremost wild animal tamers in the country, is caged with a lion, representing one of the many acts to be presented at Corte Madera shopping center free circus and carnival. The circus and carnival will be presented by the merchants in conjunction with the free boat show. The show will close Saturday night. The carnival and circus will continue until Sunday.

Carbons Upheld

CHEYENNE, Wyo. (AP) —The validity of a signed and witnessed carbon copy of a man's will has been upheld by the Ywoming Supreme Court.

The court overruled a district court decision that wills executed by Charles L. Stringer of Gillette in 1952 and 1954 were invalid because they were carbon copies, although duly signed and witnessed.

"There is no special virtue in typing by imprint through inked ribbon than through a piece of carbon paper," Justice Harry Harnsberger ruled.

Vision Obscured

BURLINGTON, Vt. (UPI) — John Soule said his 1959 sports convertible crashed into a hydrant because his eyeglasses and windshield had become fogged during a rain storm.

YMCA Still Has Summer Camp Space

The YMCA of Marin summer camping programs have a few openings available for teen-age boys and girls as well as for younger boys, Alden Stock, local YMCA camp chairman, announced today.

For boys between 7 and 11, registration is still open for Vagabond Day from July 5 to 16, July 18 to 29, and Aug. 1 to 12. Deer Park Canyon near Fairfax is the locale for these sessions.

For teen-age boys and girls, three pack trips in the Sierra Nevada are offered. The first is planned for boys in the ninth and tenth grades, July 9 to 17. The second, for boys, will start July 30 and return Aug. 6, for eighth and ninth graders. The co-ed pack trip for tenth, eleventh and twelfth graders is scheduled July 23-29.

For boys 9 through 13, a YMCA resident camping session at Camp Tolowa in the Santa Cruz mountains is offered Aug. 10-19.

More information may be obtained at the YMCA office in San Rafael.

Ice To Green

MONTREAL (UPI) — Maurice Richard, hockey's greatest goal-scorer, also is an accomplished golfer. The Montreal star shot an 87 in this year's Canadian hockey club golf tournament to finish second behind teammate Jean Beliveau.

Better Late Than Never

BIRMINGHAM, Ala. (AP) — Things take a while sometimes, figures Traffic Sgt. M. H. House. He said a woman came in recently and paid three delinquent parking tickets — two issued in 1951, one in 1954.

Ike Visit To Japan Canceled; Defense Pact Still In Danger

WHAT A WAY TO START VACATION!

St. Anselm's School in San Anselmo closed its doors for the summer yesterday, and today some of the pupils were busy knocking the windows out of the gymnasium building. Nobody minded much, though, for on the opposite side of the building, a demolition crew was at work, reducing the structure in preparation for a new building program. So Johnny and Billy and Pete "helped out" by practicing their rock-throwing accuracy.

Expert Says Trains Below Span 'Feasible'

Engineer Would Require Slight Structure Change

A suspension bridge expert, hired to answer the question of whether it is "feasible and practicable" for trains to run beneath the Golden Gate Bridge, gave his answer today: It is.

Dr. David B. Steinman, New York engineer, gave the answer to directors of the Bay Area Rapid Transit District in a report presented at a meeting in San Francisco this afternoon.

SOME REBUILDING

Only slight revision in the bridge structure would be necessary, said Steinman. The additional weight required for tracks to carry rapid transit cars would be negligible.

The job would cost $8,700,000, he estimated, aside from the tracks themselves and electrical installations. Keneth M. Hoover, rapid transit district engineer, said this agreed approximately with his estimate of 15 million dollars over-all cost.

Steinman was hired in January to make a study of the feasibility of adding rails to the bridge. His name was one of three submitted by the rapid transit district board to the Golden Gate Bridge and Highway District board.

NOT BINDING

The latter group said any of the three experts would be acceptable — but declared in advance it was not binding itself to accept the findings.

The report presented today completes the study except for aerodyamics tests on a section model of the bridge. They are still under way by Prof. F. B. Farquharson of the University of Washington and George S. Vincent of the U.S. Bureau of Public Boards. A separate report on the results of those tests is to be submitted next month.

Steinman's conclusions, as presented today:

1. "The proposed addition of facilities to accommodate two tracks of conventionally supported rapid transit on the suspension spans of the Golden Gate Bridge is feasible and practicable."

2. Best location of the tracks would be under the center of the auto deck, atop the longitudinal reinforcing struts.

3. Reconstruction necessary "would be limited to the exist-

President Sails For Formosa

MANILA (AP)—President Eisenhower wound up his visit here tonight by pledging the United States to defend the Philippines instantly against any armed attack. The promise scored a diplomatic success to match his personal triumph.

Along with gratitude for Eisenhower's affectionate welcome here, his aides displayed relief at cancellation of his trip to Japan.

AID PLEDGED

In a final communique with President Carlos P. Garcia, Eisenhower pledged that any attack on this forme American colony "would be instantly repelled."

The president continued to be the object of popular acclaim and affection unconcerned about cancellation of his Japanese visit.

The trip had been planned to start Sunday. White House press secretary James C. Hagerty said Eisenhower's schedule will be revised aboard the cruiser St. Paul as the presidental party heads for Formosa.

DUE SATURDAY

He is due in the Nationalist Chinese island stronghold Saturday.

Filipinos turned out in a light rain to cheer Eisenhower again as he left Manila aboard a Navy launch that took him to the St. Paul, flagship of the U. S. Seventh Fleet, for the trip to Formosa.

In a brief, impromptu departure statement, Eisenhower made no mention of the canceled Japan trip.

'FRIENDLY PEOPLE'

He told Filipinos that he had found a "friendly government and a friendly people" who stood with the nations of the free world.

In Seoul, South Korea, the government invited the president to advance his visit to South Korea by coming here Sunday in view of the cancellation of the Japanese visit. He had been scheduled to go to Korea after visiting Japan.

VISIT OFF—Japanese Prime Minister Nobusuke Kishi tells newsmen in Tokyo of the decision to ask President Eisenhower to postpone his visit. (AP Wirephoto)

Screaming Leftists Demand Kishi Quit

TOKYO (AP)—President Eisenhower's goodwill visit to Japan was canceled today under the threat of Communist violence. The U. S.-Japanese defense treaty still was in danger.

The pact becomes law automatically Sunday unless Prime Minister Nobusuke Kishi can be forced to dissolve Parliament before then. The Communist-led mobs have two more days in which to try to bring about the downfall of the Kishi government and void the treaty.

In announcing the Eisenhower trip is off, Kishi told reporters: "Even if there is the slightest bit of doubt about the President's safety in Japan, it makes it inappropriate for him to visit at this time."

IKE AGREES

Eisenhower, in Manila, regretfully agreed. Like Kishi, he blamed Tokyo's left-wing turmoil on a small group of Communist agitators.

Even as Kishi urged Japan to fight Communist mob violence, thousands of left-wing demonstrators marched outside his official residence, screaming for the U. S.-aligned cabinet to resign.

Zengakuren, the fanatical Marxist student organization which staged the most violent of Tokyo's five weeks of demonstrations, issued a statement claiming credit for cancellation of Eisenhower's visit.

THREATEN STRIKE

Zengakuren leaders threatened "unlimited strikes and daily demonstrations until Kishi and U. S.-Japan security are thrown out."

But Kishi said he will not bow to worldwide Communist demands for a breakup of Japan's military alliance with the United States and resignation of his cabinet.

He said he will not even discuss dissolving Parliament or quitting until the final exchange of ratifications of the new pact providing for American bases here for at least another decade.

The Japanese government could easily drive the mobs from the streets if it could get some backing from press and public to restore order.

POLICE RELUCTANT

But police have been reluctant to use their full powers because they fear the stigma of Japan's brutal prewar police. And the government is even more reluctant to call out troops for fear of acting like Japan's old military masters.

But the opportunity now before the Communist world—a Japan pushed perilously close to revolution by a violent minority—may never come again. It is exactly the type of chaaotic situation Communists deliberately foster as the proper setting for a bid for power.

RED POSER

The question remained as to whether the Communists would let this opportunity pass.

Kishi was grim-faced as he made the announcement to waiting newsmen after presiding over two emergency cabinet sessions since midnight.

Kishi, whose government was shaken by prolonged rioting against renewal of the U. S.-Japanese security treaty and Eisenhower's visit, said the demonstrations were "obvious, premeditated violence planned by the Communists."

Nation's Noses Totaled Up: 179.5 Million

WASHINGTON (UPI) — The U. S. population totaled about 179,500,000 on April 1.

The Census Bureau, in reporting the figure, said it may be revised upward when the 1960 head count is completed.

The total was based on a preliminary count in the 50 states and the District of Columbia, which produced a figure of 177,733,190.

But the Census Bureau estimated the higher figure on the basis of the number of persons in the Armed Forces overseas, persons counted away from home counted too late and members of crews of U.S. military and merchant ships.

A final national total will be announced in October when tabulations have been completed.

The new totals compared with a 1950 population of 151,325,798.

This meant the nation's population apparently increased by 26,407,392—or 17.45 per cent—in the past decade.

A Census Bureau spokesman said the growth would be 18.5 per cent when the count was finished.

5 Arrested In New Lockheed Violence

SUNNYVALE (AP) — Lockheed's strikebound missiles plant obtained a court injunction today against mass picketing.

Disorders for the second straight day broke at the main gates of the 640-acre establishment. At least five pickets were arrested.

Members of the striking International Assn. of Machinists telephoned the Sunnyvale department of public safety a combination police and fire department complaining there "police brutality."

The temporary injunction, issued by Superior Court Judge W. W. Jacka, also was made applicable to other Lockheed installations such as those at Van Nuys and in Santa Cruz County. Union attorneys expressed doubts that the court's power extended to other areas.

A special squad of 15 highway patrolmen and virtually the entire Sunnyvale police succeeded in avoiding yesterday's mammoth freeway tieup of traffic. (See story on page 6.)

Some non-striking workers used bicycles instead of cars in getting through the picket lines. Others parked their cars in nearby fields and walked to the plants. Pickets worked their way down the line of arriving cars, trying to turn back the reporting workers.

WOMAN ARRESTED

One of the arrested pickets was a woman.

Another woman picket was injured in a fall off the tailgate of a picket station wagon.

The temporary injunction specified that there be no more than four pickets to a gate or one picket for every 20 feet off rontage. June 24 at 10:30 a.m. was set as the time for deciding whether the injunction should be made permanent.

ESCORTED AWAY

Today's tussle at the main gate involved upwards of 500 pickets and police. After one scuffle, a woman picket ran, was caught in a drainage ditch and escorted, screaming and kicking, to a sheriff's van.

A picket who went to the woman's aid also was arrested.

By 9 a.m., quiet was restored. Capt. Chester Elliott of the Sunnyvale department withdrew his men, saying all who wanted to work were inside the plant by then.

Possible Milk Strike Unlikely To Affect Marin

Marin County isn't likely to be affected by a possible strike against six major Bay Area milk dealers, officials of Teamsters Local 624 said today.

They said no strike vote has been taken here and added that according to their latest information, there was good prospect for agreement on a new contract with the Teamsters' clerical union succeeding one that expired June 1.

Of dealers which might be affected, Borden's and Golden State operate in Marin. The others are Marin-Dell, Arden Farms, Spreckels-Russell and Challenge Cream and Butter in San Francisco and San Mateo County.

Driver Who Passed Red Light Dies; 10th Highway Fatality

A retired San Francisco exporter-importer, who drove through a red signal light at the Black Point cutoff and Highway 101 a week ago today, died in a San Francisco hospital yesterday to become the 10th Marin County highway fatality of this year.

Seven highway deaths had occurred in Marin County at this time last year.

Gordon W. Dennett, 67, accompanied by Mrs. Dennett, was driving west on Highway 37 last Thursday. His sedan arrived at the Highway 101 intersection as the signal was giving right of way to traffic on the latter road.

The Dennett car forged into the moving line of northbound vehicles and rammed a pickup truck driven by William Nichols Dubs, 59-year-old Cloverdale mechanic, inflicting minor injuries to Dubs and his wife, who were treated at San Rafael General Hospital.

"Just before the accident, my husband shouted 'I haven't any brakes;'" Mrs. Dennett said today in San Francisco.

She said initial diagnosis of her husband's injuries was too conservative, and that in addition to four broken ribs, it was found at Hahnemann Hospital in San Francisco that he had a fractured skull and damage to a kidney.

Until two years ago, Dennett engaged in export and import business with both Europe and the Far East, Mrs. Dennett said.

BUT URGENCY DISCOUNTED

Senate Leaders Want Treaty Ratified Soon

WASHINGTON (AP)—Leaders decided today the Senate ought to ratify the U. S.-Japanese security treaty at an early date despite cancellation of President Eisenhower's visit to Japan.

Democratic leader Lyndon B. Johnson of Texas, after consultation with members of the Foreign Relations Committee and State Department officials, told newsmen there was no disposition to delay action until the Japanese ratify the treaty.

Some sense of urgency was removed, however, by the President's canceling his visit at the request of the Japanese government. Previously, the intention had been to secure Senate ratification by the time Eisenhower arrived in Japan Sunday.

While Chairman J. William Fulbright (D-Ark.) of the Senate Foreign Relations Committee had been anxious to have the treaty ratified today in advance of the president's visit to Tokyo, the deferral of the trip removed that urgency.

Fulbright said today that he still feels the treaty should be acted on speedily, but Johnson has not made a firm commitment as to the timing. Johnson told a newsman that consideration of the treaty would have to be fitted in with the other legislation.

Before the presidential visit to Tokyo was called off Fulbright had predicted overwhelming Senate ratification of the treaty.

In view of the Japanese developments, growing out of riotous demonstrations against the pact, there were some indications U. S. action might be held up to see what Prime Minister Nobusuke Kishi's government will do.

Grass Blaze Perils Homes; Kids Blamed

A 10-acre grass fire, believed to have been started by children, threatened houses along Camino De Herrera and Valley Road in San Anselmo yesterday afternoon. The fire came within 10 feet of one house.

The alarm was sounded at 3:35 p.m. after children had been seen playing at the bottom of a canyon below the houses. A stiff breeze spread the flames uphill to jump Camino De Herrera at the top of the hill, reported Frank Sousa, San Anselmo Assistant Fire Chief.

Three San Anselmo fire trucks responded. Although they laid 1,100 feet of hose they were able to get around only one-third of the fire area. Three County Fire Department units and one Fairfax fire truck came to San Anselmo's assistance.

The fire was under control by 4 p. m., Sousa said. A fireman was left with a small truck to extinguish any flare-up. He left at 6:30 p.m. At 6:45 the fire department was summoned again to put out a small

RED VICTORY MENACING

U.S. Loses Face In Tokyo Debacle

By JOHN M. HIGHTOWER

WASHINGTON (UPI) — The United States suffered a humiliating and costly defeat today in the collapse of President Eisenhower's scheduled visit to Tokyo.

The Soviet-Chinese Communist bloc won a victory of menacing proportions.

It was the second time in exactly a month that a great international event has gone against the wishes of Eisenhower and along lines charted by the international Communist leadership.

At Paris May 16, Soviet Premier Nikita Khrushchev killed the Big Four summit conference in its first meeting, leaving Eisenhower and his British and French allies to survey the wreckage of their hopes for some improvement in East-West relations.

Today's debacle in Tokyo is potentially more damaging to the United States and its allies, and in the long run poses a greater threat to the balance of U.S.-Soviet relations and therefore to world peace, than did the breakdown in Paris.

The immediate problem before Eisenhower and Japanese Prime Minister Nobusuke Kishi, in fact, is how to handle the situation to minimize the injury to U.S.-Japanese relations and to the free world political position and defense structure throughout the Far East.

The great difference between the May 16 breakdown at Paris and the June 16 disaster in Tokyo is this:

The explosion of the summit conference coupled with Khrushchev's violent personal attacks on Eisenhower forced the Western allies closer together and strengthened their resolve to resist Soviet threat and bluster. Cancellation of Eisenhower's trip to Tokyo threatens to undermine a vital anchor point of the system of anti-Communist alliances in the Far East.

Kishi's government, being compelled to confess its inability to maintain order, appears now to have no choice except to resign, which is what the riotous left-wing students have been demanding.

Kishi himself, it was noted here, said he would not quit or dissolve the Parliament until a pending new U.S.-Japanese security pact is ratified this weekend. The ratification process will be completed automatically so long as Parliament remains in session.

The security pact rather than Eisenhower's visit, has been the prime target of left-wing and Communist opposition. By holding Parliament in session, Kishi has the power to win the form of a victory on the issue of its ratification but it may prove to be an empty victory unless new political forces come into play in Tokyo now that the visit has been canceled.

In the present circumstances, opponents of the new security pact appear to have gone a long way toward undermining the U.S.-Japanese alliance and discrediting the whole military-political arrangement between Washington and Tokyo.

It is not only the form of a treaty but also the broad political accord which it represents that is vitally important.

U.S. officials are convinced that the Soviet Union and Red China were behind a ruthless and well-financed campaign to exploit antiwar sentiment in Japan, to turn the student and left-wing labor demonstrations into violent rioting where possible and to overthrow the pro-American Kishi government by any possible means.

Gas Rate Hike Hearing Recessed Until July 6

SAN FRANCISCO (UPI) — A hearing to determine whether a Pacific Gas and Electric Company gas rate increase will be granted was recessed yesterday until July 6.

The Public Utilities Commission said further hearings would be held July 6-7-8, when cross-examination of written evidence presented by the utility firm will proceed. Opponents were not prepared for cross-examination at yesterday's session.

PG&E is asking increases of 1,630,000 residential and commercial gas customers in Northern and Central California. The new rates would add an average of $1.05 per month to the bill of 1,575,000 residential users, the company estimated.

During yesterday's hearing, opponents of the proposed increase charged that it would be unfair to small home consumers.

Sergeants Near End Of Trail

CLINTON, N. J. (AP)—Refreshed with their first bath in a week, Britain's walking sergeants tramped on the last miles of their transcontinental trek today.

Only 52 miles and one river lie between them and their goal, New York, and a new cross-country walking mark. The sergeants, Patrick Maloney, 34, and Mervyn Evans, 33, plan to stop tonight in the New Jersey metropolitan area and then cross the Hudson River via the Lincoln Tunnel into New York.

They'll end the long walk at the British Exposition at the New York Coliseum. Behind them lie 2,970 miles of American hills, rills, plains and mountains—and eight pairs of shoes they have worn out in transit.

The sergeants left San Francisco April 12. If they make New York on Schedule Friday, they will have been on the road 67 days, cutting 10 days from the old transcontinental record.

Dr. Barbara Moore, 56, British dietician who started from San Francisco a day after the sergeants, was far behind, troubled by a stiff ankle.

She made only 22 miles Wednesday, calling a halt for the night at Putnamville, Ind. She said she hoped to be in New York within 10 days.

Woodacre Girl Going To Germany

Karen T. Schmidt, daughter of Mr. and Mrs. Alston E. Schmidt of Woodacre, will spend the summer in Crailsherif, Germany, under the Experiment in International Living. She is to sail from Quebec City on June 30 aboard the Irpinia.

Miss Schmidt will fly to Quebec with two classmates from Sir Francis Drake High School, Marian Walsh, who also will spend the summer in Germany, and Barbara Cassin, who goes to Great Britain.

A graduating senior at Drake High School, she plans to enter College of Marin in the fall.

WORLD NEWS IN BRIEF

To Hunt Snowman

PARIS (UPI)—Sir Edmund Hilary, first man to climb Mount Everest, said today he hoped to capture the abominable snowman by anesthetizing the legendary half-man half-beast of the Himalayan snowfields.

Hilary said he plans to shoot a liquid anesthetic into the snowman from a powerful syringe-gun, if he spots one.

Big Rockets Roar

HUNTSVILLE, Ala. (UPI)—All eight engines of the Saturn rocket, most powerful known in the free world, roared for 122 seconds yesterday to generate 1,300,000 pounds of thrust in the eighth successful static test,

Rocket expert Wernher Von Braun called the test completely successful.

Federal Pay Hike

WASHINGTON (UPI) — The House yesterday approved a 7½ per cent pay raise for nearly one and a half million federal workers in the face of an almost certain presidential veto.

The House passed the 697-million-dollar pay raise measure by a 377-40 vote and sent it to the Senate, which also was expected to approve it.

House GOP leader Charles A. Halleck (Ind.) said there was "no question" in his mind that President Eisenhower would veto the measure.

Marinite To Head New Center Operation

Paul Barstow of Corte Madera, a Western Union Telegraph Co. division operations supervisor, is in charge of telegraphic communications for the governors' conference to be held June 26-29 at Glacier Park, Mont.

Ten press circuits have been set up to handle news copy for some 200 reporters, one of the largest short-period concentrations of written communications' service ever undertaken in Montana.

Alexander Graham Bell, inventor of the telephone adopted his middle name of Graham from an admired friend.

Scale Yosemite Peak

YOSEMITE (UPI)—The sheer face of Half Dome, the famed glacier-carved rock at the east end of Yosemite Valley, was conquered for the second time yesterday.

Climbers Chuck Pratt, 21, f Berkeley; Thomas Frost, 23, of Orange, and Joe Fitschen, 23, of Monterey Park, made the ascent in two days and two hours.

Cannery Strike Hits

SAN FRANCISCO (UPI)—An estimated 10,000 members of the Cannery Workers Union went on strike at 6 a.m. today against canneries throughout Northern California.

The walkout was called late last night when negotiations between the unions and the Processors and Growers Assn. broke off without reaching agreement on a new contract. The strike, if it continues, would affect some 60 canneries which employ 66,000 persons at the coming peak season. Approximately a dozen unions are involved—all affiliated with the Teamsters Union.

Failure Costs More

LITTLE ROCK, Ark. (AP)—Even the cost of going broke is going up. It now costs $50 to file a petition in bankruptcy in U. S. District Court. The fee had been $45.

Freak Mill Fatality

GREYBULL, Wyo. (AP)—An eight-foot plank was hurled over a sawmill and through the chest of a man standing on the other side of the building yesterday.

S. H. Grisham, 54, the sawmill owner, was killed when impaled by the plank. A sawmill worker said the plank somehow caught on the saw and was hurled from his grasp.

Loyalty Law Change

WASHINGTON (AP)—The Senate has voted to repeal a requirement for nonsubversive affidavits from college students receiving loans or grants under the 1958 Defense Education Act.

Instead, it substituted criminal penalties ranging up to five years imprisonment and $10,000 fine for anyone who applies for or receives any payment under the act while he is a member of a subsersive organization. Past membership within five years also must be disclosed.

Left unchanged was the law's requirement that any student seeking to qualify must take an oath of allegiance to this country. The law provides scholarship and fellowship aid to college students.

Out Of Frying Pan . . .

STAFFORD, England (UPI)—Five prisoners pulled off a slick jail break by scaling a 30-foot wall yesterday. Fifteen minutes later they were captured on the grounds of the adjoining insane asylum.

Army Drops Sausalito School Bus

Youngsters living at Forts Baker, Barry and Cronkhite will have a new bus and new bus driver when they start to school in the fall.

For several years, the Army has provided transportation to take the students to Sausalito schools. By directive from the Sixth Army, Supt. Marcus F. Davis said, the Army will stop providing buses.

The Sausalito School District has allowed for $12,000 in its next year's budget for a bus and it will hire a driver, Davis said. The one problem, yet unsolved, is how to get the estimated 250 youngsters to school on time. Davis said he thinks it will take five round trips.

The board also:

1. Turned down non-teaching supervision at noon on playgrounds of the four schools, for financial reasons.

2. Decided to continue the child-care center but not to provide hot lunches.

3. Approved maternity leave for Mrs. Beatrice Brown, Marin City third-grade teacher.

Two Hamilton Colonels Moving

Two Western Air Defense Force officers at Hamilton Air Force Base who arrived at the same time in 1956 and have worked together ever since, last week both received transfer orders at the same time.

Fast Rails System Painted As Cheap, Modern, 'Brainy'

Marin County commuters will have a half-hour 60-cent ride to San Francisco on "the most modern rapid transit system in the entire world" if the proposed Bay Area plan goes through, four panelists declared on radio station KTIM's "Marin Sounding Board" program today.

Keneth M. Hoover, chief engineer of the Bay Area Rapid Transit District, said that the proposed system "will run at the highest speeds, with the newest equipment, and will be the first system so far as we know to operate completely automatically."

He pictured 100 miles of combined subway-tunnels, aerial line and surface routes, including a section suspended over water under the deck of the Golden Gate Bridge.

Commuters leaving San Rafael, said Hoover, "will be able to board a train at 7:30 in the morning and arrive in downtown San Francisco at a Post and Market Street subway station before 8 o'clock"

He described trains as two to 10 cars long, electrically powered, capable of speeds to 80 miles an hour, air conditioned and with soft comfortable seats, and noiseless.

Charge-plates would be inserted in turnstiles in place of cash payment of fares, with billing at the end of the month, and "everything else will be automatic, too, governed by the same big electronic brain."

This "brain" would start and stop trains, govern speeds, open and shut car doors and shunt surplus trains into storage, with crewmen serving merely the function of adding an extra margin of safety. Trains would run so often that timetables wouldn't be issued.

"It is planned to make this system so attractive that Bay Area residents will leave their automobiles at home, with costs so cheap they can't afford not to," Hoover concluded.

With Kitty Oppenheimer as moderator, the panel also comprised three district directors: T. J. DeLasaux of Marin, Thomas Gray of San Francisco and George M. Silliman of Alameda County. Their discussion was tape-recorded and will be rebroadcast at 12:30 p.m. Sunday.

DeLasaux said Marin faces transportation problems "almost unimaginable today" with probability of a doubled population to 300,000 by 1975. The Golden Gate Bridge "has already reached its carrying capacity during a certain portion of the early-morning peak hours," he asserted.

Rapid transit, said DeLasaux, will obviate the need for another bridge and alleviate congestion.

Four more cars cross the bridge each day on the average, he said, bringing near a time when its congestion will equal that on the Bay Bridge.

As to Marin freeways, DeLasaux said "we have little or no space to add freeways in southern Marin once Highway 101 has reached its capacity." A single rapid transit line needing only one-fourth the right-of way "can carry more than five times the number of persons," he declared.

Gray said that not only is rapid transit "much cheaper to use than an automobile," but it costs the community less to build than additional streets.

"At the same time," he added, "rapid transit can stimulate growth of all communities because it furnishes free movement of travel. In effect, it makes one big city out of an entire region."

Silliman said that Key System train operation across the Bay Bridge failed because "it didn't keep up with progress," having surface lines, low rate of speed over the bridge, too-slow schedules and a generally obsolete operation, in marked contrast to that now planned.

To a question about whether southern Marin will be "forced to pay a double share" of any rapid transit assessment, due to the rotational revaluation system now in force, Silliman said Alameda County also has a problem of assessment but that such a question is internal with each county.

DeLasaux said that any taxation that might be assessed for retirement of rapid transit bonds "will be equally shared on a basis of assessed value." Gray added that there is no present hope of any substantial federal aid.

Homes Purchase Subsidy Urged

LOS ANGELES (UPI) — A UCLA dean has suggested turning over federal public housing funds to low-income families to help subsidize the purchase of homes of their choice.

Dr. James M. Gillies, assistant dean of UCLA's graduate school of business administration made the proposal yesterday at the final session of the first governor's conference on housing.

He told the delegates that such a program could result in the saving of millions of dollars and that it would be cheaper than pouring the money into "expansive" public housing units.

Savings-Loan Firm Names President

Lawrence Weissberg of San Francisco today assumed the presidency of the Sausalito Savings and Loan Assn.

Weissberg, principal owner of the Lodi Savings and Loan Assn., purchased majority stock of the 73-year-old Sausalito association in April.

George M. Ohlemutz,' whom Weissberg succeeds as president, will remain as his associate on the board of directors, along with Walter Swenson, vice president, and L. R. Doucte. Frank Klineman of San Rafael remains as secretary-treasurer.

Newly elected to the board of directors were Kay Leber and George K. Hartwig of San Francisco, Norman Sanoff of Beverly Hills and Herbert R. Weissberg of New York.

The new president announced the firm plans complete modernization of its building at 675 Bridgeway Boulevard — the same building in which it has operated throughout its 73-year history.

"Thousands of visitors come to Sausalito from all over the nation," he commented. "It is the intention of our association to make our building one to be admired by our own citizens as well as by the visitor."

Weissberg stepped out as president of the Lodi Savings and Loan Assn. to become president of the Sausalito firm. He has spent many years in the savings and loan business, having headed a savings and loan association in Washington, D. C., before purchasing the Lodi firm.

Plan For Market Wins Approval

William H. McDevitt Co. of San Rafael has received plan approval from the Mill Valley Planning Commission to build a supermarket at 759 East Blithedale Avenue.

Construction will start the latter part of July, McDevitt said.

The two-story building, with its glass and aluminum front to face Camino Alto, will be leased to United Markets. The property has been leased from Tony Brabo.

Trustees May Add Room At Reed School

Reed Union School District trustees tentatively have decided to construct a new classroom on the site of the demolished arts and crafts building at Reed School, according to Supt. Paul R. Stouffer.

The construction is expected to be discussed at the next trustees' meeting, Monday, at 8 p.m., Stouffer said.

The action was considered because eighth grade enrollment for next term is expected to exceed 35 students per class. With an additional classroom, enrollment would be reduced to 27 students per class he said.

The new room, 24 by 40 feet, will cost approximately $8,700. Insurance funds from the former building's destruction and the community service fund will be used, Stouffer said. The room will house the library and arts and crafts, freeing the present library room for eighth grade class use, Stouffer added.

The former arts and crafts classroom was demolished by a runaway bulldozer last fall.

Understanding Unit Schedules Speaker

"The Philosophy of New Age Thinking" will be discussed by Richard H. Dachner, president of the San Francisco Interplanetary Club, at 8 p.m. tomorrow at the Isabel Cook School in San Anselmo at a meeting of Understanding Unit 31 of Marin County.

Dachner is owner-operator of a San Francisco machinery firm.

Mill Valley Delays Bus Dispute Action

No action will be taken on the storage of Greyhound buses in Mill Valley at least for six months.

Mayor Robert D. Huber said at last night's city council meeting that no other place for storage could be found for buses now stored on the center strip of Miller Avenue near the high school.

The mayor said he would ask Greyhound to try to keep the noise and the dust down.

Complaints have come in writing and before the council regarding noise the buses make in starting in early morning, as well as dust and fumes.

Gregory McCaughan, representing the Homestead Valley Improvement Club, protested for his club last night.

Councilman Michael Wornum said it is a question of time before the buses will have to be taken off Miller Avenue.

"Every other business has to provide offstreet parking," he said "I feel Greyhound should, too." He added that a place might be sought in the marshland area which would be near the proposed yacht harbor and proposed rapid transit district stop.

The council agreed to reduce Greyhound's rent at the city-owned depot by $15 when the chamber of commerce locates its office in a portion of the building on Lytton Square.

Policeman Killer Sentenced To Die

State Controller Warns Of Demands In State's Growth

SACRAMENTO (UPI) — State Controller Alan Cranston warned county government officials today that they must "meet the demands of continuing growth or be rendered immobilized and impotent."

Cranston told the county government institute that its members must work to bridge the lag between the arrival of new population and the time when newcomers become taxpayers.

He said that about half of California's present population increase of 700,000 a year can be attributed to births and half to the influx from other states.

10 YEARS AT KENT SCHOOL

Teacher Who Started In Philippines Retiring

A teacher who began her career in the Philippine Islands will conclude it tomorrow when she retires after 10 years of teaching sixth grade at Kent School in Kentfield.

Mrs. Clara M. Worsley of 23 Francis Avenue, Kentfield, has no special plans for her retirement. "I'm just going to stay home and enjoy it," she says. "I like being home, gardening, and all my friends are here."

With two of her friends she does plan a trip immediately after school closes to Yellowstone and Grand Teton National Parks.

Mrs. Worsley went to the Philippines after her graduation from University of California at Berkeley, to teach in a high school set up by the U. S. government to educate the Filipinos. There she taught history, algebra and English.

In the Philippines she met the man she was to marry, Ralph H. Worsley, who was superintendent of a school department in one of the provinces. They were married in the islands and came back to the United States together.

They lived in Oregon for a few years, then moved to Marin County in 1923. Worsley, who became Marin's first Boy Scout executive, died in 1938.

Mrs. Worsley taught for 10 years at Yolansdale School in San Anselmo before moving to Kentfield. She is a native of Shasta County, and went to high school in Petaluma. She has an A.B. degree from University of California.

She has attended various summer schools, including the University of Mexico, where she studied history, folklore and art of Mexico.

Mrs. Worsley has two sons, both married and with families, and both graduates of Tamalpais High School.

Hurt Man 'Improved'

Emil P. Kandela, 73-year-old Woodacre man who suffered a deep cut on the back of his head yesterday when he slipped and fell in the empty swimming pool of the Woodacre Improvement Club, was sent home after emergency treatment at Marin General Hospital.

Missile Workers Return At Two Plants; 10,000 Lockheed Employees Strike

26,000 Still Talking In Two Convair Unions

LOS ANGELES (AP)—A big strike and a small but crucial one ended early today in the turmoil-wracked missiles and airplane industry.

At midnight more than 17,000 Douglas workers began to return to work at the firm's Long Beach plant.

Earlier—at midnight in Florida—300 Convair machinists settled a nine-day-old strike at Cape Canaveral. The International Assn. of Machinists said that action, however, was contingent on company withdrawal of a clause to permit layoffs regardless of seniority.

10,000 STILL OUT

Still out are 10,000 Lockheed workers at missile plants in California — including the firm's Sunnyvale missile and space headquarters, where violence erupted yesterday soon after a strike started.

Still negotiating are 26,000 Convair workers in two unions.

Threatening to strike are another 18,000 Douglas workers at two other Southern California plants.

Altogether 70,000 workers of the IAM and the United Auto Workers are on strike, threatening to strike, or are just returning to work.

The Douglas settlement doesn't brighten the defense picture appreciably.

BUILDS JETS

The Long Beach plant primarily builds DC-8 jet transports. The Lockheed strike cripples the Polaris submarine missile program and work on three important Air Force satellites, including high priority reconaissance satellites.

One Douglas strike now impending at Santa Monica would halt production on the Thor missile.

The strikes were called to enforce contract demands. The unions asked hourly increases of from 14 to 17 cents.

At Douglas in Long Beach, the United Auto Workers settled Wednesday night for a two-year-package of 11 cents—plus important fringe benefits.

Horsemen Plan Overnight Ride

The San Geronimo Valley Horsemen will take an overnight trail ride this weekend to Devil's Gulch Horse Camp in Samuel Taylor Park, it was announced today by Mrs. Ernest Tanzi, publicity.

The group of about 25 riders will leave from the club's playfield off the old Sir Francis Drake Highway in San Geronimo at 9 a.m., Saturday. She said they expect to reach the camp at noon. From the camp the group will go by car to Sandy Beach for a swimming party, returning to Devil's Gulch for a barbecue dinner.

Breakfast Sunday will be prepared at the camp and the riders will leave for the playfield in San Geronimo around noon, she said.

Trouble Boils In Picketing At Sunnyvale

SUNNYVALE (AP) — Contract negotiations were to resume today in the Lockheed missile plant strike, which began with picket line violence yesterday.

While company officials and International Assn. of Machinists' representatives met with a federal mediator, Lockheed plans to ask the Santa Clara County Superior Court for an injunction against mass picketing.

MEETING CALLED

Federal Mediator Ralph Patterson called the two sides to a meeting at 4 p.m. in San Francisco. Talks broke off Tuesday night as the contract deadline neared.

Sixty policemen were to patrol the picket lines today to prevent a recurrence of yesterday's violence, touched off when non-striking employees entered the plant.

Two pickets were arrested. One was accused of knocking down Robert Lindsey, a reporter-photographer for the San Jose Mercury-News, and the other allegedly threw hot coffee on a policeman. The officer wasn't seriously injured.

TRAFFIC JAM

As the pickets swarmed around the plant entrances, a huge traffic jam developed. Paul Ofinowicz, a retired Air Force chief warrant officer, was struck by a car as he picketed one of the approaches to the plant.

The union is asking a 7 per cent wage increase and benefits. Management offered a two-year contract, with no raise the first year and a seven cents an hour increase the second year. The employees now receive an average wage of $2.65 an hour.

Landmark Society Elects Officers

Mrs. Robert Bastian of Belvedere has been re-elected president of the Belvedere-Tiburon Landmark Society and will serve until the March, 1961 annual meeting.

Thomas J. Procter is vice president, Mrs. John C. Ericson is secretary, and Vice Adm. Frank E. Beatty is treasurer.

Directors, who were elected at the annual meeting in March, drew lots for terms which hereafter will be for three years, Mrs. Bastian said.

One-year terms will be served by Mrs. Richard Dakin, Mrs. David Teather, William Brandman, Dr. Robert P. Watkins and Beatty. Serving two-year terms will be Mrs. Eric Pley, Thomas Procter, Lewis Vogler, Mrs. Ericson and Mrs. Bastian. Mrs. Howard Allen, Mrs. Ray Schultz, William Brooke, Russell Keil and Thomas Lacey will serve for three years.

PUT DOWN THAT PORK CHOP

Some Eaters Propelled By Brain, Not Stomach

MIAMI BEACH, Fla. (UPI)—Night eaters and binge eaters may be driven to obesity not by their stomachs—but by their brains and emotions, a researcher reported today.

The night eater is the fellow who rarely eats a meal before noon—begins in earnest at the evening meal and continues eating into the night.

ALWAYS NIBBLING

He rarely speaks of being hungry—he just finds himself nibbling and he can't stop, Dr. Albert J. Stumkard of the University of Pennsylvania told a meeting of the American Medical Assn.

The night eater's trouble is that he can't satisfy himself—not that he has such a tremendous hunger drive.

On the other side of the fence is the binge eater—a fellow with a great compulsion to eat and overeat. He consumes great amounts of food in relatively short periods of time.

HUNGER DRIVE

His eating habits exhibit great hunger drives but he does seem to become satisfied or oversatisfied.

The difference between the two may lie deep in the control center of the brain—the hypothalmus.

Perhaps one area of the hypothalmus controls satiety—or satisfaction—tells you when you've had enough. Another area may determine the real urge of hunger.

This doesn't mean that the night eater's satisfaction control in his brain is irreversibly damaged. It's just that during periods of light stress, his satisfaction control is disturbed, and doesn't work properly, Stumkard said.

Things are different for the binge eater. It is his hunger control section that may be upset. Usually his eating binges are followed by remorse and self condemnation. The eating binges also come during periods of light stress.

San Rafael Plans Session On Budget

San Rafael city budget sessions will begin next Wednesday night at the city hall.

City councilmen are scheduled to meet at 7:30 p.m. on June 22, 24 and 28 to discuss the proposed $2,394,182 budget. Total revenue is estimated at $1,870,875. The city has a present holding of about a million dollars, which can be used to meet the deficit for the year.

The revenue estimate is based on a 96-cent tax rate, the same as for the past year.

The budget recommendation calls for a capital improvement outlay of $685,000, including $200,000 to start on a new or expanded city hall. A salary boost of five per cent is suggested for all employees.

Trustees Raise Some Salaries

A salary increase of 2½ per cent has been granted non-teaching employees by the Mill Valley School District board.

Discussion of the 1960-61 budget was continued. Although no final figure was set, Supt. G. Robert McConnell said, "It appears that the budget will be somewhere between $1,059,500 and $1,108,500." The current year's budget is $1,033,000.

The budget will be discussed further June 27.

The president and vice president of San Rafael High School's graduating class are headed for United States service academies.

Walter Alfred Ericson, the class president, has been appointed to the Naval Academy at Annapolis, Md. Dean Arthur Steuer, class vice president, has been named to the Air Force Academy at Colorado Springs, Colo.

Both appointments were announced today by Rep. Clement W. Miller.

Young Ericson is a son of Mr. and Mrs. Waldo Ericson of 49 Reservoir Road. He was student body president during last fall's semester and junior class president last year. He was also a member of the varsity football team.

Young Steuer is a son of Mr. and Mrs. Norman Steuer Jr of 27 Quarry Road. He is also a varsity football players, lettering three years.

Both youths were nominated for service academy apointments by Congressman Miller's service academy board, which includes Municipal Court Judge Richard M. Sims of Tiburon and Col. Robert Nourse of Greenbrae as members. Ericson's appointment was by Congressman Miller, and Steuer was named for the Air Force Academy by Secretary of the Air Force Dudley C. Sharp.

Personal Income Sets New Record

SACRAMENTO (UPI) — The state department of finance said today that California's personal income set a new record during the first quarter of 1960.

The department said aggregate personal income rose to $42,333,000,000 at an annual rate. This was a gain of three quarters of a billion dollars over the final quarter of last year, and $3.8 billion more than the similar period a year ago.

The total income growth was 1.8 per cent, slightly higher than the national increase of 1.6 per cent for the first quarter.

Store Remodeling Plan Approved

Remodeling of the Mill Valley Market at 12 Corte Madera Avenue is to commence next week, according to Joseph Morallo, a partner in the business.

The loading area will be enclosed, and a wall facing the city hall will be remodeled. In addition, the rear wall of the store will be pushed back 15 feet to enlarge the interior, and the front will be remodeled.

Plans were approved by the Mill Valley Planning Commission Tuesday.

Two U.S. Aides Ordered Out, Cuba Paper Says

HAVANA (UPI) — The government newspaper Revolucion said today that two U.S. Embassy attaches had been caught conspiring with "counter-revolutionary" elements and expelled from Cuba.

It identified them as Edwin L. Sweet, of Abilene, Tex., and William G. Friedemann of Stillwater, Okla.

The embassy said it had not received any official communication from the Cuban government asking that the two men leave Cuba.

An embassy spokesman confirmed that the two men were arrested by Cuban army and secret intelligence agents while visiting Cuban friends. He said they were held for several hours at secret police headquarters for questioning before being brought to the embassy and released.

He said Ambassador Philip Bonsal ordered an immediate protest to the Cuban government against what was termed "the unwarranted" action by the agents against the embassy attaches.

Revolucion, official newspaper of Premier Fidel Castro's 26th of July movement, ran the story under a huge black bannerline which read: "U.S. Diplomats Expelled for Conspiracy."

Revolucion claimed the raid which netted Sweet and Friedemann and unidentified Cuban "counter-revolutionaries" was pulled after several days of investigation by intelligence agents.

The investigation disclosed, according to Revolucion, that the two American diplomats were "holding conversations of a conspiratorial nature for the past several days with a group of counter-revolutionaries."

SLOT MACHINE RAID BURNS UP FIREMEN LIST

DARIEN, Ga. (UPI)—Darien's 15-man voluteer fire department has quit in a huff over a slot machine raid on an American Legion post.

A resolution passed by the unhappy firemen yesterday said they would no longer be available to fight fires as a unit — but will continue to do so on an individual basis.

Three slot machines were seized in the raid Monday.

The firemen's ire is directed at Mayor Jimmy Williamson, who ordered the raid. They charge that Williamson has, "seen fit to instigate action against local citizens and a private, non-profit, civic-minded organization . . ."

State Employment In May Lowest Since '58 Doldrum

SACRAMENTO (AP) — More Californians were out of work last month than in any May in the last decade except the recession year of 1958.

Employment Director Irving H. Perluss today reported 305,000 were jobless. That's 71,000 more than in May, 1959, and only 63,000 under 1958.

The unemployed rolls dropped only 18,000 from April to May, the smallest decrease for that period since the end of World War II.

Perluss attributed part of May's poor record to continued heavy unemployment of aircraft and construction workers.

Industrial Relations Director John F. Henning reported civilian employment in May was 5,953,000, up 87,000 from April and 156,000 over May, 1959—just about in step with population increases.

BURY ME NOT — There's buried treasure in Novato as part of the Western Weekend celebration. Cash and merchants' prizes will be the "treasure" in the Kiwanis-sponsored hunt Saturday. Howard Swartz digs in the shovel. The treasure is guarded by (from left), Mayor Wayne Womack; Robert F. Merritt, chamber of commerce manager; Mrs. Garri Cook, deputy city clerk, and George Harrison, seated, publicity director for Western Weekend.

Novato Weekend Going Into Galloping Pace

Novato Western Weekend events go into hard gallop tomorrow with folk dancing and the opening of locally manned concessions at the Nave Shopping Center.

The Golden Gate Shows opened its carnival last night at the Safeway lot, on Diablo Avenue near George Street, and will continue to operate through the weekend.

Tomorrow afternoon, refreshment booths and "concession" booths, manned by members of Novato organizations will go into business.

The Kiwanis will man their dunking booth, where local businessmen will go into the drink if you hit the target.

The group also is sponsoring a hole-in-one contest, and a treasure hunt Saturday morning.

Other concessions to be opened tomorrow at the shopping center are a dart throwing booth, and refreshment stands selling beer, lemonade, cake, snowcones, hot dogs and soft drinks.

Johnson's Red Barn furniture store will serve free coffee, cider and doughnuts during the week.

Tomorrow night, there will be public folk dancing at the Town and Country Shopping Center, sponsored by the Novato Folk Dancers. At 9:30 p.m., the festivities move to the Marion School, where the dancing will continue to midnight.

The Weekend will continue through Sunday, with concessions again at the Nave Center, Buckaroo breakfast from 7 to 11 a.m. Saturday at the Center and a parade at 11 a.m. on Sunday, the Novato Horsemen will put on their action-packed rodeo.

BRIDGE

ing sidewalk, the lower deck (struts) and its supports, partial reinforcement of the stiffening trusses and provision of access through pylons N1 and S1 and the Marin anchorage housing. Roadway traffic would be substantially unaffected and would continue without interruption during construction. New interior scaffolds would be required to replace those now in use."

As envisioned by Steinman, the rails would be supported by the trusses which are directly beneath the vehicular deck of the span, and not by suspension from the span itself.

Little weight would be added to the bridge, and its contour would be unchanged.

grass fire on the edge of the burned area.

San Anselmo's firemen were kept jumping yesterday with six fire alarms. When the alarm for the ten-acre grass fire came in one truck was extinguishing a fire that destroyed a garage and store shed at 30 Suffield Avenue. The tenant, Donald Fletcher, had dumped hot ashes in a compost heap next to the garage, Sousa said. Damage to the empty garage and to lawn furniture in the store shed was estimated at $1 000.

San Rafael almost had a grass fire yesterday. Two 10-year-old boys admitted to San Rafael police that they lit a piece of paper in a dry grass area behind 146 DuBois Street. One of the boys put out the flames before they spread. When firemen arrived at 1:14 p.m. they found no fire.

The fair runs June 30-July 4

East Bay Transit Unit Get Coach Bids

OAKLAND (AP) — The Alameda-Contra Costa Transit District is studying bids on 300 new ultra-modern motor coaches, to cost from $23,500 to $35,244 each.

Stolen Car Found In Hills —Stripped

A 1958 Corvette, stolen apparently for sale of parts to San Rafael High School students, was found partially stripped in the hills of Southern Heights hills yesterday.

This is the second Corvette stolen and stripped in Marin County within the past two weeks. The other one was a 1959 red and white model found hidden under brush off San Pedro Road north of China Camp opposite the archery range. Edward Neal Orlich, 18, of 604 Morgan Drive, Ignacio, admitted stealing the car from Marin Auto Circle at Alto on May 30, according to sheriff's deputies.

The 1958 sports car, found yesterday, was stolen from Emil Bugna used car lot on Francisco Boulevard Monday.

Police Officer Eugene Frederick said the car was located about 100 feet down an old deserted path off Southern Heights Boulevard near Meyer Road. All four wheels, intake manifold, spark plugs, carburetor, distributor and other parts were neatly removed.

As he was investigating, Frederick spotted three high school youths walking down the path toward the car. They said they had come down to take a look at it because it was common knowledge at the high school that the parts were for sale.

The thief has not been apprehended.

Maguire School Graduation Today

Graduation exercises will be held at 8 p.m., today, for 310 students of Edna Maguire School at the Ruby Scott Auditorium, Tamalpais High School.

Dr. Frederick I. Drexler of Mill Valley will give the invocation. The welcome will be by Lon Gallagher, student body president. The school orchestra will play under direction of David Reed.

Daniel McNeill will be the student speaker. Mrs. J. Martin Rossee, chairman of the Mill Valley School Board, will speak and Supt. G. R. McConnell and Principal Logan T. Miles will present diplomas. The eighth grade chorus will sing under direction of Mrs. Ethelee Reed.

Planners Schedule Special Meeting

San Rafael Planning Commission will hold another special meeting at 4:30 p.m. tomorrow at the city hall.

Two items on the agenda are:

Architectural approval for George Steinert's office storage and warehouse building on Woodland Avenue.

Use permit for Latipac-Perini's golf clubhouse in the Marin Bay development (formerly Riviera Marin) on the old McNear's Ranch.

Only 32 Sign For 7-Period Day At School

Student response to a proposed voluntary seven-period day program for the high schools has been "very light," Principal Ralph H. Phelps of San Rafael High School has informed the board of education.

The proposed plan for 1960-61 would permit students with a "B" average or above in academic subjects to take an elective subject in a seventh period. It has not been decided whether the seventh period would be before or after the regular six-period day.

Only about 32 students signed up for the seven-period day at San Rafael High, the majority indicating they would like to take typing in the extra period, Phelps said.

Seventeen students signed up for a seven-period day at Terra Linda where it is proposed that a physical education class be set up for seventh period and the extra subject be taken during the regular day.

The board, at its Tuesday night meeting, asked Phelps to make another survey at San Rafael High to determine the response if physical education were offered seventh period and other subjects taken during the day. The principal pointed out that typing could not be taken during the regular periods because there was no space in the class rooms.

Phelps said San Rafael High already has a large group of students in a seventh period for advanced orchestra, so this cut down the number who could sign up for the new program.

Murderer Asks Writ, Asserts Trial 'Coercion'

SAN FRANCISCO (UPI)—Convicted murderer George Albert Scott petitioned the State Supreme Court for a writ of habeas corpus yesterday on charges that the judge at his Los Angeles trial "exerted coercion" in instructing the jury.

The petition claimed Superior Court Judge Leroy Dawson's definition of the word "insane" was so vague its use deprived Scott of his constitutional rights.

Scott also charged that Dawson's instructions, which did not allow testimony concerning Scott's alleged insanity, were prejudicial.

Scott, 38, is at San Quentin Prison's Death Row on a stay of execution. The stay was granted by Supreme Court Justice William O. Douglas pending a decision on whether the court will grant a review of the case.

The defendant was convicted of slaying film executive Kenneth Savoy with a shotgun during the Dec. 30, 1958, holdup of a Los Angeles tavern.

Richardson Bay Graduation Today

Mrs Minnie Sievers, president of the Sausalito School District Board, will present diplomas at graduation exercises of Richardson Bay School at 8 p.m. today.

There are 122 graduating eighth graders.

Dr. Richard Hinze, assistant County Superintendent of schools will give the main address, "The Graduate Today in the World of Tomorrow." Principal Robert D. Thomson will offer the welcome. Remarks will be made by Supt. Marcus F. Davis.

The eighth grade and glee club will sing. A benediction will be given by Wesley Lachman, pastor of the First Presbyterian Church of Marin City.

Ranger's Truck Strikes Girl, 3

A 3-year-old child suffered cuts and bruises when struck by a slow-moving truck driven by a ranger yesterday on a service road near the shop area of Tamalpais State Park.

William Glenn Hanselman, 39, of 811 Panoramic Highway, Mill Valley, was driving a pickup truck 300 feet south of the Panoramic Highway when he heard a thump.

"I don't believe I went six feet," he told the California Highway Patrol in describing a quick stop. Jumping out, he found he had hit Darla Kay Russell of Junction City, Ore., who had just run out from beside a parked car. The child's father, Ralph W. Russell, arrived simultaneously and took the little girl to a Mill Valley doctor.

Mill Valley Employees Will Get 4.7% Raises

Mill Valley city employees will get a 4 and seven-tenths per cent salary increase July 1.

The increase was approved unanimously by the Mill Valley City Council last night in passing a resolution amending the personnel ordinance.

The total outlay for the salary increase, according to City Manager A. E. Almcrants, will be 6 per cent higher than last year due to the fact that some of the employees will get more than one step up in salary.

The total for present city employee monthly salaries is $22,936. The new total will be $24,353 — a difference of $1,417.

Those employees who will receive more than one step up in their salaries include Preston L. Canfield, building inspector; Fire Chief Leslie Armager, Police Chief James P. McGowan; Captains Henry Pierroz and Albert Marovich of the fire department; Joe Penders, superintendent of the park department, and George Fonts and James Mundell of the Park department; Ross Benson, director of public works; Mrs Pat Arnold, Mrs. Grace Conger and Mrs. Jacques Nadler.

Architectural, Library Units Get Members

Two appointments to the Mill Valley Library Board and one to the city's architectural advisory committee were made at last night's Mill Valley City Council meeting.

Mrs. Dorothy W. Peavey was re-appointed by Mayor Robert D. Huber to another three-year term on the library board.

Benjamin Draper of 110 Longfellow Road was appointed to fill the vacancy left by Harry A. Bell, who resigned because of business pressure. His term will run until 1962. Draper is associated with the California Academy of Sciences, and is credited with having started the television program "Science in Action."

Asa Hanamoto of 548 Marin Avenue was appointed to the architectural advisory committee. He will take Robert Royston's place during Royston's absence on a European trip.

Sclerosis Victim Appeals For Dog

A multiple scerosis victim who lost her cocker spaniel dog after an accident in Sausalito Saturday evening appealed today for the return of her pet.

Virginia Matheny, 100 Grove Lane, Corte Madera, said her dog, a honey-colored female cocker, jumped from her car during the confusion of an automobile accident.

Miss Matheny is recovering at Veterans Administration Hospital Oakland. Anyone seeing the pet has been asked to call the Marin County Humane Society.

Boating Committee Meets Tomorrow

Marin's Safe Boating Week committee will meet at 7:30 p.m. tomorrow in the county courthouse to make final plans for the July 3-9 observance.

Chairman for the evening is G. E. Schmid of San Rafael, captain of the Marin Sheriff's Marine Patrol.

Representatives of groups interested in water safety are urged to attend the meeting, Schmid said. To date the Marin Power Squadron, Marin Flotilla of the Coast Guard Auxiliary, and Sheriff's Patrol have been prime movers for the observance.

Joyriders Arrested

A pair of 15-year-old boys were cited by San Anselmo police for joyriding and curfew violation at 1:40 a.m. today along Red Hill Avenue and Sir Francis Drake Boulevard. One of the boys had taken his father's car without permission, said Sgt. John Orr and Officer Leonard Musselle, who made the arrest.

Albert E. Cable Services Held

Private funeral services were held today for Albert E. Cable, 90, who died Tuesday night at a local hospital.

Services were held at the Harry M. Williams Mortuary. Inurnment was at Mt. Tamalpais Crematory. He had been a salesman for 24 years with a San Francisco shoe store and lived in San Francisco all his life.

He is survived by two sons, Ernest E. Cable of Sausalito and Harley H. Cable of Hudson, S.D.

Lucia A. Newsom Rites Scheduled

Funeral services will be held tomorrow in Los Banos for Mrs. Lucia A. Newsom, a native and former resident of Ross.

Mrs. Newsom, who died Tuesday in a nursing home in Ceres, Stanislaus County, was the sister of Mrs. Carrie Del Pino of San Anselmo and Henry J. Marshall of Ross. She is survived by four sisters and two brothers. Her husband was the late Hugh L. Newsom of Gustine, Merced County.

Mother, Son Injured In Wreck 'Better'

Mrs. Janet Ann Begonia, 22-year-old San Francisco housewife, and Michael Begonia, 4, were reported in good condition today at San Rafael General Hospital.

Mrs. Begonia suffered a broken pelvis and Michael, a broken clavicle and chest injury, in a Highway 101 automobile accident north of Terra Linda Tuesday evening. A second son, James, 3, who suffered no apparent injury, today remained under observation at

Policeman Injured As Car Jack Slips

A 44-year-old Mill Valley man last night escaped with only a bruised chest and a scratch on his cheek when his car slipped from a bumper jack while he was working under it.

Alvin J. Johnson of 137 Sunnyside Avenue, a San Francisco policeman, was given emergency treatment at Marin General Hospital at 9 p.m.

Pneumonia Takes Elizabeth Adams, 91, Of Kentfield

Mrs. Elizabeth Adams, 91, of Kentfield died yesterday of pneumonia at a local hospital.

She had fractured her hip in March, and recovered sufficiently to return home to an apartment she shared with her daughter, Mildred, at 904 Sir Francis Drake Boulevard. She suffered a relapse Friday and entered the hospital.

Mrs. Adams came to Marin County from her native Iowa in 1938, and has been active in the First Presbyterian Church of San Anselmo. Her husband, the late Charles R. Adams, died shortly after the couple moved to California.

Mrs. Adams is survived by her daughter, Miss Adams, and by a son, George Adams of Tiburon.

Funeral services will be held at 10 a.m. tomorrow at Chapel of the Hills, San Anselmo. Burial will be in Mt. Tamalpais Cemetery, San Rafael.

Margaret Kelly Services Slated

Funeral services will be held tomorrow for Mrs. Margaret Kelly Brindamour of Palo Alto, sister of Alfred R. Kelly of San Anselmo and Harold Kelly of Larkspur.

Mrs. Brindamour, 59, died yesterday in a San Francisco hospital after an illness of several weeks. Active in charity work, in 1952 she was given a medal of recognition by the Netherlands government for her work in behalf of Dutch servicemen visiting the Bay Area.

She is survived by her husband, Dr. Jean-Louis Edmond Brindamour, three children and three brothers.

A Requiem High Mass will be offered at 11 a.m. tomorrow at St. Edward's Church, California and Walnut Streets, San Francisco. Burial will be in Golden Gate National Cemetery, San Bruno.

Andrew Harrigan Dies After Illness

Andrew Leland Harrigan, 83, father of Mrs. Doris H. Morse of Kentfield and a veteran San Francisco real estate broker, died yesterday at a San Francisco hospital after a long illness.

Harrigan and the late Louis L. Weidenmuller founded the real estate firm of Harrigan, Weidenmuller Co. in 1906—just in time to be burned out in the fire that followed the earthquake. They rebuilt and continued in business.

Harrigan is survived by his wife, Emma, two daughters, a sister, four grandchildren and six great-grandchildren.

Funeral services will be held at 11 a.m. tomorrow at Halsted & Co., 1123 Sutter Street, San Francisco. Burial will be private.

Funeral Held For Day-Old Boy

Funeral services were held today for Joshua Lyons Warburg, one-day-old son of Mr. and Mrs. Felix Warburg of 61 Peninsula Road, Belvedere. The baby, born prematurely at Marin General Hospital, died Tuesday.

He was the brother of Anthony, 10; Peter, 8, and Gerald, 6. The father is a San Rafael architect.

Burial was in Mount Tamalpais Cemetery, San Rafael, directed by Keaton's Mortuary.

MARIN BUSINESS And INDUSTRY

(A Thrice-Weekly Column)

By HARRY CRAFT

Two Hub Telephone Men Transferred; Dishwasher Market Still Wide Field

Seasonal relocation of American Telephone and Telegraph Co. personnel finds two Marin men transferred from the San Rafael office to posts in other cities.

Ray Watts, 35 Jordan Avenue, San Anselmo, former special representative for the military in Marin has been appointed district sales manager for the San Mateo office. He, his wife June and three daughters will move down the peninsula July 1. They will live in Redwood City.

George M. Cunningham Jr., whose home has been nearby at 112 Jordan Avenue, has changed from assistant traffic superintendent in Marin to division traffic supervisor at Napa to which point he is commuting daily. Cunningham, wife, Carolyn, and three daughters expect to move sometime this summer.

MANUFACTURERS feel there is still on appliance on the market which hasn't yet reached the saturation level—the automatic dishwasher. Sales last year totaled 580,000, but industry statisticians say it still hasn't tapped 10 per cent of the potential market.

Some housewives, no doubt, will regard this poor showing with indifference.

Certain husbands, sons and daughters may show more interest.

OTHER APPLIANCE sales are lagging too. Manufacturers overproduced in the third quarter of 1959 when a steel strike seemed imminent. Stores overbought, fearing a tie-up.

Manufacturers are now doing everything they can to move their top-heavy inventories, with special price inducements to dealers. They've also resorted to curtailed production schedules and mass layoffs.

NEW PITCH in selling hi-fi components to women will be to soft-pedal electronic features and stress aesthetic values of music and soothing atmosphere while they work at household chores.

Cultural advantages of giving children an early exposure to good music, and styling to blend with other living room furniture will be emphasized.

Frequency response, transistors and output won't be mentioned except to devoted audiophiles and hobbyists.

REGISTRATIONS for automobiles in the medium and upper price brackets indicate that Mercury and Chrysler are the only makes for which marked sales gains are shown over last year. Pontiac is running slightly higher than 1959.

Names of some medium price makes may be given to smaller, less expensive cars or else die out entirely. Until 1955, the middle range accounted for nearly 40 per cent of new car sales. Now it is down to 19 per cent.

SUN VALLEY MARKET at 2202 Fifth Avenue, San Rafael, is getting a new look. The 15-year-old building is being spruced up by proprietor Jim Cook who has leased it for the past 10 years.

New awnings and shelving have been installed, and the walk-in box has been relocated to give butcher Walt Hammerman more counter room. Still to come are new lighting fixtures and floor covering.

Cook says that the rearrangement will enable him to add more stock to his shelves.

WHO SPENDS MORE? Americans visiting Canada or Canadians visiting the United States?

Americans, you may say. No one else can make a dollar go such a short distance with so little trouble in so little time.

Not so.

For nine years we've outfumbled our northern cousins in each other's territory. Last year the ratio was about three to four.

Tavern Reopens Eating Section

The restaurant section of the Club Rio has been reopened, specializing in 10-ounce New York cut steaks.

Robert Pruett, operator of the new Hickory Room has installed a charcoal broiler.

The room will be open from 11 a.m. to 4 a. m. Monday through Saturday. The club is located a mile south of Novato on Highway 101. Chris Beasehart will continue to operate the bar.

PROMOTED—Ralph E. Jentoft of 880 Penny Royal Lane, Terra Linda, has been promoted to senior research chemist at the Richmond laboratory of California Research Corp., a Standard Oil subsidiary. He joined the firm in 1952 and has conducted a variety of analytical chemical research projects.

Corte Madera Fireworks Set July 4

Fourth of July fireworks will burst into the sky above Neil Cummins School playground in Corte Madera beginning at 9:15 p.m. on Independence Day.

A show even more spectacular than previous years has been promised by Carl K. Brown of Corte Madera, coordinator of the eighth annual Larkspur-Corte Medera community fireworks display.

Two Corte Madera Fire Department pyrotechnic teams will fire off airborne bursts alternately under the direction of Harold Kelly, Corte Madera merchant. More than 225 effects have been purchased from the firm supplying fireworks at Disneyland and the Winter Olympics at Squaw Valley.

Funds to finance the display have been contributed by individuals, businesses, and the city councils of Larkspur and Corte Madera. The event is sponsored by Larkspur-Corte Madera Recreation Commission.

Members of the committee in charge include William Schnell, fund raising chairman; Charles R. Young, Martin Flynn, Mrs. Henry Rosso, Albert E. Kogler, Bill Gordon and Fred A. Banducci.

Marshall Budget

The budget for the coming school year will be considered at 2 p.m. Tusday at a meeting of the Marshall school board at the school.

Building Dips 22.7 Per Cent April To May

Construction activity in Marin, based on building permits issued, was off 22.7 per cent in May from April and 11.5 per cent from May, 1959, the Macent from May, 1959, the Marin Industrial Development Foundation reported today.

The drop would have been larger if it had not been for $1,677,600 in commercial and industrial permits issued last month. Included in that total were $700,000 for the Fairchild Semiconductor Corp. plant in San Rafael, $262,000 for the Fair-Anselm Shopping Center in Fairfax, $275,000 for the new Western California Telephone Co. building in Novato, and $286,000 for the Novato General Hospital in Novato.

The commercial-industrial accumulative total through May this year is $2,929,750, which is 274.1 per cent above the $783,150 for the first five months of 1959.

The volume of residential construction, hampered probably by financing problems and, in the Novato area, by uncertainty until recently of adequate water supply, continues to be down appreciably from the prior year. So far in 1960 the number of dwelling units permitted amounts to 857, compared with 1,488 through the first five months of 1959.

San Rafael again led all communities and areas in the county with a permit total of $1,305,517, followed by Novato with $883,250.

Totals in other incorporated cities were: Corte Madera, $376,088; Fairfax, $337,020; Mill Valley, $226,320; Larkspur, $166,911; San Anselmo, $91,303; Sausalito, $75,345; Belvedere, $41,800, and Ross, $18,550.

In the unincorporated areas, greatest permit total was on the Tiburon peninsula, with $315,480, followed by Kentfield-Greenbrae-Bon Air, with $159,360; and unincorporated Mill Valley area, with $147,301.

ENGINEERING CONSULTANT — Louis O. Britt has opened an office in the Raccoon Strait Maritime Center, Tiburon, to do consulting on civil, sanitary, mechanical and electrical designs. The new firm will be known as Britt and Associates. Britt was formerly vice president and general manager for Dudley Dean and Associates, San Francisco consulting engineers. He lives in Strawberry with his wife, Helen, and children.

Employees Of Another Airline Vote To Strike

By U.P. INTERNATIONAL

Another strike warning added today to the woes of the airline industry already beset by one wildcat strike and four other threatened walkouts.

The Air Line Pilots Assn. said 300 National Airlines pilots voted to strike unless National gave them satisfactory wages and working conditions. No strike date was set.

Eastern Airlines spokesmen said only "5 or 6 per cent" of its nationwide flights were in the air. The others were grounded by the refusal of 600 pilots to accept federal inspectors in the third pilot's seat. The eastern wildcat strike defied a federal court injunction.

ALPA pilots stuck to their promise to strike Northwest Airlines at a minute before midnight tomorrow and refused to comment on a national mediation board offer of mediation.

Pilots of Transworld, American and Pan American Airlines honored injunction against a planned boycott of jets carrying Federal Aeronautics Administration inspectors in the third pilot seat.

Pool To Open

The Southern Marin Recreation Center board of directors announced the swimming pool will open for the summer June 27 from 11 a.m. to 7 p.m.

Sixth Graders Tell Of School Work In Drama

San Anselmo's Brookside School sixth graders recently wrote and presented before their parents a two and one-half hour play based on nearly their entire term's work.

The youngsters wove into the script their knowledge of history, reading, geography, music, public speaking, French, economics, art, creative writing and even psychology.

The class chose to build the plot around the Irish potato famine. Their teacher, Mrs. Alice Stinchcomb, said two weeks were spent in preparation for the play itself. Script writing was done as a group project after research and discussion.

Chamber Steps Up 'Buy At Home' Plan In Mill Valley

The Mill Valley Chamber of Commerce was to send out 6,000 copies of an alphabetical list of its members to Mill Valley residents today in connection with inauguration of the chamber's "Buy at Home" campaign.

The list of 155 members gives names, addresses and telephone numbers of business and professional people.

Granville L. Beedle, secretary-manager, has announced that two desks, some chairs, a typewriter stand and a lamp have been given to the chamber to be used in outfitting the chamber office which is to be opened in the Greyhound Depot Building. The furniture was from Jack McCallum, who recently closed his real estate office in Mill Valley.

St. Louis Cathedral in New Orleans was built in 1794.

Mill Valley Passes Slope Ordinance

A slope ordinance for Mill Valley, to become effective Aug. 6, was voted unanimously by the Mill Valley City Council last night.

The ordinance, actually an amendment to the subdivision ordinance, requires that lots increase in size as the slope increases in all subdivisions of five or more lots. It was given first hearing last night, with a second hearing and final adoption scheduled for July 6. It would become effective 30 days later.

But one person spoke dubiously of the ordinance last night. That was City Attorney Thomas C. Nelson, who said: "It is possible it might work and it is possible it might not work. I am not unalterably opposed to the proposed ordinance. Put it on the books and we will try to enforce it. If there are bugs, they will be found later."

He said Marin county is using such an ordinance successfully. But he noted its use in the county is mainly for subdivisions in undeveloped surroundings. Mill Valley is mostly developed, he remarked.

Ernest L. Friberg, representing Gohcen Construction Co. and Marin Capital Co. who own some 700 acres between Mill Valley and Corte Madera and will be affected by the ordinance, said "We believe in the policy."

Manuel Gomez, owner of Garden Hill Unit 2 in the same area as Friberg's properties, said he also approved of the ordinance but he wished the council would allow some of his level lots to be 10,000 square feet to make up for other lots which will have to be much larger under new ordinance.

In a separate but related action, Gomez agreed to put his request for rezoning his property from one acre to one-fourth acre lots, over to July 6. In the meantime, he said, he will make a tentative map based on the slope ordinance.

The council also:

1. Extended to 1970 Mill Valley Garbage Co.'s exclusive franchise to collect garbage in the city. A company representative asked the long extension because the firm wants to buy new packer type trucks and needs assurance the contract—which would have expired July 31, 1964, will continue long enough to make the outlay feasible.

2. Approved rezoning and subdivision requests of Antonio Varney, to allow Varney a green belt behind apartment buildings between Miller and Ethel Avenues.

3. Granted Dr. J. S. Miller of 110 Summit Avenue permission to keep a horse.

4. Amended the zoning ordinance to read that any two sub-standard lots must conform with present zoning.

5. Approved a fee of $253 to be required of subdividers for general drainage development of areas on which they are building.

6. Put over to July 6 an appeal on denial of application of a use permit to Lyle Heer to build a drive-in restaurant at East Blithedale Avenue and Lomita Drive.

7. Acknowledged receipt of check for $100 and letter from Richard L. Parino, 185 Buena Vista Avenue, who said he was pleased with the work the city had done toward improving Boyle Park.

8. Approved warrants totaling $32,381.

Parking District Meeting Planned

The Tiburon Chamber of Commerce will sponsor an open meeting next Thursday for property owners and tenants who will be involved in the proposed downtown parking district.

The meeting will be at 8 p.m. in the Tiburon Boulevard Firehouse. Property owners will be asked to sign a petition for the district.

Chamber members will investigate possibility of holding a "fall festival" in Tiburon. Ernest Chamberlain was appointed chairman.

LINDA WILLSON
Miss West Marin

Inverness Girl To Be Crowned In West Marin

Linda Willson of Inverness will be crowned Miss West Marin at a Coronation Ball, June 26 at 9 p.m., during the eleventh annual West Marin Junior Livestock Show in Point Reyes Station.

The Red Barn, once a roundhouse for the old North Shore Railroad, is the place.

Miss Willson is a daughter of Mr. and Mrs. Carl Willson of Inverness. Her princess will be Rici Elston of Bodega.

This year a new pole barn, just completed, will house the livestock exhibits of 4-H Club members and Future Farmers of America. Judging of exhibits begins at 10 a.m. on June 26.

At noon Sunday, Parade Wrangler William Hall Thomson will present the 1960 edition of the annual stock show parade. Last year 5,000 persons thronged Point Reyes Station (population 600) to see the colorful parade.

Beginning at 11:30 a.m., June 26, and continuing throughout the afternoon, chicken barbecue will be served.

Presentation of trophies and awards is scheduled that afternoon.

Blood Bank Due At San Rafael Elks Club Friday

The Irwin Memorial Blood Bank of the San Francisco Medical Society will seek donations of 150 pints of blood tomorrow from 2:30 to 6:30 p.m. at the Elks Club, Fifth and B Streets, San Rafael.

Mrs. Bernice Hemphill, director of the bank, said more than twice as much blood is being used in Marin through transfusions as the bank is able to obtain from residents at the twice-monthly stops in Marin.

This year, local hospitals have given 1,588 transfusions, but only 759 donations of blood have been secured. Since May 26 four patients alone have received transfusions of 40 pints.

WAR DECLARED ON DUMPERS

Las Gallinas Valley Sanitary District has opened a campaign against residents of the district who dump their garbage and rubbish wherever they find a spot, instead of having it picked up by Marin Sanitary Service, as required by ordinance. In upper photo, Mrs. Annie B. Reagan, secretary of the district, and Jack Bacon examine pile of old boxes and trash dumped in a Marinwood gulley. In lower picture, Marinwood Fire Chief Donald Ray points out to Floyd Horland where trash piled against fence started fire by spontaneous combustion. Fortunately the blaze was extinguished with the fence only scorched. Mrs. Reagan said the sanitary service is cleaning up the existing dump piles—but from now on, such dumping will be strictly forbidden and anyone caught at it will be cited into court.

Receiving a Marin General Hospital service league nursing scholarship was Barbara Jean Krause.

A full scholarship to Wellesley College went to Sandra Boyer; one to Overland College, Ohio, to Richard Weil, two to Stanford University, to Barton Lane and Clinton Lane, and one to Occidental College, to Patricia Wicklund.

Students At Hill School To Graduate

Three hundred three eighth graders will be graduated tonight from Hill School in Novato.

Speakers will include Fran Hasick, student body president, Steven Bradford, Dianne Chambers, Mary Donohue and James Sanders.

Ceremonies will begin at 7:30 p.m. in the Novato High School gymnasium. Principal Robert A. Patterson will give the welcome. Supt. W. J. J. Smith and Mrs. William Dougherty, a school board member, will award diplomas.

Drunken Driver Fined $150, Gets Probation

Lyle D. Sharlow, 26, of 6 Orange Court, San Rafael, drew a $150 fine and one year probation yesterday for his first drunken driving offense.

Judge Leonard A. Thomas of Marin Municipal Court sentenced Sharlow for driving while intoxicated along Highway 101 last Saturday.

Confederated Schools Employees Get Plaudits

The confederation of San Anselmo, Kentfield and Fairfax School Districts—the only organization of its kind in the state—will come to an end June 30 after some 40-plus years.

In a letter to employees of the three districts, Supt. Harold R. DePue briefly traces the history of the confederation and observes that "despite some cumbersomeness, I believe the operation has been of real service to all concerned."

DePue's letter is printed in the District Dewings, bi-weekly publication for the employees. He congratulates all the staff for a "job well done. You have been the heart of this organization."

The superintendent notes that he has had the "challenging distinction of attempting to answer to three boards . . . This has been a rich experience."

The confederation was created when San Anselmo Supt. Wade Thomas obtained consent of the Fairfax and Kentfield boards to hire him as their superintendent, too.

"In contemplating that original affiliation, I can't help but those trustees must have been looking ahead to the day when the Ross Valley would be one district," DePue writes.

After Thomas died in the mid-40's, Robert Ricklefs, then headmaster of the San Rafael Military Academy, became superintendent. He was assisted by G. Robert McConnell, now superintendent of Mill Valley schools.

Kenneth M. Forry succeeded Ricklefs in 1952 and DePue became superintendent in 1957. He will become superintendent of the Kentfield district when the confederation splits.

Apartments Rejected By Sausalito Council

The Sausalito City Council has denied T. H. Borla of 695 Bridgeway Boulevard variance to build 12 apartments over the Central Pharmacy.

The council, in so doing, upheld the planning commission which had refused the apartments on the grounds they had far less total area, per living unit, of apartment and parking space than required by ordinance.

WAS HE SAFE?—Roberto Clemente, Pittsburgh outfielder, starts his slide into third short of the bag as Giants' third baseman, Joe Amalfitano makes effort to tag him. Umpire Frank Dascoli looking at the play said Amalfitano missed and called Clemente safe. The ruling brought the entire Giant infield swarming around Dascoli in protest. He didn't change his mind. Pittsburgh won, 14 to 6. (AP Wirephoto)

Giants To Send McCormick Or Sanford Against Pirates

Combined UPI and AP

SAN FRANCISCO (UPI)—How do you stop those Pittsburgh Pirate sluggers?

That's the question manager Bill Rigney of the San Francisco Giants pondered today. In two games the Pirates have clobbered his star mound staff for 20 runs and 27 hits in winning the first two tilts of the three-game series.

"Don't know what we're going to do," said Rigney after yesterday's 14-6 massacre. "All our relief hurlers, sooner or later, seem to make a mistake."

The Giants now trail the leaders by three games.

The Pirates teed off on starter Billy O'Dell yesterday for four runs in the third inning and drove him to cover in the fifth with another tally.

But that was nothing compared with what they did to Joe Shipley, Stu Miller, George Maranda and Bud Byerly. Billy Loes, who was in there for only two-thirds of an inning, escaped without damage.

So today Rigney plans to call on Jack Sanford, his strong-armed righthander. But Rig admits he may change his mind and use southpaw Mike McCormick in this final game of the series.

Hurling for the Pirates will be Wilmer (Vinegar Bend) Mizell, a southpaw with a 3-3 record.

The Giants did a bit of hitting themselves yesterday, getting 12 safe blows, compared with 19 for Pittsburgh. But the Pirates clustered theirs. They put together four hits for four runs in the third; got five runs off five hits in the seventh.

Harvey Haddix, the winning pitcher for the Pirates, took it easy on the mound—but he was a tiger at the plate with a bloop double, two infield scratches and one solid hit to go for 4 for 5 for the day.

The big gun for the Pirates was Don Hoak, who clouted a single, double and triple and drove in four runs. But Dick Groat got three singles and a triple; and catcher Hal Smith a double and two singles. The Pirates had six doubles and a pair of triples in their collection.

For the Giants, Orlando Cepeda clouted a 420-foot homer between the flag poles in center field. And Willie Mays hit one to left center at the 400-foot mark. Both blows came with the bases empty.

Hoak said Billy O'Dell, Giant starter, was throwing good stuff until until Roberto Clemente was called safe on a disputed two-out play at third in the third inning.

Hoak agreed with Bill Rigney, Giant manager, that Umpire Frank Dascoli's call on Clemente was the game's turning point. Rigney said the inning would have ended in a 1-1 tie, but Hal Smith's double and Hoak's triple followed for three more runs.

Giants Jottings: Catcher Bob Schmidt, pitcher Sam Jones and Coach Wes Westrum were tossed from the game for baiting the umpires . . . Rigney claims, and most of the fans and press agreed, that on the disputed play in the important third inning, Clemente ran at least five feet out of the base line when Joe Amalfitano was attempting to tag him. But the ump ruled him safe . . . the Giants once again are looking toward their Tacoma farm to see if anyone there would measure up as a relief hurler . . . Don Hoak, Pirate third baseman, referring to the wind, says: "You can't play major league baseball in this park. It's the only park I ever played in where the wind is strong enough to blow ground balls off course." . . . The Pirates committed four errors yesterday. But the same defense pulled off a pair of double plays to get Haddix out of trouble. The infield now has five twin killing in two games.

THIS OLD PRO HAS TO TAKE A BACK SEAT

NASHVILLE, Tenn. —A professional golfer usually waves goodbye to his wife and family and heads for the course.

But today things are different at the home of Harold Eller, pro at the Old Hickory course.

Mrs. Eller and daughters Judy and Beverly (Mrs. Robert Boner) are away competing in the state women's tournament. Sons Richard, 13, and Mike, 9, are playing in schoolboy events.

Ladies Golf Winner

The final round of the Indian Valley spring handicap was won by Mrs. Lynn Sumpter, who defeated Ann Sears, 2-up. Consolation flight was won by Velma Greene, who defeated Boneta Besse, 1-up.

Drake High Pool To Be Opened

The Drake High School swimming pool will be open to the public from 1 to 5 p.m. Saturday and Sunday.

The pool will be closed next week, then will be opened for its summer schedule starting June 25, when it will be open every day except Mondays, 1-5 p.m. Wednesdays, Fridays, Saturdays and Sundays, and 1-8 p.m. Tuesdays and Thursdays. Fees will be 15 cents for grammar school children, 25 cents for high school and 40 cents for adults.

Tuesday and Thursday evenings will be family nights, with children with parents to be admitted free after 5 p.m.

Drake will also start its summer basketball play on June 28, with games to be played at 7, 8 and 9 p.m. Tuesdays (high school age) and Thursdays (adults).

Probers Eye Fight For Irregularities

WASHINGTON (AP) — Senate investigators said today they are watching for any moves by racketeers to cash in on the Johansson-Patterson heavyweight championship bout next Monday.

Sen. Estes Kefauver (D-Tenn.) told a reporter he had authorized this scrutiny.

Kefauver heads the Senate antitrust and monopoly subcommittee now investigating underworld influence in professional boxing. Two days of public hearings which ended yesterday concluded the first phase of the study.

'ROTTEN'

Rand Dixon, the subcommittee's chief counsel, charged that boxing is "rotten from top to bottom" and needs federal regulation.

The subcommittee already had disclosed that Ingemar Johansson, the Swedish world heavyweight champion, and Floyd Patterson will be witnesses in later hearings on alleged irregularities concerning the promotion side of their first bout a year ago.

Kefauver said he felt it was only logical that "if we look at the first Johansson-Patterson bout, we should also look at the other."

John G. Bonomi, Dixon's associate counsel, added that "all aspects of every important bout" are under scrutiny.

During the two days of hearings:

1. Former middleweight champion Jake LaMotta related that he had lost a fixed fight in 1947 to Billy Fox. He said he turned down a $100,000 bribe offer, but agreed to lose in return for the promise of a future chance at the title he finally won in 1949.

2. Irving Mishel, a convict and former money lender in the underworld, swore he has been threatened with harm if he tells what he knows of mobsters' money deals in the boxing business. He invoked the Fifth Amendment.

BASEBALL ROUNDUP

Cardinals Starting To Look Like Contenders

By ASSOCIATED PRESS

The St. Louis Cardinals are seven games behind and the Chicago Cubs trail by 9½. But they are the two top clubs in any pennant plans Pittsburgh has at the moment in the National League race.

The Pirates have a three-game lead — biggest bulge of the season in the majors — after socking second-place San Francisco 14-6 yesterday.

They pulled five games away from third-place Milwaukee after the Braves managed no more than a split with the Cubs in a twi-night doubleheader.

But while the Cubs, winning 8-5 after a 5-4 loss, kept the Braves from closing in, the Cardinals continued to look like possible challengers with a 6-0 victory over Cincinnati. It was the fifth success in six games for the fourth-place Cards, who took three of four from the Pirates last weekend. They did it behind the three-hit pitching of rookie Ray Sadecki.

Los Angeles walloped last-place Philadelphia 14-2 in the other NL game.

In the American League, the New York Yankees were held to a 7-7, 12-inning tie by Kansas City and rain, but gained a share of first place with Cleveland. The Baltimore Orioles made it a virtual three-way deadlock — just one percentage point behind — by dividing a twi-night pair with the Indians. The Chicago White Sox regained fourth place with a 6-4 victory over Washington. Boston spilled Detroit to fifth by beating the Tigers 4-3 in 10 innings.

The seventh-place Cubs, who almost made it a sweep by junking Warren Spahn's four-hit shutout with four ninth-inning runs in the opener, came from behind with six runs in the nightcap eighth. An error by Red Schoendienst, which made four of the runs unearned, and five singles did it as the Cubs tagged starter Carl Willey, losing reliever Ron Piche (0-2) and Lew Burdette in the big frame.

Moe Drabowsky (2-0) won it in relief after the Braves scored all their runs on homers by Ed Matthews, who socked two, and Wes Covington.

Ed Bouchee's three-run homer off reliever Don McMahon capped the Cubs' ninth-inning rally in the first game. McMahon (2-5), winless since opening day, finally won it when the Braves beat Seth Morehead (0-4) with a two-run ninth capped by Al Spangler's single.

Sadecki, a 19-year-old lefty, walked eight but struck out nine for his first major league victory in three decisions.

Somebody Had Better Start Doing Something About Wind At Ballpark

HANLEY

So nothing can be done about Candlestick's wind? Everybody talks about the weather but nobody does anything about it. Not true.

A couple of generations ago there was a smart fellow named Adolph Sutro who came up with a practical solution for drawing off water from the silver riches of the Comstock Lode with an ingenious tunnel.

The same man built practical wind breaks for his property in San Francisco that extended from the old Cliff House to Twin Peaks, all of it barren sand dunes. He accomplished that feat by sprinkling eucalyptus seeds, brought by four-masted sailing boats from Australia, in the sand.

Now, it is not practical to start sprinkling eucalyptus seeds around Candlestick Park with the hope or expectation that the wind problem would be eliminated next season. However, the Giants have a 35-year lease on the plant and trees grow pretty good in that time. They certainly won't spoil the now bare terrain in the immediate vicinity.

IF THE TREE planting project is abhorrent to adjacent land owners and impractical as a speedy solution of the wind problem, then a massive windbreak—even though costly — should be considered.

The best kind of windbreak would be extension of the second deck of the stadium out around the left field wall to center. Or so it would seem, since the wind howls around the left field corner now.

MAJOR LEAGUE baseball in Candlestick Park during the past couple of weeks has been farcical due to the wind. Every team that has visited there is only too happy to leave. And the Giants themselves will be happy to get out on the road next Monday.

It has been frustratingly trying on the players but no more so than on the fans themselves who are beginning to ask for odds on whether or not a pop-up will be caught. Every fly ball is an unpredictable thrill.

INSOFAR AS THE players are concerned, they are professionals and should adapt to the conditions. But the fans do not have to put up with the kind of entertainment they have been witnessing in Candlestick.

SHOULD THE GIANTS win the National League pennant and the wind is howling in October around Candlestick as it is now, hundreds of visiting sports writers for the World Series are going to write some choice copy—and most of it will be about the wind.

Long-time residents in the immediate vicinity of Candlestick Park say that July, August and September are windless.

AND IT MIGHT ultimately prove to be the practical solution—night games predominantly during April, May and June, mostly day games the latter part of the season, because the wind definitely is down at night around Candlestick.

COURSE FOR U.S. OPEN GOLF—This is the layout of the Cherry Hills Country Club course at Denver, Colo., where the U.S. Open Golf Championship is being played, starting today. Course totals 7,004 yards and has par of 35-36 for a 71. Entered are 150 golfers. Tournament ends Saturday. (AP Wirephoto)

Accuracy, Not Power, Seen As Biggest Factor In Open Tourney

DENVER, Colo. (UPI)—Accuracy rather than power is expected to be the decisive factor in the U.S. Open golf championship starting today.

Because of that, the pre-tournament dope figured one of golfing's younger guard, like Arnold Palmer, Dow Finsterwald or Ken Venturi, probably will win it.

As usual, however, two 48-year-olds, Ben Hogan and Sam Snead, ruled the sentimental favorites for this 72-hole, three-day grind.

It figures to be one of the biggest and best of the U.S. Opens. Prize money has been increased to $60,000, with the winner receiving $14,440. That is $4,400 more than Billy Casper collected when he won the title last year.

Joseph Dey, executive director of the U.S. Golf Assn., also announced that a record had been set for tournament ticket sales, with 8,138 already sold. The old mark was 7,687.

The scene of this 60th renewal of the world's number one tournament will be the 7,004-yard Cherry Hills course in mile high Denver. The winner will have to thread the fairways, for they are narrow and there are numerous water hazards.

"The course requires placement shots, especially off the tee," explained Ralph (Rip) Arnold, the home pro. "This sets up the approach shot. You want to be where the greens open up."

That factor, Arnold believes, favors Hogan, so he is picking bantam Ben to win the Open for an unprecedented fifth time.

Hogan's game, Arnold believes, is best fitted for the Cherry Hills course, but if Ben should falter Arnold picks Snead, who never has won the Open but has been second four times, to take it.

Not many golfers agree with Arnold's choice. They point out that while Hogan is shooting as well as ever from tee to green, his putts aren't dropping any more. And Snead never seems to have it in this tournament which the players want to win more than any other.

They also point out that golfers like Palmer, Finsterwald and Venturi have the type of game suited to the Cherry Hills course, too. So does Casper. And not to be counted out are such players as Gary Player, Art Wall, Jerry Barber, Julius Boros, Bob Rosburg, Cary Middlecoff, Tommy Bolt and others. There aren't many who favor the chances of such long ball hitters as Mike Souchak.

Par for Cherry Hills is 35-36—71. The first few holes are not too difficult, but the finishing holes are. When the Open was played here in 1938, Ralph Guldahl won with 284.

The 150-man field played the first round today and will play the second tomorrow. The low 50 and ties will qualify for the final two rounds on Saturday.

IT IS NOT SO FUNNY THIS TIME

GROSSINGER, N. Y. (AP) — A year ago, before he took the heavyweight title from Floyd Patterson, Ingemar Johansson told newsmen he was going to finish up his training five days before the battle and "let strength and power flow into my body.

"Every day I rest I will get stronger and stronger," said the Swede, an unknown quantity then.

Most everyone at the press conference snickered.

Well, Ingemar said the same thing yesterday, just five days before his return title bout with Patterson in the Polo Grounds Monday.

No one laughed.

Oakland Grid Pros Sign 7 Players

OAKLAND (AP) — The Oakland Raiders of the American Football League yesterday announced signing seven more players including former Stanford end Irv Nikolai.

Other signees are Cloyd Boyette, tackle from Texas Southern; Ron Sabal, guard from Purdue who played with the Philadelphia Eagles in 1958; Billy Locklin, tackle from New Mexico; Dave Holden, tackle from Los Angeles State; Mac Starnes, center from Abilene Christian and Joe Barbee who played one year with the Baltimore Colts.

Oakland now has 67 on its roster.

Vacationers will swarm, as usual, into the great National Parks this summer where many will make their first acquaintance with the wild bear.

If you do come near one of these 1,000-lb. chunks of bear meat, enjoy it at a safe distance.

Then, when you return home you can enjoy Ol' Vatcation Pak. It's the Independent-Journal saved while you vacation.

You'll have all your favorite comic characters, and two weeks of sports and society news. Politics is boiling over this summer and you don't want to miss any part of it.

Features you like will all be there such as Roscoe Drummond, Hal Boyle, Today's Editorial.

All you need do is call GL 4-3020 or t ell your carrier. Your newspapers will be saved while you vacation and delivered in a neat package when you return. There's no extra charge for this service and you'll enjoy catching up on what took place while you were away.

Getting Rid Of Evidence Not So Easy, Game Law Violator Finds

STEVENS

Howdy, folks! They tell us the Canadian Mounties "always get their man." May we suggest that the California wardens do likewise, even if they must bring up evidence from the bottom of the sea.

How come? Listen! It happened Sunday. A commercial fisherman was seen getting abalones. He started to enter Bodega Bay. He was hailed by the wardens Told to halt for inspection. Warned not to throw the sack of abalones overboard.

The fisherman did throw the mollusks overboard and laughed at the lawmen. But our hardy hunters of the lawless had the last laugh. With the aid of skin diving gear, the sack of evidence was brought to the surface—80 abalones, 55 of which were under the size limit.

The culprit was arrested. It's now up to the judge, who we hope doesn't laugh. We're sure the commercial fisherman isn't.

CHIEF WARDEN Al Giddings, who gave us the above information, waxed eloquent when he reported on the clam and abalone hunting over the past weekend. "There were 86 cars at Dillon's Beach on Sunday," he told us. "We counted 283 limits of abalones at that one spot alone.

"At Abalone Point, off Bolinas, we counted 200 cars, and almost as many at Drake's Bay. A rough estimate is 3,000 legal abalones taken—and no violations."

WE ASKED GIDDINGS if any news had come in of halibut in Tomales Bay. "A rumor, only. I heard one or two have been taken, but didn't verify it. Should be happening, though. It's the right time of the year."

Seems like our Marin County sportsmen are just that. Several wardens watched from cover while anglers hooked hundreds of undersized stripers in at least two sloughs and released every one.

WE ASKED GIDDINGS about giant clams at Dillon's Beach. He told us there were 200 cars at Lawson's Resort, 600 people, all after clams. With but a few exceptions all had clams and most of them limits.

Red Scanlon reported that he and other members of the Marin Rod and Gun Club did themselves a lot of good trolling on the club pier with single rigs while walking along the pier trailing live shiners. Caught a flock of mighty fine, fresh run stripers in the six to 12 pound class on the afternoon tides over the weekend.

TROLLING IN the late afternoons has been from warm to hot in the upper San Pablo Bay. Carl Bennett of the Rodeo Marina called on Monday morning to tell us some fast and fancy fishing had been had on both Saturday and Sunday trolling between the Union Oil Wharf and Buoy 10. He mentioned the Two Dares, with skipper Louie Dare at the helm, taking limits easily for his passengers. "All nice fish, large mediums," stated Carl Bennett.

So that's that for today. See you tomorrow. Until then, goodbye, good luck and go get 'em!

Lakes Restocked

This week Phoenix and Lagunitas Lakes in Marin are scheduled to be restocked with catchable-sized trout by the Department of Fish and Game. Anglers are reminded that this list is tentative and subject to change, depending on water and road conditions and other factors.

Standings Listed In San Anselmo Baseball Leagues

Rotary Club and American Legion are tied for the San Anselmo Little League lead as the Hub City's baseball season passed the halfway mark. Each has seven wins and three losses. The Fire Department was in third place, Jack's Drug fourth and the Lions Club fifth.

In the minor league, Home Market led with eight wins and two losses, followed by Wilson-Wedekind Builders, Paul's Body and Paint, Catey's Whirlpools and Chapel of the Hills.

The Junior League nearing the halfway point was led by Tool-Teria Rentals with a 5 and 2 record. Mariani's Cabinets was a game behind, followed by Maggi's Flowers, Van Rotz Contractors, and Booth & Little Roofers.

Iacopi Meat Co. and Guasco Supermarket are tied for first in the new Senior League with 2 and 1 records after two weekends of play. Currie Construction and San Anselmo Merchants were tied for third with 1 and 2 marks.

The Legislative Outlook For Sportsmen Could Be Called 'Promising'

SACRAMENTO (CNS) — The deer, pheasants, trout and other fish and wildlife in California — who don't have the vote as yet — will be happy, or unhappy, as the case may be, to learn that all of the people dealing directly with them in the legislature apparently will be re-elected.

Last week's primary showed no casualties among fish and game committee members and most of them polled high enough primary election votes to indicate, if not assure, their re-election in November.

But the wildlife, as well as the human-type voters, would do well to be on their guard between now and November. They should beware of campaign promises, polls and all interim committee meetings.

Although it has gained in prominence in recent years, the hunting and fishing business still is a second-string business in the legislature. This means not too much attention is paid to it during the legislative sessions when the money is being handed out and other services performed.

But most politicians who try to put on an all-out campaign —at some time or another during the campaign — see the desirability of corralling this big segment of voters. Then come the promises—more fish, more deer, more pheasants, lower license fees, more boat launching ramps, lower boat launching charges, and the like.

The politicians usually manage to find some willing lieutenants among the organized sportsmen. These titled officials will make statements in support of most everything the politician wants.

Come the day after the election, however, and fish and game for the most part, is right back in its second-string status.

In defense of the elected officials, however, it should be pointed out that the support of outdoor groups has never done much for candidates.

The term "organized sportsmen" is somewhat of a misnomer when it comes to statewide or even district-wide organization. Only on a few occasions have all the sportsmen got together enough to put programs through.

One example of this was the anti-net legislation which first was passed in 1951 — outlawing commercial nets in the Sacramento river — and in 1957, when the nets were banned from the Sacramento-San Joaquin system above Carquinez Straits.

This was that rare example when the sports fishermen could all line up in opposition to the commercials.

On such things as deer management, pheasant management or the catchable trout program, the lack of unity has been apparent.

But, getting back to the legislators and other politicians, the story of the one big fight that found all organized sportsmen in agreement and organized has an ending which helps add to the caution with which the office-seekers approach the whole question of fish and game.

The 1951 anti-net legislation was authored by Sen. Verne Hoffan, a Republican from San Joaquin County. Following passage of the bill, Hoffman was hailed as the hero of all inland fishermen. In 1954 he was defeated in a bid for re-election to the State Senate.

In 1957, Sen. Louis Sutton, a Republican from Colusa County, was the standard bearer for the successful anti-net fight. In 1958, Sutton was retired by the voters involuntarily.

Thus, the record for the legislators who have gone all out for the sportsmen is not one to provide much encouragement.

Giants Have Pennant Qualifications But Have To Put Them Together

CONNOLLY

The old wheeze about being so close to the forest one can't see the trees applies to baseball, as well as other things.

Our S.F. Giants offer a good illustration.

Two front-line pitchers, Johnny Antonelli and Stu Miller, have disappointed, so far, with little, if any, relief in sight.

Lack of full infield strength, due to Davenport's injury and McCovey's stubbed toe, plus on and off (principally off) batting slumps of Cepeda, Mays and Blasingame, and a not too hefty or smart catching department, are a few of the observations sometimes overlooked in the face of a slowly backward movement by the Giants.

Not many clubs in the league could stand a crimp like the Giants and still hang in there.

BUT THE NICEST attribute of the Giants is they have power, hidden or otherwise; fielding strength, speed and a voluminous pitching staff of five starters.

When you combine power, speed, defensive strength and reliable pitching, you pretty nearly cover the highlights expected of any club rating championship possibilities.

THE GIANTS HAVE all of the above needs, but so far haven't been able to coordinate them, and that goes back to the fundamentals of a possible winner. You gotta have somebody at the head of the aggregation who can and does make decisions on the spot.

Bill Rigney hasn't been the director or the producer of other seasons. Maybe Bill isn't in the best of health but the old gag and so often told is that "if it's too hot in the kitchen, get out of it" is applicable in this case.

THE GIANTS DO NOT play like a well organized club. And there are rumors, emanating from all sides, that some of the gang are cutting capers.

Just as an illustration, one of the Giant players bought a home in S.F. and was telling the salesman of the troubles.

"You can't stay out late and kick up your heels and play winning ball," Kirkland is supposed to have told this realty salesman.

I DUNNO HOW TRUE it is and I've never worn a star or been a copper in my life, but you can bet a hatful some of the gang are raising cain.

For a long time Orlando Cepeda hasn't been himself, but thank goodness, the kid is coming through now. The National League pitchers owe him a lot of hits he didn't get in the first month of the season and you mark my words, Cepeda is going to collect those hits.

AS FAR AS I'M concerned, and it might not be clubby for me to say it, I do not think Orlando is ever going to be a Ty Cobb or a Tris Speaker or a Joe Di Maggio or a Willie Mays in the outfield. He just stumbles out there and if you haven't observed it, you ought to change opticians.

Cepeda belongs on first base if the Giants want to get the most out of his ability. And I don't care if that means Willie McCovey has to try out as a pitcher.

Don Blasingame hasn't been hitting up to his usual style but he is a hustling athlete who gets on base a lot of times and scores a lot of runs. So let's lay off him and alternate him whenever needed with Joe Amalfitano, who in my book rates the greatest blessing the S.F. Giants infield ever got.

AMALFITANO plays a variety of spots. He's not too fast but he's reliable. I like him better on third than on second because on second his lack of speed shows up more. You never notice how clumsy he is on third base. But on second he sometimes looks like a coal heaver on a wax floor.

One very critical aspect of the Giants is the pinch hitting department. It reeks to heaven with an unmatched odor. Not one of the three big shots, Jim Marshall, Dave Philley or Dale Long, has begun to hit his stride. And while they are slumping they can expect no favorable comment. They've just got to snap out of it. And if they don't they better start examining bus schedules.

ONE OF THE very pleasant surprises of the season to date is Andre Rodgers, the Bahamas kid, whose ill-fated shortstopping proved so costly last year.

Rodgers, so it would seem, really has found the position where he belong — first base.

What a relief, and what a comeback Rodgers has made for a fellow who confessed over the radio he "froze up" in the field. No one watching him this spring at Phoenix would ever have guessed he was so sensitive. And now that he is clicking, gosh what nice things one can say about him.

Ortiz Retains Title On Split Verdict, Offers Loi Rematch

SAN FRANCISCO (AP)—Junior welterweight champion Carlos Ortiz changed his tune today and offered Italian Duilio Loi, loser in a close and gruelling 15-round title fight, a rematch.

Ortiz, 23-year-old Puerto Rican-born New Yorker, contended before the first round bell that last night's nationally televised bout would be a warmup, a stepping stone to a battle with Joe Brown who holds the more lucrative lightweight boxing crown.

But after the split decision verdict, Ortiz commented, "Sure I'd give Loi a rematch. I think it would be a terrific match and would fill the Cow Palace."

Only 4,252 paying fans showed up at the 16,000-seat arena, paying a gross $20,411 to watch Ortiz, 137½, and Loi, 140, belt each other.

Loi, 31, who lost only his second of 112 fights, said he reinjured his hand in the second round. The hurt fist had caused a two-week postponement.

Loi said he would welcome a rematch.

Referee Vern Bybee and Judge Matt Zidich scored the fight even after 13. Judge Fred Bottaro had Ortiz two points in front.

Bybee scored the last two rounds, both furious, for Ortiz. Zidich saw them for Loi; Bottaro had them even. The AP gave each a round.

The final verdict: Bybee and Bottaro for Ortiz, 145-143 and 143-146, Zidich for Loi, 145-143. The AP had it for Ortiz, 145-143. (UPI scored it for Ortiz, 144-143.)

There were no knockdowns. Ortiz went down in the second for a moment but Bybee called it a slip.

Steve Klaus, Loi's manager, said if the referee had called it a knockdown his fighter would have won. Klaus declared he thought Loi won but agreed it was close.

Phillies, Reds Announce Player Swap

PHILADELPHIA (AP) — The Philadelphia Phillies today announced the trade of outfielders Harry Anderson and Wally Post and a minor league player, Fred Hopke of Buffalo, to Cincinnati for Tony Gonzalez, Lee Wall and a minor league player to be named later.

Anderon, 28, broke in with the Phillies in 1957. In 1958 he was named major league sophomore of the year when he batted .301 with 23 homers and 97 runs batted in, his career high. But last season he slumped to .240. His average thus far this season was .250.

Post, 30, will be returning to the club he broke in with in 1953. His best year was in 1955 when he hit 40 homers, batted in 109 runs and ended with a .309 average. He was used sparingly this season after a poor 1959 when his average slipped to .254.

Gonzalez is 22. The Cuban is in his first year with the Reds, coming up from Havana where he hit .300 last year. Walls, 27, broke into baseball with the Pittsburgh Pirates, later was traded to the Cubs and then the Reds. His best year came in 1958 with the Cubs. He batted .304 and hit 24 homers.

Gonzalez, Walls and Post are outfielders.

Court Hearing On Case Of Rams Vs. Cannon Near End

LOS ANGELES (AP)—Possibility of a heated windup of the Los Angeles Rams-Billy Cannon injunction trial loomed today in federal court.

The Ram attorneys indicated they will try to get into the record a $110,000-plus contract the ex-Louisiana State University all-America star signed with K. S. (Bud) Adams, owner of the Houston Oilers of the rival American Football League.

AMENDED SUIT

Knowledge of the contract was revealed in an amended suit filed several weeks ago by the Rams, who belong to the National Football League. It has been referred to in the present trial but not introduced as yet in evidence.

The Rams signed 22-year-old Billy to a 3-year, $50,000 contract Nov. 30, 1959. They claim Adams signed Cannon on Dec. 22 in Baton Rouge.

'TAMPERING'

Both dates, of course, preceded Cannon's last game as a collegian in the LSU-Mississippi Sugar Bowl game in New Orleans Jan. 1.

Each faction has accused the other of tampering with Cannon's amateur standing and coming into court with "unclean hands."

It will be up to Federal Judge William J. Lindberg to decide which, if either, has the dirtier hands.

The judg may take the case under advisement and make his ruling at some later date.

NFL RULE

In testimony yesterday, it was brought out that the NFL constitution notes that one of its teams will not "play" a boy who still has college eligibility. It does not use the word "sign."

With all the row, would the Rams still want Cannon to play for them if they win the case?

Elroy (Crazy Legs) Hirsch, former star end for nine years and now general manager of the Rams, testified emphatically:

"Very much so."

Cannon, through his attorneys, has said he will not play for the Rams regardless of the outcome of the suit.

SNAKES ALIVE! LOOK WHAT MUSEUM GOT

S. Thompson Walker, director of the Junior Museum of Marin, removes the museum's newest "pet" from sack (labeled "canary food") held by F. M. Knox, director of museum's current fund-raising campaign. The pet is the 14-foot python which was shipped here for Judy Philo of San Anselmo, but proved too much snake for her. It was presented to the junior museum by the Gay Pet Shop. It is being displayed this week in the window of the former Marin Title Co. office at 1300 Fourth St.

'CRISIS,' 'REVOLT'

Farmers Prepare To Fight Labor

SACRAMENTO (AP) — Labor tension mounted on California farms today as lawmakers sought solutions and farmers prepared to fight organized labor with a mobile work force.

The Senate Fact Finding Committee on Labor and Welfare heard seven hours of testimony yesterday on the struggle over attempts to unionize farm workers, but planned no immediate action.

One farmer called the situation "the most grave crisis ever faced by California farmers." Agriculture is a three-billion-dollar a year business in the state.

A union leader said it is a "mass revolt against the intolerable conditions imposed upon farm workers."

Farm groups, meanwhile, planned two new moves:

1. Recruitment of a large mobile labor force by 14 farm groups to help with harvests on farms picketed by union organizers.

2. An appeal to U.S. Labor Secretary James P. Mitchell to overrule a state ruling which denies referral of workers to farms where a labor dispute is in progress.

Union spokesmen at the hearing demanded an end to the use of imported labor and to exemption of agricultural labor from benefit programs available to other workers.

Farm spokesmen countered with demands for special laws to protect farmers from crippling strikes at the peak of harvests.

They argued that crops present a special problem because they are so highly perishable.

Norman Ross, a packing-house union spokesman, called that "sophistry."

"The perishable crops of California will be in danger of spoilage as long as employers in agriculture continue to refuse to bargain collectively with their employees," he said.

Ivan G. McDaniel, an attorney for several farmers groups, said the present picketing by "stranger pickets" from the Agricultural Workers Organizing Committee is illegal because it is done by organizers instead of employees.

The AWOC has posted pickets at a number of farms in its campaign to organize the state's 250,000 farm workers and to get higher pay and improved working conditions.

PUPIL COST INCREASES $8 DURING YEAR

SACRAMENTO (AP)—It cost an average $351 per pupil to operate California's elementary schools last year, $8 more than in the previous year.

That figure was reported yesterday by the controller's office in statistics on 1958-59 school expenditures that showed costs per pupil have risen in all public schools.

It cost $534 per pupil to operate high schools, a $6 increase, and $598 per junior college student, an $18 boost.

The average cost in unified districts, where expenditures are for all three types of schools, was $414 per pupil, about $12 more than in the previous year.

Station Reports Theft Of Tires

Five new tires worth more than $150 are missing from a San Rafael service station, Officer Raymond Bleasdale reported yesterday.

Raymond A. Blanquie, who owns Ray's Wilshire Service at Fourth and Irwin Streets, found the tires were gone from his stock Monday Last Saturday, he noticed two tires missing but did not report the loss. But when three more disappeared, he complained to police.

Census Puts State 2nd With 15 Million Persons

SACRAMENTO (UPI) — The 1960 census today placed California's total population at 15,650,000 persons, the second largest in the nation.

Dr. Carl Frisen, population expert for the State Department of Finance, today gave that estimate from preliminary figures.

Frisen said the total showed:

1. That California would be the nation's most populous state in 1964 if both California and New York continue to increase in population at the same rate they have in the past 10 years.

2. That California should gain eight new representatives in Congress. "Frankly, I think that will happen," Frisen said.

The preliminary figures from local census offices showed California population totals 15,532,279.

However, Frisen said, the U.S. Census Bureau will add nearly 120,000 more to account for the transient residents, such as ship crewmen, who were not available in their home state for the census count.

The total showed California's population increased 5,064,000 in the past 10 years, an average of 506,000 new residents a year.

New York was declared still the nation's population champion Tuesday when the census bureau announced its total at 16,596,507 an average increase of 190,000 per year over the last 10 years.

Doctors Can't Agree On Sanity Of Indian

FRESNO (UPI)—Psychiatrists were unable to agree today on the sanity of Rayna Tom Carmen, 49, a Mono Indian who was a Death Row inmate at San Quentin Prison for nine years.

Dr. Harry Bramwell of Stockton State Hospital reported Carmen is mentally fit to cooperate in his defense against a murder charge in federal court. However, Bramwell said it "seems evident he was medically insane at the time" of the crime.

Drs. Mark Zeifert and Max Levisohn of Fresno disclosed different results in previous examinations. They concluded Carmen was unable to assist in his defense and his mental ailment probably was a permanent condition.

A sanity hearing is scheduled Tuesday for Carmen, who is charged with the fatal shooting of Wilbur McSwain near North Fork in 1950.

Carmen won release from Death Row in February when a U.S. appeals court ruled Madera County Superior Court had no jurisdiction because the shooting occurred on a Federal Indian reservation. However, he was re-arrested on the federal charge.

Honoring the young couple, Sam's sister, Mrs. David Lowell McIntyre and her husband gave a dinner party. Guests included Mr. and Mrs. Watson, the bride's sister, Mrs. William Gartner, and children, Freddie and Ivan, who were enroute to meet the husband and father in Okinawa, Miss Tannette Jaloff and Mr. and Mrs. R. C. Redway.

'A WONDERFUL GUY'

Expressions Love, Admiration Pour In For 'Letters To Father'

By GAY PAULEY

NEW YORK (UPI)—Fifty thousand children can't be wrong. Pop's a wonderful guy.

Expressions of love and admiration, with one wry reference to dad's developing paunch, ran through the missives entered in the "Letters to Father" contest to honor the old man on his day, June 19. The Cigar Institute of America sponsors the contest, which this year drew a record 50,000 letters.

"My father is a jaunty guy, kind of hiding his mid-age bulge, but strong as an ox," wrote Mario Berlanda, 15, of Willow Grove, Pa., winner of the first prize in the boys' division.

Mario, a ninth grade who hopes one day to be a teacher, went on to say how much he admired his father, also a teacher. "We enjoy mutual understanding of each other," he added.

First prize in the girls' division went to Marion Boisvert, 14, of Barrington, R.I., who wrote "When the time comes for me to marry, I hope I marry a boy just like you . . ."

Dalla Redbird, 7, of (23108 Harding Street) Hazel Park, Mich., took second in the girls' division with a four-line letter of admiration for her father because he "Helps me with my music . . . beats tom-tom for me." A postscript added, "My daddy's name is William A. Chief Redbird."

Third place, girls' division, went to Melba Wehunt, 16, (Route 6, Jamerson Road) Marietta, Ga., who said "You have never had a son . . . always been surrounded by petticoats, but you have given me a relationship few daughters have with their fathers."

Second prize for the boys went to Sheldon Breger of (818 N. Sycamore Avenue, Los Angeles) who paid a touching tribute to his step-father. "His first thoughts are of us," he wrote, "Then mother and last, himself."

Andrew Jarvis, 7, son of the assistant headmaster of Episcopal Academy, Overbrook, Pa., took third prize in the boys' division with a letter of thanks to his dad for driving him to Sunday School and keeping "The hall light on at night."

A special family prize went to the four Spinetti girls—Dolores, Joanne, Ramona and Patti—of Daly City, Calif., who wrote "God knows you've tried for a son. All you've gotten is four daughters, but that doesn't seem to bother you at all."

A committee of judges (including a representative of the national Father's Day Council) selected the winners, but chuckled over many another entry — even it it weren't award-worthy.

One child wrote, "I am glad we have the same germs so I can kiss you."

"I consider myself lucky to be one of your daughters, even if I did inherit your hay fever," said another.

My own favorite came from an 11-year-old who wrote, "My dad likes little girls like me and big girls like mommy."

LEAVING SOON for Europe to participate in the Experiment in International Living will be Joan Harris of Larkspur, a sophomore at San Jose State College.

Bridal Shower Will Honor Eve Black

On Saturday, Eve Black of Larkspur will be honored at a luncheon bridal shower in the garden patio of Sabella's in Marin given by her aunt, Mrs. Norman Rose of San Francisco.

Mrs. Jack Hodes, mother of the prospective bridegroom, is flying up from Los Angeles for the affair and will attend with her daughter, Mrs. Al Silver of San Rafael.

Among those lunching under the flowered umbrellas around the fountain will be the bride-elect's mother, Mrs. David Black of Larkspur, her grandmother, Mrs. Pauline Goldrod of San Francisco, and her aunts, Mrs. Oscar Mosk of Kentfield, Mrs. Harry Tornek and Mrs. Harry Goldrod of San Francisco.

Miss Black will be married Labor Day weekend at the Mark Hopkins Hotel in San Francisco to Jerry Hodes of Los Angeles. The couple will make their home in Los Angeles. She is a technician at Mt. Zion Hospital.

FAREWELLS FOR JOAN HARRIS

Farewell parties are being given for Joan Harris, daughter of Mr. and Mrs. W. M. Harris of Larkspur. Joan, a sophomore at San Jose State College, is leaving soon to participate in the Experiment in International Living. With an American group she will sail from Quebec on June 30 aboard the Irtinia. For four weeks she will live with an Italian family in northern Italy and then with this family and others in the group make a tour of the country.

In Joan's honor her aunt, Mrs. Perry Harris of San Anselmo, is giving a luncheon on Saturday. Recently Joan's sister, Mrs. J. Barnett Sumski, gave a tea for the traveler. A surprise to the guest of honor, it was attended by many of her former classmates. She is a graduate of Sir Francis Drake High School.

Lutheran Unit Elects Staff

The Women of Faith Lutheran Church recently met at a no-host dinner at the home of Mrs. Russell Nelson of Greenbrae with Mrs. Kenneth Caldwell, outgoing president, and her officers as hostesses.

Officers for the coming term were elected. These are Mesdames William O'Dell, Greenbrae, president; Theodore Blakeslee, Terra Linda, vice president; Dorothy May, Fairfax, secretary; Richard Herr, Marinwood, treasurer; Bliss Bellinger, Terra Linda, Christian Service chairman and William Wankowski, Greenbrae, membership chairman.

Mrs. Caldwell was presented with a life membership certificate and pin in the national organization of United Lutheran Church Women in appreciation of her two years of service as president. She also received a corsage of pink roses and white bouvardia from the executive committee of her organization.

Skov-Smith Nuptials In San Francisco

In 4:30 o'clock rites Tuesday at St. Mary the Virgin Episcopal Church in San Francisco, John Skov of Kentfield, claimed Susan Allen Smith of San Francisco, as his bride.

Susan is the daughter of Mr. and Mrs. Rogers Philip Smith of San Francisco. The bridegroom is the son of Mrs. Margery Menefee Skov of Kentfield and Robert Skov of San Francisco.

Rev. Keppel officiated for the ceremony.

Given in marriage by her father, the bride wore a gown of peau de soie fashioned with round neckline and three-quarter sleeves trimmed with seed pearls. Her fingertip veil of illusion was held by a bandeau headdress.

Nancy Smith as maid of honor for her sister, and bridesmaids, Judy Skov, the bridegroom's sister, Lynn Griffith and Electa Sevier, wore Wedgwood draped sheaths with Wedgwood bows

William Robert Timkin was best man and ushers included Paul Flood, Kurt Hauser, Bob Cockayne and Philip Smith, the bride's brother. For her daughter's wedding, Mrs. Smith wore a beige crepe de chine dress with matching accessories.

Mrs. Menefee wore a taupe ensemble.

The bride attended the Kathreina Delmar Burke School, Vassar, and the University of California. She is a member of Delta Gamma Sorority and made her debut at the 1957 Cotillion in San Francisco.

The bridegroom was grdauated from Stanford where he was a member of Beta Theta Pi Fraternity. He is the brother of Jeff Skov of Kentfield. He plans to enter graduate school at Cal this fall.

Farewell Fete For Lagsdins In Novato

Chaplain (Capt.) and Mrs. Del Kalal hosted a surprise farewell party for Mr. and Mrs. John Lagsdin of Ridgeview Heights Monday evening at their Novato home. The Lagsdins leave next week for Seattle, Wash.

As Northwestern regional manager for the Alexander Hamilton Institute of New York, which provides executive development programs for business and industry, Lagsdin will direct the work of representatives in Washington, Oregon, Idaho and Montana.

Leaving with Mr. and Mrs. Lagsdin will be their daughters, Nancy and Susan.

Present at the Kalal home to wish the Lagsdins Godspeed were members of the Adult Study Group of Grace Lutheran Church, which Lagsdin has led during the past months in its study of the early church.

Besides the Kalals and Norman Schiewe, who will conduct future classes, present were Mrs. Schiewe, Messrs. and Mesdames Bill Garl, William Joseph, Gustav Paulsen, Rudolph Larson, Mrs. Lars Bengtson and Mrs. Fred Martinelli.

Games contributed to the enjoyment of the event and refreshments were served at the close of the evening.

Terra Linda's Baseball Dance Termed A Success

The Terra Linda Junior Baseball benefit dance held recently at the Bermuda Palms was a success. Gordon Young, commissioner, was presented with an engraved bowl, inscribed, in recognition of his leadership in junior baseball of Terra Linda.

Baseball figure silhouettes and pennants were used by the decorating committee headed by Mrs. Charles Larkin.

Other committees were chairman and co-chairmen Mesdames Clair Miller, Alice Lewis, Harriette Cheek; publicity, Mrs. Phil Harris; dance tickets, Mrs. Charles Cook; and awards, Mrs. Stanley Dragnich.

Summer Vacation

Mrs. Robert Franchini and daughters, Rickie and Judy, of Oak Manor, Fairfax, will leave at the closing of school for Madera where they will occupy Mrs. Franchini's parents home while they are touring Europe. They also plan to go to the Monterey Bay Area where they will spent five weeks until September when they will return to Marin.

Wives Club Elects Officers For Year

The election of the 1960-61 officers for the Hamilton Air Force Base Officers' Wives Club was held recently at the Officers' Club with Mrs. Edward F. Hoover being elected president.

The other seven elected officers were Mesdames L. L. Griffith first vice president; Donald Parsons, second vice president; Horace R. White, secretary; John T. Morris, assistant secretary; B. F. McConnell, treasurer; Robert Senecal, first assistant treasurer and Mrs. B. D. Hasty, second assistant treasurer.

Preceding the announcement of election results, Michael Casey of San Anselmo spoke on and showed examples of many things that can be made into lamps, i.e., brass candle holders, kerosene lamps, coffee grinders, pitchers and vases. He also discussed shades — their proper size, shape and material. Casey commented that "heavy linen covered shades shouldn't be used on a base of Venetian glass or should a delicate silk shade be put onto pottery or porcelain bases."

During the business portion of the meeting Mrs. Richard Tompkins, retiring welcome chairman of the OWC, introduced newcomers to the base and Mrs. Blanch Trent, mother of Mrs. John D. Stevenson, from Lynchburg, Va.

Mrs. Joe Lyle Jr., retiring president, announced that Mrs. Brian O'Neil has volunteered to be coordinator for the Family Service Center. She is replacing Mrs. Stanley McGee, whose husband has been transferred.

Mrs. Hoover, closed the meeting following the presentation of carnation corsages to all the new elected officers and a "Gibson Girl" style portrait to Mrs. Hoover, which was done by Mrs. S. W. Hebert Jr.

IT WAS "HYE" to seven newcomers and "Bye" to two Hamilton Air Force Base officer's wives at the June Officers' Wives Club "Hye and Bye Coffee" held last week. "Goodbye" was said to Mrs. J. P. Poulson, seated, left, and Mrs. Harold G. Schwan, standing, right. Mesdames Raymond Macway, David Kumler, Robert Gaffney and William Chartock, seated from left, and Mesdames John Harrington, Fred Prahl and William Foster were greeted by OWC president Mrs. Joe Lyle Jr., and Mrs. Richard Tompkins, welcome chairman. Sandra Louise Barg Bride Of K. C. McKivett Of Pennsylvania

On Saturday, June 11, Sandra (Sandi) Louise Barg of Sausalito became the bride of Kenneth Charles McKivett Jr., of Lancaster, Pa.

The daughter of Mr. and Mrs. Hans Henry Barg, "Sandi" was given in marriage by her father. The double ring ceremony took place at 5 p. m. at the Methodist Church of San Rafael. Rev. Donald Baldwin was the officiating clergyman. Church decorations were altar pieces of white stock and gladioli flanked by urns with white stock, Esther Reed daisies and gladioli. White bows and carnations marked the aisles.

Sandi's gown was designed and made by Luzel in Manila. The delicate fabric was hand woven pina wtih overall hand embroidery. The fitted bodice had a scalloped sweetheart neckline with long fitted sleeves. Made over white satin, the skirt had a short train. The veil, of French illusion, fell, elbow length, from a lace cap embroidered with pearls. A sheaf of stephanotis, gardenias and lilies of the valley formed the bridal bouquet.

As her sister's maid of honor, Anita Elise Barg wore Nile green chiffon over taffeta. Following shepardess lines, the fitted bodice had a very full skirt. A headpiece of bows matched the gown as did the shoes. An old fashioned bouquet of yellow rosebuds and white carnations was carried. Three bridesmaids, all childhood friends of the bride, wore identical gowns with their bouquets reversed in flower arrangement. The three young ladies were the Misses Sue Ann Blakely, Laura Jean Brown and Mary Nance, all of Sausalito. Susan K. Perry, aged five, was the flower girl, her dress a replica of the bridesmaids' and her flowers a small nosegay.

Kenneth, the son of Mr. and Mrs. Kenneth Charles McKivett of Lancaster was attended by his Stanford classmate, Howard Lovell Jr. as best man. Serving as ushers were Kenneth's brother, O. Terrence McKivett and three Stanford classmates, Malcolm Dickerson, Robert Niccolls and Norman Steuer.

For her daughter's wedding, Mrs. Barg wore a French silk taffeta, floral print with matching floral hat. Her accessories were ivory and her flowers, ivory cymbidium orchids.

The bridegroom's mother, who, with Mr. McKivett came west for the wedding, wore pale green raw silk with cocoa tone hat and accessories. Her corsage was of cymbidium orchids.

A reception for 200 followed the ceremony at the Sausalito residence of the bride's parents. A four tiered wedding cake surrounded with maiden hair fern and gardenias was placed on a Point de Venice cloth laid over white satin and flanked with candelabra. Miss Mary R. Janislawski was in charge of the guest book and little Susan Perry distributed rice bags.

When leaving for her wedding trip, the new Mrs. McKivett wore a beige wool suit with bone accessories and a corsage of gardenias. The couple are driving to the east coast and will both return to Stanford in September to complete their studies and make their home.

It was at Stanford on Feb. 15 that Sandi's engagement was announced at a candlelight ceremony. A formal announcement followed at a cocktail party given by Mr. and Mrs. Barg on Feb. 27. Sandi's grandparents were the late Mr. and Mrs. Johannes Frederich Barg of Lubeck, Germany, and the late Mr. and Mrs. Josef Vollkommer of Pittsburgh, Pa. Her only sister is Anita, who is a student at Portland Medical School. Before Stanford, the bride attended Dominican Convent and was a graduate of both Lower and Upper Schools.

Kenneth's grandparents are Dr. and Mrs. Louis E. Frazen Sr. of Racine, Wis., and Mrs. Owen McKivett and the late Mr. McKivett of Racine. He is studying law at Stanford, is a member of Alpha Chi Omega, president at Fremont House and until his marriage, a member of the Bachelors.

SIX COUSINS GOING SOUTH

A group of six cousins will leave on Saturday for Southern California. Traveling on the Daylight will be Stephanie and Margretta Shine and their brother William Shine Jr., children of Mr. and Mrs. William T. Shine of San Anselmo. They will be with their aunt, Mrs. Joseph J. Kirkovics of San Mateo and her two children, Kathy and Bernard. The other cousin will be Mary Katherine Nelson of Chico.

The group will spend two days at Disneyland and three days in Los Angeles, visiting Marineland, La Brea, the museums, the TV studios, Olivera Street, and Grauman's Chinese Theater.

Belrose Dance Capers To Feature 80 Pupils

The dates are June 25, 8 p.m., and June 26, 4 p.m., for the first annual show entitled "Belrose Dance Capers" to be presented at E Street School by the dancers of the Belrose Dance Studio, San Rafael, in cooperation with the San Rafael Recreation Department.

Proceeds of the show will go toward an annual scholarship fund for a "Dancer of the Year" and several other awards which are presented after the June 26 performance in a cast party for the entertainers and their parents.

This year's "capers" promises to be entertaining for adults as well as for children — the theme being "the 90's, 20's, 30's, 40's and 50's". In addition to the fast moving tap dances, pantomimes, song and dance routines, the ballet pupils of the studio will perform the ballet "Hansel and Gretel" as choreographed by Margie Belrose. In all there will be about 80 pupils performing, in all age groups.

The Belrose Dance Studio in cooperation with the San Rafael Recreation Department feel this is an excellent opportunity for parents of dancing age children to introduce them in this entertaining way to a worthwhile and healthy activity.

Tickets are now on sale at the Belrose Dance Studio. They also may be purchased at the door, or from any of the performers.

Mariner Scout Ship Has Bridge Awards

With the "piping aboard" of the Skipper and Chief Engineer, Mr. and Mrs. Leonard Schoff, the annual Bridge of Awards of Mariner Scout Ship 132 was held at Scout Hall in San Rafael, before an audience of parents and friends.

Following inspection, four new Mariners were called forward to "sign on board." Beth Jones and Jill Nelson, recent graduates of eighth grade Troop 285, were joined by Kathy Karnes and Bonnie Randol who made their Girl Scout Promise for the first time.

Awards were made to program aides Jean Long and Barbara Levy, and library aides Tanya Lazar and Skippy Shapiro. Recipients of five-point pins were Paula Houser and Sandy Monson. It is usually earned after a year in Senior Scouting after fulfilling requirements in camping, first aid,, a service project, developing a specific hobby and service to the local Girl Scout Council.

High school seniors graduating from the ship, some after 11 years in Girl Scouting, were presented with graduation certificates issued by the Marin County Girl Scout Council. Receiving their certificates were: Bos'n Marianne Walsh, Barbara Cassin, June Chisholm, April Edsburg, Donna Holm, Kathy Randol, Rita Sturm and Sallie Witherow. Mr. and Mrs. Schoff were assisted in the ceremony by First Mate Marsha Smith, a troop graduate.

Mrs. Schoff, in the "Skipper's Minute," read an inspirational passage on friendship from "The Prophet" by Kahil Gibran, a favorite book of the girls.

After the Skipper and Chief Engineer were piped "over the side," the evening closed with choral singing by the Mariners who are known throughout Marin for their fine music. The singing was directed by Mrs. Charles Taylor, another troop graduate, and Marianne Walsh.

The Bridge of Awards brought to a close a busy year of service, training, camping, cultural enrichment, and fun. Every week during the past year the girls have sent cookies to the stamp club at the Naval Veterans Hospital in San Diego. Some of the girls work with the Girl Scout troop at the Cedars Development School and the Sonoma State Hospital for Retarded Children. Christmas caroling at local hospitals, and a joint snow trip with Explorer Post 34 and Wing Scout Squadron 44, highlighted their winter activities. A performance of "Madame Butterfly" found 30 girls and mothers at the Opera House in San Francisco earlier in the year. The Mariners also presented a tea and fashion show for their mothers featuring clothes the girls had made.

These high school girls, active in community and student affairs, have also been honored scholastically with two of their members being chosen to leave late in June for the Experiment in International Living. Barbara Cassin will go to England, and Marianne Walsh will summer in Germany.

Last month some of the girls joined other Bay Area Senior Scouts at Benicia for a program aide training course for summer day camp.

Alder-Clausen Rites Held In Corte Madera

The Corte Madera home of Mr. and Mrs. Theodore Irving Clausen was the setting for the Saturday nuptials of their daughter, Catherine Jane, and Herbert Stanley Adler of San Francisco.

The bridegroom is the son of Mr. and Mrs. Erving Herbert Adler of Kew Gardens, N.Y., who came to Marin for the ceremony.

Rev. Wayne Hanson officiated for the single ring rites before members of the family and close friends. Garden flowers were used in arrangements.

Given in marriage by her father, the bride wore a white ballerina lace over taffeta dress fashioned with bateau neckline and bouffant skirt. She had a lace heirloom veil of the Adler family and carried ivory carnations.

Mrs. Betty Hayes of Tiburon as honor attendant, wore an apricot cotton voile frock styled with a bouffant skirt. She had a bouquet of ivory carnations.

Mr. Adler acted as best man for his son.

For her daughter's wedding, Mrs. Clausen wore a green sheath with ivory carnation corsage.

Mrs. Adler chose a black and white print frock. Her flowers were ivory carnations.

A reception followed the ceremony at the home.

The bride was graduated from Tamalpais High School, attended College of Marin and Reed College in Portland, Ore. She is the sister of Theodore James Clausen of Corte Madera.

The bridegroom was graduated from Stuyvesan High School in New York, attended New York University and Reed College.

Jo Ann Berryhill Takes Nuptial Vows With Bruno R. Michetti

St. Anselm's Church in Ross was the delightful setting for the recent wedding of Jo Ann Berryhill and Bruno R. Michetti. Rev. John Petroni officiated at the ceremony. The bride daughter of Mr. and Mrs. Joseph L. Berryhill of San Anselmo, was given in marriage by her father. Her gown of white silk organza had a short sleeved fitted bodice of Chantilly lace and lace appliques on the skirt which ended in a chapel train. A lace and pearl coronet held her fingertip length veil and she carried white carnations and stephanotis.

Mrs. William Perry of El Cerrito, matron of honor, and Beverly Bauer of Kentfield, Susan Guidi of Ross and Susan Sanderlin of Sacramento, a cousin of the bride, bridesmaids, wore pale yellow dotted Swiss gowns with three tiered skirts. The bodices were designed with scoop neckline and cap sleeves. Their attendants' bow shaped ribbon hats and circular veils matched their gowns and the bridesmaids carried bouquets of yellow daisies. In the matron of honor's bouquet were yellow and white daisies.

Loren Barker of Ross, niece of the bridegroom, was flower girl. Her dress was white eyelet embroidery. A daisy wreath was on her hair and yellow daisies filled the basket she carried.

White gladioli were on the altar.

Lt. Robert Hemley of March Air Force Base was best man and guests were escorted to their pews for the afternoon ceremony by Lawrence Laino and George Paolini of San Francisco and Valdo Michetti of San Jose, brother of the bridegroom.

About 200 guests attended the wedding reception at Tamalpais Centre Woman's Clubhouse in Kentfield. Decorations were white gladioli and stock. The four tiered wedding cake was flower-encircled.

For her daughter's wedding Mrs. Berryhill wore a sage green silk sheath and beige flowered hat.

When the newlyweds left for a honeymoon at Lake Tahoe the bride was wearing a beige and white check sheath and jacket with white hat and accessories.

She is a graduate of Sir Francis Drake School, attended College of Marin and Santa Rosa Junior College and is employed by Marin County Abstract and Title Co. She is the sister of Alan and Robert Berryhill of San Anselmo and granddaughter of Mr. and Mrs. J. F. Berryhill of San Anselmo and Mr. and Mrs. Claude Archer of Santa Rosa.

The new benedict is the son of the late Mr. and Mrs. Joseph Michetti and a graduate of Sacred Heart High School in San Francisco. He attended College of Marin and San Francisco State College and is employed by an advertising firm in San Francisco. The young man's sister is Mrs. William Barker of Ross. The newlyweds are residing in San Rafael.

Auditor's Tax-Saving Plan Deserves Consideration

We hope that the Board of Supervisors doesn't brush aside Auditor Leon deLisle's plan for a premeditated tax cut program without giving it serious consideration.

It is difficult to stand back and look at the forest at the very moment when you are cutting down one particular tree, next year's budget. But what deLisle is talking about is a general policy, one which would affect next year's budget it's true, but would affect those for years to come as well.

It seemed to us that the board got off on a side track which had to do with public hearings on next year's budget and gave scarcely any consideration to deLisle's overall plan.

This is not a proposal made by a starry-eyed theorist. It isn't even a campaign gimmick. This is a proposal by a man who should know as much, or more, about the financial ins and outs of Marin County than any other single person or persons.

The auditor is a man who has been working with budgets for years. He's been working with the new administrator-form of management ever since it was put into operation.

He has specific suggestions, not vague generalities. He has a plan which would put the budgeting procedure of the county departments on a more realistic basis. He has categorically said he can cut the present budget by enough to reduce the proposed tax rate by 20 cents or more without reducing county service or eliminating any of the proposed service expansions. In two years he thinks the tax rate might be as low as $1.80.

If he can do that, we'd think the supervisors would welcome him with open arms. Yet the suggestion that he meet with the board to explain the plan in detail, got short shrift from the board. The impression was left that he could come in to any public budget meeting that he wanted to, just like any other citizen.

We think the supervisors should set up a special meeting to explore his plan. Invite the supervisors-elect; invite the department heads; invite the public.

If our elected county auditor has a money-saving program, we'd all like to hear all about it.

Confusion For Cows

The decline and fall of butter fat in the face of medical testimony about the effects of cholesterel on the arteries, combined with the magazine maker's gentle digs at the high priced "spread" and the figure phobia of modern America, certainly must be confusing to the cows, to say nothing of their dairy farmer bosses.

A generation ago butter was considered the key to good cooking—the more the merrier. Now the latest word from the recipe page is peanut or corn oil.

On the other hand skim milk, cottage cheese and non-fat dry milk are used more and more. Consumption of these is growing by leaps and bounds. Yet, we can remember when the skim milk was fed to the pigs or poured down the drain.

This sudden reversal must be confusing to a Jersey cow whose ancestors bragged about their butterfat records. The dairymen have our sympathy in this situation. The trend seems likely to continue. And the more blue milk the better!

THREE MINUTES A DAY

DEAD MINER TEACHES LESSON OF LOVE

A dying miner, trapped in a West Virginia coal mine, scribbled these final words to his wife:

"I love you more than you will ever know. Take care of the kids and raise them to serve the Lord."

When rescue workers finally reached the dead victim, eight days after the cave-in, they found the note attached to his safety lamp.

The last desperate hours of this father of four must have been buoyed up by his extraordinary ability to think beyond self-survival.

The brief message, written in a dank, dark underground death chamber is a tremendous tribute to his character. No one could express such loving devotion to his family and his God, under such harrowing circumstances unless his heart and soul had long been trained in a divinely rooted love.

Whether your life is long or short, make sure to learn the only lesson that counts for eternity—to love God above all things and your neighbor as yourself.

"For the whole Law is fulfilled in one word: Thou shalt love thy neighbor as thyself." (Galatians 5:14)

In life and in death may I be an instrument of Your love, O Lord.

Junior Executive Is Fellow Who Buys Attache Case To Lug Lunch

NEW YORK (AP)—The mystery man of today's business world is "the junior executive."

He appears to be a post-war phenomenon. He has become the second lieutenant of industry. He is fresh from the ranks but still far, far from the command post.

In the insurance and clothing ads it is easy to tell the junior executive. He is young and eager and has his cordovan slip-on loafers firmly planted on the ladder of success.

He has an Ivy League air of studied neatness. His hat is two sizes too small for him, his suit looks as if it had been shrunk to fit him.

In the ads he is the young fellow on his way up, but in real life the picture isn't clear at all.

The question, "What is a junior executive?" is about as puzzling as the older business mystery, "What does a vice president do?"

Few, if any, major firms actually list any such title as "junior executive" on their command roster.

Here are a few definitions of the junior executive, gleaned from a random poll of Manhattan office employes:

"A JUNIOR executive is what a guy tells his mother-in-law he is to explain why he doesn't make more than $85 a week."

"He's the assistant bookkeeper who was put in charge of office parties and picnics when the automatic computing system came in."

"HE'S THE fellow who buys a $15 attache case to carry his lunch in."

"Anybody under 35 too proud to belong to a union and too poor to belong to a country club."

WHAT OUR READERS SAY

Does I-J Really Serve All Marin?

EDITOR,
Independent-Journal:

Your masthead on the front page states "Serving All Marin." This connotes I assume responsible journalism. Hence, I am confused as to your lack of positions in the primary election.

Over the past years Mrs. Vera Schultz as Marin county supervisor has fought for or made stands on: the civic center; efficient government and the county administrator; fair and honest appraisals of property; housing and redevelopment in Marin City; good planning and master plans for various areas in the county.

On all of these and more the I-J editorialized favorably and praised. Comes the primary election of 1960 with a candidate, J. Walter Blair running on a platform opposed to all of the above.

The I-J did not endorse Mrs. Schultz. Have your attitudes changed on these important community matters? Will you withhold endorsements of other candidates this Fall who have worked for Marin County and whose work seemed to meet your approval?

It seems rather irresponsible and fatuous for the I-J to point out in a June 10 editorial, AFTER the election that Mr. Blair's campaign promise to eliminate the county administrator might cost the county money.

What do you believe? Are you really "Serving All Marin?"

ALFRED J. AZEVEDO
Tiburon

(NOTE: Yes, we are serving all of Marin. Which is one reason why we do not usually make recommendations on elections of district or smaller-than-county government agencies. However, Reader Azevedo hasn't been getting his 10 cents worth if he read our editorial June 3, BEFORE the election, that one of the three things which would happen if Vera Schultz and James Marshall were both defeated would be: "The county administrator, the present board's major attempt to put county government on a business-like basis, will be eliminated.")

Car Show To Be Annual Affair

EDITOR,
Independent-Journay:

Last Sunday, June 5, the Marin County Timing Association staged a car show consisting of hot rods, custom, restored, and sports cars at the Bermuda Palms in San Rafael. This being the first exhibition of this type in Marin, our intent here was twofold: First, we desired to better acquaint the public with the activities of our automotive enthusiasts; and, second, to find out how such a show would go over in this county. The majority of the people attending were impressed and stated that they thoroughly enjoyed the display.

This experiment would not have been possible without the help of Whitey Litchfield of Bermuda Palms, and San Rafael merchants. The officers of the association and the members of the show committee wish to publicly express their appreciation to these individuals and to the I-J for the fine article which appeared in Saturday's Marin Magazine.

We now hope to make the show an annual affair.

WEATHER AND PEOPLE

Mr. K. Has More Troubles Than Politics

BY PHIL NEWSOM
UPI Foreign Editor

It is possible, as Western capitals have speculated since the collapse of the summit, that Nikita Khrushchev is having trouble within the high command of his own Communist party. Reports from behind the Iron Curtain indicate he may be having other troubles as well.

None of these would seem to indicate any imminent danger to his leadership.

Rather they contribute to a picture of a somewhat less than perfect state as seen by Marx and Lenin.

DUST STORMS sweeping as far to the west as Yugoslavia were harbingers of a vast crop failure in Kazakhstan, one of the 15 republics within the U.S.S.R. whose borders extend from the lower Volga to the frontiers of Red China.

It was to Kazakhstan that Khrushchev shipped millions of young citizens of the U.S.S.R. in an ambitious program to turn virgin lands into a large new breadbasket.

Khrushchev's own prestige was heavily involved in the Kazakhstan project which last year was hit by drought and in which last fall only two-fifths of the autumn plowing was completed.

CROP PROSPECTS in the Ukraine, still the U.S.S.R.'s chief breadbasket, also have been reported unsatisfactory.

Out of this must come some disenchantment with the Moscow planners.

The Polish government, a reasonably loyal satellite of the U.S.S.R., has been forced to turn to the United States, that hated symbol of capitalism, for wheat to meet its food requirements.

Not even in the days of the czars could Russia have been called a unified nation. Nor can the 15 republics of the U.S.S.R. today be considered a single unit.

Even after 40 years of communism, strong nationalistic groups battle underground for independence.

One such exists in the Ukraine from which comes a steady stream of reports of underground sabotage directed against the Kremlin.

This group recently has been reported stepping up its activities, including the smuggling of nationalist literature into the Soviet Union.

Iron Curtain sources say that brochures and leaflets, often printed on cigaret paper, have been widely distributed. An article in the Soviet Army newspaper Red Star attacking the pamphlets, only drew attention to them and increased their circulation.

"I guess we're going to have to eat out tonight," a gastronome told his friend. "My wife just phoned to tell me our dinner had been badly burned."

"I hope you didn't lose anything else in the fire," said the friend.

"Oh, the fire wasn't at our house," explained the gastronome. "It was at the delicatessen shop."

No conformist is Dame Edith Sitwell, seasoned English poet and bellwether of London literati. "The reason I am called eccentric," she explains carefully, "is that I refuse to be taught my job by a lot of pipsqueak literary critics and lecture managers. I will not allow people to bore me. I am more alive than most. I am an electric eel in a pond full of flatfish."

I-J REPORTER'S NOTEBOOK

By RANDALL GOULD

It's Fun To Lie In Hammock Planning Plans, Planned Or Unplanned

Not much worth printing, or even fit to print, has ever been accomplished in a hammock. But it's a wonderful place to plan.

The other day I was lying in my fine hammock high on a Marin hill, planning like mad. Suddenly I thought: Here I've been planning for years on years and what has it got me?

Well, after long wandering it has got me back from far parts to where I can lie in a hammock high on a Marin hill.

You'd have to go some to beat that, after all. But I reckon I might have found easier way to land in my hammock beneath those California live oaks.

QUITE A WHILE back, I could see that most of what one plans never happens, and most of what happens was never planned. Even so, I find the society of planners fascinating, including that of professional planners; and I note that getting a salary for planning is no guarantee of success. Unplanned events happen to even the most expert planners. Witness an incident from the life of Marin County planning director Mary Summers.

During one of her infrequent hours of ease Mrs. Summers was recently sitting at home in her patio enjoying the beauties of nature — whether planned or unplanned is a theological question —as artlessly as the common people.

And what do you think? Along flew a quail which sat down and looked at Mary, no doubt reminding her of the Marin County Board of Supervisors.

LET'S NOT PRESS the supervisors simile too far. For pretty quick it became evident that the quail had laid an unplanned egg, right there in the hospitable Summers patio.

"It was really embarrassing," said Mary in telling the yarn. My wife Agnes, an interested auditor, was puzzled.

"You mean embarrassing for you?" she asked.

"No," said Mary. "For the quail."

One thing not planned by Planner Summers was that this story would get into print.

THIS IS THE FIRST mention of eggs I have dared make since six months back when I said that if a news item happened in Marin County, that meant it was hot news for the I-J., but if in Petaluma, "it's laid an egg."

A colleague up in Petaluma reported I had aroused "great consternation and suspicion" among localites who thought I was slamming their town.

First swearing me to secrecy, this correspondent confided: "Not so many eggs are laid in this area as formerly. Like the wild goose, the chicken has gone south."

From solicitude shown by Supervisor Bill Gnoss, "south" evidently means Novato; which is in Marin, hence I had better get on the ball about eggs of the chicken sort, not just unplanned quail eggs planted on Marin planners.

HARKING BACK to plans and how they oft gang aglee, I'm reminded of a chap sitting in a Fourth Street barbershop in San Rafael on one of our recent super-torrid days.

"Today really fixes me with my family," said he. "They got here yesterday from Missouri because I told them they could plan on real solid comfort in cool Marin County."

Hope they waited it out. It's amazing how much you plan really does happen finally, though not always just the way you'd figured.

ROSCOE DRUMMOND

Nixon Should Speak Out On Issues For Long Range Good Of All

WASHINGTON—Two salutary consequences flow from Gov. Rockefeller's forceful challenge to Vice President Nixon—does he expound his views more fully and more precisely before the nomination in July.

It will become increasingly evident that the Rockefeller challenge:

1—Will make it heavily incumbent upon Nixon to speak out clearly and substantially within the next few weeks, certainly ahead of the Chicago convention.

2—Will make it easier for Nixon to do so since the circumstances in which Rockefeller issued his challenge relieve Nixon of any undue hesitation—as Vice President and member of the Eisenhower team—to say frankly wherein he might do some things differently than the administration.

IF NIXON IS thinking primarily in terms of his most prudent and expedient course from here to convention time, he will not meet the Rockefeller challenge responsively; he will deflect it. If he is thinking in larger terms and is intent upon the longer view, he will seize this invitation and say what is exactly on his mind.

One thing is certain; Nixon no longer needs to feel a duty to President Eisenhower to confine his advocacy strictly to administration policies on the ground that a Vice President can do no other than speak for the President.

Rockefeller issued his statement a few hours after he had breakfast with President Eisenhower in Washington. Obviously he discussed with the President, as head of the party, what he planned to do.

SINCE THE PRESIDENT did not object to Rockefeller's challenging Nixon to expound his views more fully, he can hardly object if Nixon responds to the challenge even if his views at points go beyond the policies of the administration. I am convinced that Nixon can have from the White House all the latitude he wants.

Will Nixon use, more than perfunctorily, the latitude which the President is providing him?

The reasons for not doing so are I think inadequate to the times. It is true that the nomination is in his hands at this stage and speaking out will not improve Nixon's position at the convention. Whatever he may say would annoy some sections of his party, liberal or conservative, and would create some controversies otherwise avoidable at this time. The course of political prudence is to ignore the Rockefeller challenge.

But is this the course Nixon really wants to chart? Is it the course which will do the country, his party, and himself the most good in the longer view? I think not. It seems to me that there are three powerful reasons why he should respond:

HE WILL DESERVE and he will earn better support from the Republican party if he declares, before his nomination rather than afterward, what he believes and what he proposes to meet the great matters before the nation.

He will be acting boldly to redress a disadvantageous image of himself which many voters honestly hold—that he is overly prudent and overly practical rather than outspoken—and will thus be immediately improving his prospects of getting elected.

By his forthrightness he will be doing more than he could do later in the heat of the campaign to stimulate and clarify public thinking and to gain new respect so that, if he is elected he will be able to accomplish more as President.

TWO MILLION OVERCROWDED

Third Of Million Americans Attend School For Half Day

WASHINGTON (AP) — Nearly one-third of a million pupils in public elementary schools were on half-day sessions during the 1959-60 school year, the National Education Assn. reported yesterday.

More than two million others were victims of overcrowding in classrooms of more than 35 pupils each, the NEA said. There were 290 classrooms with 56 or more pupils.

In a survey of urban school districts with a population of 2,500 or more, the NEA found the average classroom size was 29½ pupils. The larger the school district, the more likely there is to be overcrowding and half-day sessions.

Educators have long urged a maximum of 25 pupils per class room in the elementary grades, to provide the children with more individual attention. This, however, is an ideal figure not often reached in city schools, and a more practical goal is 30 pupils to a class.

The NEA survey showed more than 13 million children in urban elementary schools. Of these, almost 11 million are in classes of more than 25, about six and one-half million in class of more than 30, more than 2 million in classes of more than 35, about 380,000 in classes of more than 40, and more than 71,000 in classes of more than 45.

"Many elementary school children are being denied a fair educational opportunity by the excessive overcrowding of classes," the NEA report said. "And the corollary is equally clear: many competent teachers are being denied the opportunity to give effective service to small children by the administrative necessity of assigning too many pupils to a class."

If all the children in classes of more than 25 could be regrouped into classes of 25, the NEA said, it would require 92,024 additional classrooms and the same number of additional teachers. If those in classes of more than 30 could be regrouped into classes of 30, it would require 28,290 additional classrooms and teachers.

Wins Vacation

Robert Spearman of Tiburon won a weekend vacation for two in the Sonora Pass and Feather River areas by identifying a KCBS radio station "mystery voice" last week as that of Richard Gump, San Francisco art and antique expert.

Over Water Commute Plan Wins Support

Tiburon Peninsula commuters weary of driving to San Francisco may soon enjoy water transportation to San Francisco if the Tiburon Peninsula Chamber of Commerce's sponsorship of a commute club gets under way.

At Tuesday's chamber luncheon members enthusiastically voted to sponsor the formation of a daily commute club and charter a boat.

The action followed a report from Sausalito boat owner Russel E. Lewis and a representative of the Independent Taxicab Assn. of San Francisco. Cost would be $1.25 each way, including taxi service from the dock to downtown. The price is based on a 50-member club. The trip is expected to take 37 minutes.

Commuters desiring further information may inquire of chamber President Robert A. Sterling.

ALMANAC

Today is Thursday, June 16, the 168th day of the year, with 198 more in 1960.

The moon is in its last quarter.

The morning stars are Mars, Juniper and Saturn.

The evening star is Mercury.

On this day in history:

In 1838, former President John Quincy Adams began his three-week speech on the floor of the house against annexation of Texas.

In 1858, Abraham Lincoln gave his speech in which he said: "A house divided against itself cannot stand."

In 1871, the Ancient Arabic Order of Nobles of the Mystic Shrine was established in New York City.

In 1933, President Franklin D. Roosevelt signed the National Industrial Recovery Act.

In 1955, widespread riots broke out all over Buenos Aires, when the navy made an unsuccessful attempt to oust president Juan Peron.

A thought for today: English writer Mortimer Collins, in "How Old Are You?" said: "A man is as old as he's feeling, a woman as old as she looks."

TIME AND TIDE

TO JUNE 17

The column of heights gives the elevation in feet of each tide above or below the plane of Coast Survey chart soundings. The depths are always additive to the chart depths unless preceded by a minus sign (-), when the numbers are subtracted from the depth given in the chart.

FIRST VISIT TO U.S.

Denmark High School Principal Tours Drake

Soren Jensen, a school principal from Denmark, hustled through the halls of Sir Francis Drake High School in San Anselmo the other day at a vigorous pace.

Most of the campus teenagers, his juniors by several decades, could not have kept up with the vigor of the hustling Dane.

No one could have matched him for his enthusiasm of American education in general and Drake in particular.

Jensen peered into classrooms and exclaimed at the interest of the students in their work. He examined the hallway lockers and marveled that each student had his own storage compartment.

He listened at the doorways and said the students "seem to like their teachers so much." He visited the student store and studied the bulletin boards. He exclaimed at the language laboratory and the science laboratories. He went into English classes, homemaking classes, art classes, industrial art classes—he made the complete rounds in several hours.

Jensen, principal of a combined elementary and secondary school in Vojens, and his wife are on an extended visit with their son-in-law and daughter, Mr. and Mrs. H. O. Coln of 78 Mountain View Road, Fairfax.

It's their first visit to the United States. For Jensen it's a kind of busman's holiday, as his main interest thus far has been in American schools.

His enthusiasm sometimes got in the way of his self-taught English, but he spoke of many things. Europe, he said, was still looking to America for the way to extend education to all.

DANIEL UPHAM SMITH
Redwood Boys' Stater

"These children are so fortunate. It is—how do you say? —beautiful, wonderful! I am so much impressed," he declared.

Building Permits

Twenty-one building permits for construction valued at a total of $133,730 were issued by the Marin County Building Inspection Department last week.

Kentfield Youth To Attend Boys State In Sacramento

Daniel Upham Smith of 21 Rancheria Road, Kentfield, will be Boys' State delegate from Redwood High School, sponsored by Twin Cities Post 313 of the American Legion.

The week-long conference in government training at Sacramento begins Saturday. Approximately 900 high school students from throughout California will participate in political parties, drafting platforms, nominating candidates and elections of officers.

Climaxing the event will be selection of two representatives to attend Boys' Nation in Washington, D.C.

'Stolen' Diamond Rings Found In Ironing Board

Diamond rings worth $1,000 reported stolen from a San Rafael apartment on June 4, were not stolen at all, the owner reported to police.

Mrs. Aura T. Clark of 1232 Irwin Street called police Tuesday night to report that she found the rings in the folds of her ironing board.

Strawberry Recreation Plan Detailed

The summer recreation program for children who live in the Strawberry Recreation District will begin Monday and continue through Aug. 12, at the Strawberry School and little league field.

It will be staffed by trained workers, an admission fee will be charged and there will be no noon activities, according to director C. Riemcke. Registration will be at the first meeting.

The program of activities is as follows:

Kindergarten through second grades — Monday through Friday, games, stories and music hour, 10 a.m. to noon; crafts, 1 to 2 p.m.

Grades three through five—Monday through Friday; athletics, games, hiking, 10 to noon; crafts, 2 to 4 p.m.

Grade six and up—Monday through Friday; athletics, games and hiking, 1 to 4 p.m.; crafts, 10 to noon.

Boys and girls, Riemcke said, will participate in inter-playground contests with neighboring play grounds. Teen night will be every Tuesday, starting June 28, 8 to 11 p.m., with dancing, games, social activities and a swim party.

Movie hour will be each Wednesday afternoon. Special event days will be held each week, with one of the outstanding events of the summer being an excursion to a baseball game of the San Francisco Giants.

Going To Europe

Mr. and Mrs. Clarence W. Hickok of 45 Brentano Way, Greenbrae, are traveling in Europe with a trailer caravan. Hickok is a planning consultant with Falk and Booth, San Francisco architect and engineering firm.

Vulgar Trend In Novels Seen As Threat To Teen-Age Morals

Remember the Odyssey?

It's the old Greek classic saga. There's a new drug store edition out. I saw it advertised as "the exciting adventures of a sex-starved husband, banished from his wife."

Beside it was a new edition of the Songs of Solomon from the Bible. It was being sold as "the sexiest poems ever written." Whew!

Have you looked at the books on sale in our drug stores these days? They include many classics. I think that's fine. I hope our children will read them. But why do the sellers imply they are obscene?

Can't even the classics be sold on their own merits?

The covers of the newer novels bother me. The women have impossible figures. Often they are shown making passionate love to half-dressed, muscular young men. Not much is left for the imagination.

I have friends in the publishing business. Until recently they excused the covers by saying the stories inside were not really bad. But they can't say that any longer.

Federal courts have decided that "Lady Chatterly's Lover" can be sold anywhere. To me that book is plain pornography. It is setting a new pattern for authors. The texts of the newer novels have caught up with the covers, and then some. A flood of unsuitable stories is coming.

What can we do?

At least two things.

We can keep the dirty books away from our younger teenagers. There is a period in their lives when they are very vulnerable. Usually it comes when they are 13, 14 and 15. During those years they need protection badly.

And we can get our national organizations to use pressure on the men responsible for the bad books. The courts may approve, but we don't. If enough of us speak up in an organized way these men will be forced to change their ideas.

READERS' FORUM

(Q) "There has been an improvement in comic books. Did this come as a result of a reform within the business or from public pressure?"

K.E.S.

(A) From both. Public pressure forced a reform within the comic book business. I hope that something like that can be done with new paperbound books.

Population Guesser Gets Pretty Close

SACRAMENTO (AP)—If Uncle Sam didn't feel he had to know how many refrigerators and bathrooms we have, he could have saved a lot of time and money on the 1960 census—at least in California.

All he had to do to get an amazingly accurate estimate of the head count in this state was to ask a personable ex-sociology professor who devotes his life to guessing the rate at which Californians multiply.

Dr. Carl Frisen carries the imposing title of senior research technician for population studies in the Financial and Population Research Section of the State Department of Finance.

Don't let the title throw you though.

Dr. Frisen loves people—especially counting them

He doesn't count everybody . . . just school children, military personnel and births and deaths.

From there on it's just guesswork — scientific guesswork, that is.

How good are the guesses turned out by Frisen and his staff of four? Just don't let them enter any jelly-beans-the-bowl type contests.

Fisen estimated Sacramento County's population, for instance, at 501,700.

The official census count, which probably cost 10 cents a head, produced a preliminary figure of 498,908. By the time the Sacramentans who were counted elsewhere are figured into the total, the final official count probably will be within 100 or 200 of the Frisen estimate.

Some other good estimates compared with the preliminary census totals:

Fresno County 361,800 estimated, 361,875 counted; San Diego County 1,047,800 and 1,003,522; Alameda County 909,100 and 886,661; Orange County 725,800 and 710,897; Santa Clara 665,600 and 639,615.

The hardest estimate to make, of course, is the big county population.

Frisen estimated Los Angeles County at 6,044,200. Then preliminary census shows 5,987,246 and he expects the final census total to be 6,020,000. If that's the final figure, Frisen's guess will have been accurate within four-tenths of 1 per cent.

The 47-year-old expert is the first to point out, however, that some of his estimates are bad.

Take Santa Cruz County, for instance. Frisen estimated 72,800 and the census people already have counted 83,042, with more to come. That made his guess more than 13 per cent low. He made low guesses, too, in Butte and Tulare counties.

But the county counts so far indicate that when California's final official census is announced it will be within 1 per cent of the estimate Frisen made more than a year ago: 15,700,000.

Since Frisen counts only school kids and pays no attention to telephone and utility hookups and such, how are his estimates so close to the actual count?

Oversimplifying, it works like this: A study of school enrollments over the years discloses a migration pattern in or out of a county. Use that pattern to estimate the migrants of all ages. Add the births and subtract the deaths. Do the same with military people coming in and out of the state.

And there's your answer, which can be doublechecked against some mathematical detective work involving people who were between the ages of 7 and 9 during the 1950 census.

It's this concentration on children which tossed Frisen's Santa Cruz County estimate for a loss.

Oldsters from all over discovered that area as a retirement haven during the last 10 years — and didn't bring any kids with them.

HOW TO RETIRE AND LIKE IT IN LEXINGTON

LEXINGTON, Ky. (AP)—Larkin D. Myers retired this month as this city's expert on electrical traffic controls.

He was making $399 a month.

Now the city plans to contract with him to do the same job—at $490 a month.

"He's the only man who understands it," a city official said.

Sausalito To Seek Service Of D.A. Office

Sausalito wants the district attorney, instead of the city attorney, to prosecute its criminal cases hereafter.

The Sausalito City Council concurred in a suggestion by City Atty. John B. Ehlen that his role as prosecutor be shifted to the shoulders of the district attorney. The council directed that letters be written to other Marin cities advising them of the decision.

Scars Of Earthquake New Park Attraction

WEST YELLOWSTONE, Mont. (AP)—The thousands of vacationists who tour Yellowstone National Park this summer will view a new attraction — the scars left by last August's death-dealing earthquake.

Many of the scars are plainly visible . . . mile after mile of patched highway, water-covered roads, closed thoroughfares, huge cracks in the earth, mountains split open, gigantic rock slides.

There also are invisible scars, stamped in the hearts of those who lost relatives and friends in the disaster that killed nine persons. Another died later of injuries, and 19 still are missing.

Actually, no one was killed or injured inside the park. The earthquake, comparable in force to that which wrecked San Francisco in 1906, dealt its greatest damage in the park's western shadows.

Yellowstone officials and towns like West Yellowstone that depend on summer tourist trade for survival, have wondered whether the earthquake would cause vacationists to bypass the park.

Advance reservations indicate the answer is no. Already, more sightseers than at this time last year are pouring through this small resort community.

In fact, tourists through Yellowstone this summer may exceed the record one-and-one-half-million-plus who visited in 1957. R. L. Latimore, manager of reservations and tours for the Yellowstone Park Co., says prepaid reservations are 10 per cent ahead of last year.

All traffic leading into the park has been restored. Yellowstone appears much as it was before the morning tremor of last Aug. 18.

Most of the geysers scattered throughout the park are normal once more. Old Faithful, still erupts on average of once every 65 to 67 minutes.

Only one highway—U.S. 287 — from West Yellowstone to Ennis, Mont., still is closed, covered by water for five miles.

Some 18,000 persons were in the park when the quake hit and hurled millions of tons of rock into the Madison River canyon, trapping between 100 and 150 below a dam.

Places like West Yellowstone became ghost towns for a few days. Rescue units removed the dead and the injured by helicopter. The bodies of those still missing are believed to be in the huge landslide five miles downstream from the dam. Engineers say the slide will be a permanent place of burial, since further digging has been abandoned.

Sausalito Summer Courses Announced

Studies being offered in the Sausalito School District summer school, during July at Richardson Bay School, will include mathematics, language arts, Spanish, instrumental music and science.

Classes will run from 8:30 a.m. to 12:30 p.m. Applications will be taken up to opening day at the school.

277 Davidson Pupils Will Get Diplomas

Graduation exercises for a class of 277 eighth grade pupils at Davidson School, San Rafael, will be held at 7:30 p. m. today at Albert Field.

Mrs. Margaraet Redding, a Davidson instructor who is retiring this year after 40 years of teaching, and C. Paul Bettini, president of the San Rafael Board of Education, will award the diplomas.

Tom Schulz, student body president at San Rafael High School, will speak to the graduates on "Your Present Opportunities."

Student speakers will be Patricia Howland, "Reviewing the Past," and Richard Raznikov, "Previewing the Future."

Principal Homer E. Hoyt and Vice Principal Robert R. Royle will greet the audience.

Dr. Mildred B. Barnard, assistant superintendent, will present honor roll certificates. Irvin Wright, instrumental music teacher, will present music proficiency awards; Fred C. Schroers, Elks Club executive secretary, the Elks Club award, and William C. Hironymous, Optimist Club president, the Optimist award.

A Hamilton Air Force Base color guard will present the colors.

Charlene Brusatori will present the class gift.

Planners Deny Corte Madera Multiple Plan

The Corte Madera Planning Commission Monday night denied a rezoning application by P. J. Tarrant and Edna Harris which would have placed 1.2 acres of property at Paradise and Harbor Drives under multiple residence zoning.

The property is zoned for single family residences. In denying the application, the commission supported the recommendation of Livingston and Blaney, planning consultants who handle town planning matters.

The commission approved plot-plan drawings of Mobiloil Co. for a service station at Paradise and El Camino Drives. Approval was granted on condition the company be responsible for landscaping and maintenance of a small unimproved area adjoining the station.

NOTICE OF INTENTION TO CIRCULATE INITIATIVE PETITION WITHIN THE MARIN MUNICIPAL WATER DISTRICT

Notice is hereby given that it is the intention of the CHILDREN'S DENTAL HEALTH COMMITTEE OF MARIN COUNTY to circulate within the MARIN MUNICIPAL WATER DISTRICT an Initiative Petition requesting the Board of Directors of said District to adopt an Ordinance (or, in the alternative, to submit the same to the electorate of said District for adoption) directing the General Manager of said District to take necessary steps and means to produce and maintain at all times, in all parts of the water distribution system of said District, a concentration of Fluoride equal to the concentration recommended by the United States Public Health Service, and approved by the California State Board of Public Health, and further requiring that adequate funds therefore be budgeted by the MARIN MUNICIPAL WATER DISTRICT.

A statement of the reasons for said proposed petition is as follows:

Over ninety-five percent of people are afflicted by tooth decay. Next to the common cold it is the most universal disease suffered by mankind.

Water containing one part per million of Fluoride produces teeth three times more resistant to decay for life. This fact is being demonstrated repeatedly in the United States by the four million people who have been drinking naturally fluoridated water and the forty million people who are now drinking fluoride adjusted water.

Marin Municipal Water District water's fluoride content must be raised from its present one-tenth part per million to the optimum of approximately one part per million to give this protection. The big savings to families in dental bills would be hundreds of times the cost of twenty-one cents per person per year. Yet fluorides in water as recommended do not affect taste, odor, hardness, or uses in home, industry, or agriculture. It is one hundred percent safe.

A group of citizens that form the Children's Dental Health Committee are concentrating their efforts to achieve fluoridation because it is one of the most effective means of improving dental health. Petitions are being circulated this summer so that the people can vote for this beneficial measure in November of 1960.

'53 BUICK $395
A standard transmission 4-dr. sedan. Special series (the smallest Buick) Radio and heater. A really clean little car with lots of economical use left.

'52 BUICK $325
A little Special Club Coupe that we sold new to local man in '52. Just turned 61,000 original miles. Standard transmission with radio and heater. Really clean.

'52 Chevrolet $325
A club coupe with a standard transmission. Heater. Original paint with the cleanest interior you'll find in town. This car has had exceptional care and shows it. New tires all the way around.

'51 BUICK $295
If you can find a cleaner, better '51 anywhere for this price—buy it. We sold this little Special Sedan to the man next door in 1951. It has 57,000 original miles on it. Dynaflow, Radio, heater and ww tires. It's a better running car than many '56s you'll find.

'49 CADILLAC $375
If you're looking for that old Cadillac that has had only one owner and has been babied to death—this is it. Belvedere couple bought this one new in '49 and have been only owner. The inside is in original condition and you can eat off it. Hydramatic, radio and heater. 4-Dr. Sedan.

Leader Of Bonn Defense Feted At Sausalito Banquet

A group of 45 military officers from West Germany attended a banquet Monday night at the Alta Mira Hotel in Sausalito with Dr. Franz Josef Strauss, minister of defense of the federal republic of Germany as guest of honor.

The visitors were guests of L. Cross, president of the Lockhead Aircraft Corp. Missile and Space Division at Sunnyvale. They had visited the plant earlier in the day.

Two other guests were Lt. Josef Kammhuber, chief of staff of the German Air Force, and Maj. Gen. Herbert B. Thatcher, liaison officer with Lockheed, and formerly in a command position at Hamilton Air Force Base.

Recreation Budget Of $5,600 Seen

The Belvedere Recreation Commission's tentative 1960-61 budget is expected to approximate $5,600, according to chairman E. Allen Steinau Jr.

The figure includes maintenance and additional construction in the Belvedere Community Park, Steinau said.

The commission will send a recommendation on a proposal to abandon certain lanes, streets and pathways to the planning commission by the latter's next meeting.

Burdell School Graduates Three

Three eighth grade students were graduated last night from Burdell School.

James Grossi Jr. and Gary Corda are sons of school board members. Neil McIsaac is the third graduate, bringing school enrollment down to 11.

Sign Use Authorized For Railroad

Relecting signs rather than flashing lights were authorized Tuesday by the California Public Utilities Commission for the extension of Tamal Vista Avenue crossing a Northwestern Pacific Railroad track at the Larkspur-Corte Madera boundaries.

The change in "protection" at the crossing was authorized because the railroad has applied for permission to discontinue its Sausalito branch line (including the track that crosses Tamal Vista Avenue) and is waiting a decision from the Interstate Commerce Commission.

The PUC's order specified that flashing lights be installed after two years if the line is still in use.

The city of Larkspur had applied for the change in crossing protection since the track might be abandoned.

Awarded Degree

Frederick A. Morse of 1525 Buchanan Avenue, Novato, was awarded a master of science degree in chemistry by the University of Michigan last week.

Employment Office Plans Move July 1

The State Department of Employment will open at a new San Rafael office on July 1.

Its new location will be 805 E Street in a new building. The employment office will have double the space it has in its present quarters at 1840 Fourth Street, said Edwin W. Ayer, office manager.

The need for more space is symptomatic of Marin's population increases. "More people mean more job orders and more claimants for unemployment insurance," Ayer said.

The employment office's auditing section will move into new quarters upstairs at 805 E Street. The auditing section is temporarily camping at the Board of Equalization Office at 2018 Fourth Street.

ANCHORS AWEIGH — Off into the bay for a day of fishing or a pleasure cruise is this powerful outboard motorboat which will be on display at the Corte Madera Shopping Center Boat Show scheduled to run through Saturday. Bay Area boat dealers will be on hand during the show to answer visitors' questions and demonstrate the fine points of their craft.

Display Of Boats Planned For Mall

Boats and bargains will be the order of the day through Sunday at the Corte Madera Shopping Center.

More than 50 craft, both sail and motor driven, will be on display in the mall and the arcade with dealers' representatives on hand to answer any and all questions on the craft.

At the same time, inside the more than 30 stores in the center, an "Easy Living" sale will run throughout the boat show with everything for outdoor enjoyment offered at rock-bottom prices.

Father's Day gifts from fishing rods to pipe cleaners will be on display by the thousands with special sales of barbecue equipment, camping outfits and sportsmen's needs on every counter.

According to Jim Zierolf, chairman of the merchants' committee in charge of the boat display, at least seven Bay Area boat dealers will have their craft on hand for inspection.

The boat display will remain open today until 5:30 p.m. and will open again tomorrow at 10 a.m., remaining open until 9 p.m. tomorrow and 5:30 p.m. on Saturday.

Along with the boat show, Zierolf said, will be special displays of motors and boating equipment.

Paint-And-Chew

ALBEMARLE, N.C. (AP)—Mrs. John Napier, 65, has a hobby that consists largely of a-painting and a-chewing.

She paints oil pictures, chewing gum at the same time. The finished product is framed in old moulding, the gum fastened to the frame and shellack added.

The finished picture has an antique-appearing frame Mrs. Napier says her largest picture consumed 275 sticks of well-chewed gum to frame.

Off The Wagon

MONTPELIER, Vt. (UPI) — State tax commissoner Austin Noble said the revenue from beer sales increased considerably in towns where "the people complained that the water didn't taste very good."

OPENS MONDAY

Program Of Recreation To Start At Redwood High

The 1960 recreation program at Redwood High School will open Monday and will include weekday, evening and Saturday activities, director Robert Troppmann announced today.

Monday through Saturday activities will consist of trapoline, basketball, volleyball, weight lifting, badminton, softball and bird watching. In addition a music workshop will be started by Sydney Gordon, Redwood music instructor. Daytime program is from 12:30 to 5 p.m.

The evening activities include an adult program in the gymnasium on Tuesdays, high school and elementary students on Wednesday, adults on Thursdays, a metal shop for teenagers on Thursdays, and teenage dances on Fridays. Evening programs are from 7 to 9:30 o'clock.

The summer program will continue throughout the school vacation except for Aug. 1 to Aug. 15 when the gymnasium is closed for cleaning, Troppmann said.

Snack Bar

BRATTLEBORO, Vt. (UPI) — Four times thieves have broken into the home of Daniel Fox. And on each occasion they only raided the refrigerator.

Buried In 1959

HOPEWELL, Va. (AP) —Some 95 or 96 years after they died two union soldiers were buried at City Point National Cemetery with full military honors. Evidently killed in the siege of Petersburg in 1864-65, their skeltons were uncovered by a bulldozer working on Interstate Route 95. They were identified as Union soldiers by the buttons of their uniforms.

Hand It Over!

MADISON, Wis. (AP)—Refusal to give up a party telephone line during an emergency could prove costly in Wisconsin.

Gov. Gaylord Nelson has signed into law a bill calling for a $500 fine in such cases.

EASY DOES IT—Waiting for a crew for a cool spin around the bay is this lovely at the helm of a runabout. This boat and more than 50 others may be seen during the next three days at the Corte Madera Shopping Center boat show in the mall and arcade. The inboard, outboard and sail boats, many of which are manufactured in the Bay Area, will be shown to the public by dealer representatives who will be on hand to explain details of their craft. The show will run until 5:30 p.m. Saturday.

Vacations In Colorado Due Some Lucky Couple

Two couples will enjoy expense-paid vacations in Colorado as guests of Thrifty Drug Stores' vacation-giveaway program now under way and running until June 30.

To qualify for the prizes, it is only necessary to sign an entry slip, available at the cosmetic counter at the drug store in the Corte Madera shopping center and deposit it in the entry box at the store. Names of the winning couples will be announced following a July 8 drawing.

First prize in the giveaway is an expense-paid vacation for the winning couple for 13 days and twelve nights in Colorado. They will be flown to Denver via Continental Air Lines "Golden Jet," and treated to a week of sightseeing in Denver where they will stay at the new Denver Hilton Hotel.

They will then travel to Colorado Springs where they will stay at the Antlers Hotel and be escorted on tours through the surrounding countryside.

For the entire two weeks the winning couple will have their own car to drive, courtesy of Rollin's Rent-a-Car service. Following the two week's holiday, they will return to California via Continental Jet.

Second prize in the Thrifty giveaway will be a six-day round trip to Denver via Continental Jet. The runner-up couple will also stay at the Denver Hilton Hotel and will be offered the use of Rollin Rent-a-Car.

As a special bonus, if the winning entry is accompanied by a box top, label or cash register receipt (of reasonable facsimile) from any Revlon product, the winner will receive a set of luggage.

Potluck Dinner, Singer Scheduled At Church

Marin Camp Farthest Out will present song leader Charles King in a program beginning at 2 p.m. Saturday at the Congregational Church, 912 E Street, San Rafael.

A potluck dinner will be held at 6 p.m. at Gerstle Park, after which the group will return to the church to hear a talk by Ray Pitsker at 7:45 p.m., announced Mrs. Harry Karnes of Kentfield, chairman.

Attends Seminar

Raeburn F. (Bill) Hay, of 178 Vista Grande, Greenbrae, attended an industry seminar conducted by the Society of Industrial Realtors in Los Angeles last week. Hay is a vice president of First Western Bank and Trust Co. in San Francisco.

Wrong Way

BUFFALO, N.Y. (UPI) — Walter E. Maugens Jr., 32, decided it was a nice night to take a trip to see his father in Pennsylavania. But his method of transportation tripped him up.

Sheriff's deputies stopped Maugens about 30 miles from Buffalo. He was at the wheel of a stolen bus. He wound up on the receiving end of a $200 fine and was given a suspended three-month jail sentence and placed on indefinite probation.

Hands Aren't Obsolete

BURLINGTON, Vt. (UPI) — A University of Vermont Extension Service dairyman says though "milking machines have long since taken over, the farmer's hands are still vital in milking."

Warren Dodge said, "Starting and stripping cows by hand can be important steps in a good milking program and war against mastitis."

'Mad Mouse' Described As Thrilling Ride

The "Mad Mouse" is loose at the Corte Madera Shopping Center.

Not a real mouse, but one of the most thrilling rides ever to accompany a carnival and circus such as is now in progress at the center.

For the next 10 days the circus, complete with wild animals and clowns, will hold forth at the center — with tickets of admission free for the asking at any of the more than 30 stores in the center.

Highlighting the circus will be one of the last of the old time circus performers, Roy Buble, who brings with him a lion taming act, a dog and pony show, clowns and sideshows.

Star performer will be Baby Boo, the only performing baby elephant in the United States.

Baby Boo, 1,800 pounds of pachyderm, will perform incredible feats of balance, one of her acts being performed on Buble's chest.

Accompanying the circus will be a collection of thrill rides costing $250,000 and including airplane rides, ferris wheels, whips, the "Mad Mouse," and a complete kiddieland in operation for the small children.

ROY BUBLE, one of the foremost wild animal tamers in the country, is caged with a lion, representing one of the many acts to be presented at Corte Madera shopping center free circus and carnival. The circus and carnival will be presented by the merchants in conjunction with the free boat show. The show will close Saturday night. The carnival and circus will continue until Sunday.

Carbons Upheld

CHEYENNE, Wyo. (AP) —The validity of a signed and witnessed carbon copy of a man's will has been upheld by the Ywoming Supreme Court.

The court overruled a district court decision that wills executed by Charles L. Stringer of Gillette in 1952 and 1954 were invalid because they were carbon copies, although duly signed and witnessed.

"There is no special virtue in typing by imprint through inked ribbon than through a piece of carbon paper," Justice Harry Harnsberger ruled.

Vision Obscured

BURLINGTON, Vt. (UPI) — John Soule said his 1959 sports convertible crashed into a hydrant because his eyeglasses and windshield had become fogged during a rain storm.

YMCA Still Has Summer Camp Space

The YMCA of Marin summer camping programs have a few openings available for teen-age boys and girls as well as for younger boys, Alden Stock, local YMCA camp chairman, announced today.

For boys between 7 and 11, registration is still open for Vagabond Day from July 5 to 16, July 18 to 29, and Aug. 1 to 12. Deer Park Canyon near Fairfax is the locale for these sessions.

For teen-age boys and girls, three pack trips in the Sierra Nevada are offered. The first is planned for boys in the ninth and tenth grades, July 9 to 17. The second, for boys, will start July 30 and return Aug. 6, for eighth and ninth graders. The co-ed pack trip for tenth, eleventh and twelfth graders is scheduled July 23-29.

For boys 9 through 13, a YMCA resident camping session at Camp Tolowa in the Santa Cruz mountains is offered Aug. 10-19.

More information may be obtained at the YMCA office in San Rafael.

Ice To Green

MONTREAL (UPI) — Maurice Richard, hockey's greatest goal-scorer, also is an accomplished golfer. The Montreal star shot an 87 in this year's Canadian hockey club golf tournament to finish second behind teammate Jean Beliveau.

Better Late Than Never

BIRMINGHAM, Ala. (AP) — Things take a while sometimes, figures Traffic Sgt. M. H. House. He said a woman came in recently and paid three delinquent parking tickets — two issued in 1951, one in 1954.
